# GERMANS GIVE UP DRIVE AT COMPIEGNE; AUSTRIAN PREMIER QUITS AS CRISIS NEARS

## TWO ENTIRE AMERICAN DIVISIONS IN FRANCE

### Troops Fully Equipped With Arms and Ammunition Made in U. S. Now in Thick of the Battle in French War Zone

### SENATORS WOULD AMEND DRAFT LAWS

### House Military Body Is Furnished Data Showing Production and Shipments of Ordnance and Planes Rushed

WASHINGTON, June 14.—Two complete American divisions fully equipped with American-made arms and ammunition are now in the fighting zone in France, members of the House military committee were told by War Department officials today.

Two other complete divisions will be made up soon.

These troops are in addition to those fighting with the French.

The divisions are commanded by General Bundy and General Bullard and a complete company of American airmen attached to each division. The committee was also supplied with the latest data on production and shipment of ordnance, airplanes and engines.

The remainder of the American troops in France are still brigaded with the French and English, but officials said they hoped soon to have four or five separate divisions with complete aviation and artillery contingents in action.

The first shipment of twenty-four American-made eight-inch howitzers, enough to fully equip a full regiment of heavy artillery, has been made and will soon be followed by others, the committee was told. Two hundred liberty engines have been delivered to the allies and 2000 engines to our own army and navy. This is the high water mark of engine production. Two hundred Hispano-Suiza engines for the fast fighting planes have been produced and the War Department officials say this eight-cylinder engine is now coming into quantity production.

Two hundred Haviland bombing planes have been turned out thus far. The Hanley-Page, the other type of large bombing plane adopted by the department, is not yet in production.

Senator Fall of New Mexico this afternoon offered an amendment to the army appropriation bill which would provide that the Secretary of War shall raise an army of three million men by draft during the fiscal year ending June 30, 1919. All of the men would be called, equipped, trained and used during the year. Provision is also made for the recruiting of three regiments of mounted volunteers from men not subject to draft.

**SENATORS WOULD AMEND DRAFT LAWS**

Immediate amendment of the draft laws specifically exempting citizens of neutral countries is necessary, Senate leaders announced today. They disclosed the fact that a serious situation has arisen over the drafting of neutrals.

The War Department has construed the draft law to mean that unless a neutral claims exemption when he registers he is not exempt afterwards. Many neutrals have been drafted and some have been killed. In some cases they protested vigorously after they had been called into the service. Some of the protests have found their way to their home governments.

The result has been contention between this government and certain neutrals, particularly Sweden. An amendment is being prepared.

## *Famed French Scientist Is Assassinated*

PARIS, June 14.—Professor Samuel Pozzi, noted scientist, vice president of the Academy of Medicine and collaborator with Dr. Alexis Carrol, the famous American surgeon, was murdered in his laboratory last night. The murderer then committed suicide. Neither the identity of the assassin nor his motive is known to the police.

## *Wheat Speculation Still to Be Taboo*

ST. PAUL, June 14.—Speculation in wheat will not be permitted under 1918 regulations of the food administration, according to a reply by the food administration to a telegraphic query by Editor H. B. R. Briggs of the St. Paul News.

## Secretary Daniels Says America Hereafter Is Going to Be Just For Real Americans

### He Thinks That Any Sort of Allegiance to Kaiser Necessitates Immediate Repentance and Thorough Purging

ALBANY, N. Y., June 14.—Warning that America is for Americans alone and that the day for aliens among us is past, Secretary of the Navy Josephus Daniels delivered a thrilling appeal for whole-hearted allegiance for the flag here this afternoon at Flag day exercises.

He declared the place for every man who prefers to live in America is at the ballot box on election day and in the American uniform in the day of crisis.

From those retaining a citizenship—sworn allegiance to America but continued loyalty to the kaiser—the secretary demanded instant repentance "in service in the army and navy and in the fullest consecration of their wealth and their services."

Speaking to thousands of persons at Lincoln park at the conclusion of a gigantic parade headed by the Blue Devils of France, Lieutenant John Phillip Sousa and his marine band, and the flags of the twenty-one nations fighting Hohenzollern autocracy, Daniels eulogized the Stars and Stripes and the flags of our allies.

**SIDE BY SIDE EVEN IN FUTURE'S ACCOUNT**

"In every fold of each flag is a story of aspirations," he said; "in every color is a history of achievements. As they are linked here today the men who love these flags more than they love their lives are brothers in a glorious adventure, true knights in a day of chivalry, fighting that men everywhere may be free and giving their own lives without fear and without hesitation. Though they speak not the same language, their hearts are attuned to the same melody of freedom, they march by the same martial music, they fight for the same love, they die for the same principles and forever will be linked together. In all ages brave men and women shall thank God for their unconquerable will in the day of the world's peril.

"When the lurid flames of war reddened the sky, the 'all highest,' as the German emperor loves to be called, saw the clouds in the political sky.

**SEES DEMOCRACY IMPERILING CROWN.**

"He had seen it grow from the size of a man's hand to large proportions. He understood that unless he could dazzle his people with the spoils of conquest, the spirit of democracy with which the very atmosphere was charged would imperil his crown. The Serbian incident was the match which started the explosion. If it had not given the occasion, some other would have been found.

"On this Flag day the dominant note of rejoicing is not in the glory of a golden age that is gone. It is rather that we live in an age when men and women are enabled by consecration to a holy cause when America is united, as never before in its history, its people are cemented in high resolve and banded together in a noble love and kinship that no peace conditions could impart."

With James W. Gerard, former ambassador to Germany; Governor Chas. S. Whitman, former Governor Martin H. Glynn and Supreme Court Justice William Riddell of Canada, the Secretary of the Navy will again speak at a dinner to be given in his honor tonight.

## WAR STREAM TO FLOW FROM U.S. UNTIL VICTORY

WASHINGTON, June 14.—The American people will send men and materials "in steady and increasing volume until the forces of freedom have been made overwhelming and victory achieved."

This was President Wilson's assurance today to President Poincare of France in response to the latter's message of yesterday on the first anniversary of American troops reaching France.

"It is only by victory that peace can be achieved," President Wilson declared.

The President's cablegram, made public by the state department, said:

"Your telegram of yesterday was certainly conceived in the highest and most generous spirit of friendship, and I am sure that I am expressing the feeling of the people of the United States as well as my own when I say that it is with increasing pride and gratification that they have seen their forces under General Pershing more and more actively cooperating with the forces of liberation on French soil. It is their fixed and unalterable purpose to send men and materials in steadily and increasing volume until any temporary inequality of force is entirely overcome and the forces of freedom shall overwhelming, for they are convinced that it is only by victory that peace can be achieved and the world's affairs settled upon a basis of enduring justice and right. It is a constant satisfaction to them to know that in this great enterprise they are in close and intimate cooperation with the people of France."

## BIG LINER FIGHTS WITH DIVER, LIMPS INTO PORT

### Teuton Admiralty Expects to Declare All the Atlantic Seaboard of U. S. Danger District and Warn Off Neutrals

### CUNARDER AGROUND OFF NEWFOUNDLAND

### Persistent Reports That the British Ship Keenum Fell a Victim to Raider Stops With the Vessel's Arrival in Port

NEW YORK, June 14.—The British steamer Keemun, reported safe in an Atlantic port after being attacked by a submarine last night, has not arrived here. As the vessel was en route here from Manila it is believed she fled into some other harbor to escape the U-boat. Persistent rumors were to the effect that the Keemun had been sunk by a diver off the Virginia coast last night, but the Navy Department is assured of the ship's arrival at an Atlantic port.

The only details available were found in the follwing official announcement by the navy department.

"The British steamer Keeum has arrived at an Atlantic port. A wireless message was picked up last night stating that the vessel was being shelled by a submarine. No other reports were received by the department concerning the Keemun until it reached port."

AMSTERDAM, June 14.—The German admiralty intends to declare the east coast of the United States from Mexico to Canada, thus including the Gulf of Mexico, a "danger zone" and will warn all neutral shipping, according to reports received from Berlin today.

WASHINGTON, June 14.—In view of what has been happening during the past few weeks, officials here today were inclined to regard as a bit of grim humor the report from Berlin, via Holland, that the German Government is about to declare the eastern American coast a danger zone and to warn neutral shipping of its purpose.

**NOTICE IS REGARDED AS GRIM HUN JOKE**

Raiding submarines have already served warning of the danger in more forceful terms than Berlin could formulate in a diplomatic communication. Several of the eighteen vessels sunk by the raiders were neutrals, carrying no war supplies. Neutral governments are not likely to have overlooked that fact, warning or no warning.

LONDON, June 14.—The Swedish steamship Dora, of 1555 tons gross, has been sunk without warning, presumably by a German submarine, according to a dispatch from Copenhagen to the Exchange Telegraph Company. Nine members of the vessel's crew were killed.

NEW YORK, June 14.—The commander of the U-151, one of the German submarines which have been operating off the American Atlantic coast, has been identified as Captain Neustidt, and he served five years as a gunner's mate in the United States navy, according to affidavits of officers and sailors of the schooners Hattie B. Dunn, Edna and Hauppauge, victims of the submarine.

The documents were brought here today by naval reserve officers arriving from Cuba.

The seamen who made the affidavits are those who were picked up by a southbound American steamer after having been held prisoners aboard the submarine for eight days and set adrift. The American steamer took them to Cuba, where they were examined by the naval reserve officers.

The affidavits give details also of the submarine's construction and armaments.

**CUNARDER AGROUND OFF NEWFOUNDLAND**

ST. JOHNS, N. F., June 14.—The Cunard line steamship Ascania 9111 gross tons, with passengers, ran ashore near Rose Blanche, off the southwest coast of Newfoundland, early today, and reports to government authorities here indicated she was breaking up. There were nine passengers aboard and all were taken off safely with the crew. Ships have been sent to her assistance.

LONDON, June 14.—An armed boarding steamer was torpedoed and sunk June 5, with the loss of seven lives, the British admiralty announced today.

STOCKHOLM, June 14. — The Swedish steamer Dora, 1500 tons, has been torpedoed without warning, it was announced today. Nine lives were lost

## STARVING WOMEN GO TO WORK IN WAR ZONE

### Fear of Famine Forces Austro-Hungarian Womanhood of All Classes to Labor Close to the Front Line Trenches

### REACTIONARY PARTY TRIUMPHS IN GERMNAY

### Kaiser Prepared to Crush All Opposition to Imperialistic Demands by the Dissolution of the Prussian Landtag

AMSTERDAM, June 14.—Premier Von Seydler, in an audience with Emperor Karl, Wednesday, offered his resignation, according to Austrian advices received today. The Emperor postponed action until he could consult parliamentary leaders.

ZURICH, June 14.—Serious food riots occurred in Lemberg last Saturday, it was learned today. Mobs plundered shops and military lorries loaded with supplies, bound for the Italian front. The police were powerless and troops were called out. Numerous arrests were made. The authorities asked for 5000 additional troops.

A report was received today that the Austrians have executed M. Podtiolkon, president of the peoples' commissaries of the Don region. Martial it was said. Some peasants were law has been proclaimed in Roston, killed in a battle between peasants and Austrians in Jamboul. The Austrians have occupied several villages.

**FORCED BY HUNGER TO JOIN BATTALIONS**

GENEVA, June 14.—Thirty-six thousand Austrian women and girls of all ages and classes have been forced by hunger to join the women's battalions working close to the front lines, according to reports from the Austrian Tyrol today.

STOCKHOLM, June 14.—The complete story of the defeat of the universal franchise bill in the German Reichstag is given in the Berliner Tageblatt, showing the triumph of reaction in Germany and the utter contempt of the government for its own people.

**REACTIONARIES WIN ON FOURTH READING**

The conservative and reactionalistic bloc was completely victorious in the fourth reading of the bill by a vote of 235 to 164, a large number of Centrists flopping to the opposition. Likewise, there were members of the right wing who feared to oppose the government.

"The reactionary majority puts the patience of the people to a superhuman strain," the Tageblatt said. "In these bitter hours when there are countless sacrifices at the front there are politicians who dare to deny the people the most elementary political rights and seek to place the people into opposing groups in order to disfranchise the whole nation in favor of an industrial clique.

"No word of protest is strong enough for condemnation. We will not stop until the remotest corner of the country learns of the robbery of the franchise from the people."

## *Committee in Senate Passes "Dry" Clause*

WASHINGTON, June 14.—With only five members present, the Senate agriculture committee today tentatively inserted in the agricultural appropriation bill the amendment of Senator Jones of Washington to provide for national prohibition during the war.

The committee struck out the Randall amendment, which would prevent the expenditure of about $6,000,000 under the provisions of the bill unless the President prevents the use of grain and foodstuffs in the manufacture of beer and wine.

Opponents of prohibition announced that efforts would be made to have the committee reconsider its action, in view of the fact that only five Senators were present.

Senators Kenyon of Iowa and Page of Vermont voted for the amendment and Senators Smith of South Carolina, acting chairman of the committee, and Smith of Georgia opposed the resolution.

The committee also eliminated from the bill a House amendment providing that no money appropriated in the measure shall be used in the payment of salaries of persons of draft age who have been given deferred classification while employed in the department of agricultur-

## Great Guns Roaring Along Front on Oise River; Big Infantry Movements End

*(By Associated Press)*

PARIS, June 14.—Fighting on the entire Oise battlefront has simmered down to local actions, the French war office reported today.

A German attack failed in the center of the Oise area. There was active cannonading on the twenty-mile front, between Villers Cotterets forest and Chateau-Thierry. Elsewhere only raiding operations occurred.

A French raid in the Courcelles region resulted in the capture of thirty prisoners. At the Ferme Desloges the French progressed. A German attack failed in the Antheuil sector. Between Villers-Cotterets forest and Chateau Thierry there was active artillery fighting. French patrols took prisoners at Bussiares, west of Rheims and in the Champagne region."

LONDON, June 14.—Raiding operations and artillery fire were reported by Field Marshal Haig today.

"A strong enemy party was completely repulsed southwest of Merris early this morning and a few prisoners were taken," the statement said. "Our raids were successful in the neighborhood of Neuville-Vitasse, Givenchy and La Bassee.

"Several prisoners and two machine guns were taken in advantageous patrol encounters southwest of Gavrelle and northwest of Merville. There was hostile artillery firing in the Villers-Bretonneux sector and the Scarpe valley.

Blocked in the center, the Germans yesterday attacked on the extreme wings of the present battlefront, which includes all the Oise theater and the northwestern portion of the Marne area.

A powerful enemy counter-attack on the two-mile front between Courcelles and Montdidier was stopped before the Germans reached the French positions, the French war office reported.

Between the Aisne and the Villers-Cotterets forest the Germans gained slightly at some points, but their attacks died down at night.

The greater portion of the battle-front between the Oise and the Aisne was "calm," according to the Paris night communique. There was spirited artillery fighting on the eastern portion of the Marne front near Champlat and Rheims.

The German war office announced that "repeated enemy attacks northwest of Chateau Thierry (where Americans are engaged) broke down with heavy losses."

The French counter-attack which threw the Germans back across the Matz was declared by Berlin to have "broken down with the heaviest losses." The enemy claimed a total of 15,000 prisoners in the new drive with 150 captured cannon.

Twenty-one German airplanes and a balloon were destroyed and four enemy machines were driven down out of control in day and night fighting by British airmen Wednesday and Thursday, the war office stated today. Seven British planes are missing. Seven tons of bombs were dropped on enemy objectives.

## INVASION TIDE NOT STEMMED SAYS ASQUITH

BY UNITED PRESS.
LEASED WIRE TO TRIBUNE.

LONDON, June 14.—"The tide of the invasion has not yet been stemmed," Herbert Asquith, former premier, declared in a speech at the Aldywich club today.

"It would be folly to make any forecast of the impending movements, but whatever the issue of this phase, it will not weaken our allegiance to the great purposes for which we are fighting.

"We have reached the stage where more is to be gained than lost by laying before the people all the actualities," declared Asquith. "The people are ready to face any situation."

## *Retired Officer Is Suddenly Stricken*

SAN FRANCISCO, June 14.—Colonel William A. Nichols, retired, U. S. A., dropped dead today as he alighted from his auto at a downtown gasoline service station. He was 62 years of age. Heart disease is given as the cause.

Colonel Nichols was one of the oldest remaining army officers. He was born in New Mexico, entering the service from Kansas. He graduated from West Point in 1877 and was retired after a long and honorable career, March 2, 1914.

## *New Rivet Record Claimed at Bristol*

BRISTOL, Pa., June 14.—A new world's record for driving rivets in a shell bottom was claimed yesterday at the Merchant Shipbuilding Corporation here for Martin C. Hahn, who drove 1875 rivets in 7 hours and 50 minutes. Hahn received $22 for the day's work.

## HUN SOLDIERS EXHAUSTED IN VAIN ATTACKS

PARIS, June 14.—The Germans have been fought to a standstill on both the Montdidier-Oise front and in the Aisne-Marne zone.

Heavy fighting has continued at numerous points, but all of the German efforts to debouch and extend their gains have been smashed.

Powerful attacks were launched against French positions between Courcelles and Mery (southeast of Montdidier), but the Germans were prevented by the French fire from reaching the French lines. The Germans are being held up along the Oise river by patches of heavy wooded ground which the French have fortified. These woodlands also act as screens for great masses of French artillery, which are keeping the Germans under a constant harrassing fire.

Between the Oise and Aisne rivers the new positions have been strongly organized and strengthened.

South of the Aisne the Germans again attacked in the sectors of Couevres-St. Pierre-Aigle and to the west of Verte-Feuille farm. The assaults all broke down and the exhausted enemy was unable to renew them.

North and south of the Ourcq heavy cannonading was followed by infantry fighting.

Fine weather has resulted in a big increase in the air activity and some spectacular sky combats have taken place. French machines have inflicted severe loss and damage behind the German lines, attacking convoys and marching troops.

The "stabilization" phase of the battle has arrived and at many points entrenching is in progress, it is reported.

One French officer who has just arrived from the battle front expressed the opinion that the Germans are now limited to minor operations and that their attacks in the future will be confined to "nibbling" operations. The Germans reserves are fast dwindling and General Foch's masterly strategy has not only held up the German advance but inflicted the heaviest possible loss upon the German soldiery.

## DUTCH GET EVEN ON BOCHES FOR BRUTAL CRIME

YMUIDEN, Holland, June 14.—A mob of Dutch fishermen attacked a hotel in which German airmen are interned, as the result of a submarine shelling the lifeboats of a Dutch lugger which was sunk without warning Sunday. The Huns were saved by the police.

"While we were fishing Sunday, a German submarine appeared and shelled us without warning," declared the captain of the lugger Helena.

"The firing was kept up while we were lowering the boats and rowing away. A shell killed three of the crew and stove a big hole in a boat. We plugged the hole with clothing and kept it afloat. The submarine paid no attention to our plight."

The sight of the bodies aroused the indignation of the fishermen, who tried to lynch the interned airmen in retaliation.

## *150,000 Tons Steel Allotted to Japan*

WASHINGTON, June 14. — One hundred and fifty thousands tons of steel has been allotted to the Japanese government by the War Industries Board, completing the first step in the reciprocal agreement whereby Japan will build ships for the United States. The steel is being rushed to seaboard for quick transportation.

## *Spain to Brave German Submarines*

MADRID, June 14.—The Spanish ambassador to the United States has been authorized to instruct Spanish ships in American waters to transport to Spain such goods as are authorized by the American government, it was announced today.

## COLD STEEL OVERCOMES HUN HORDES AT BELLEAU

### Americans Make Steady Progress by Use of the Bayonet and Cut the Chateau-Thierry-Villers Railway Held by Foe

### STORM TROOPS OF TEUTONS CUT DOWN

### Germans Lose Heavily From Cannon Fire and Continuous Blasts From U. S. Machine Guns; Shock Troops Flee

**BULLETIN.**

**WITH THE AMERICANS ON THE MARNE, June 15 (noon).—Following the first quiet night spent by the Americans in the Torcy-Bouresches sector for two weeks, the Germans began a heavy bombardment of our lines with gas shells this morning. One American unit suffered several casualties.**

WITH THE AMERICAN ARMY AT THE MARNE, June 14.—The steady progress of the Americans in the sector of Belleau wood and Bouresches has cut the Chateau Thierry-Villers Cotterets railway lines, which was previously in German hands.

Information obtained from German prisoners, one Prussian captain in particular, as well as from other sources, shows that the German attack yesterday morning was an imposing operation.

Specially trained storm troops, who had been carefully rehearsed, were brought up from General Von Below's divisions to partake in the assault, and the men were under orders to inflict a decisive defeat upon the Americans, as it was recognized that their morale and confidence had been infinitely raised by their continued successful progress.

**GROUND IS BLASTED BENEATH ATTACKERS**

The enemy found the Americans in strong natural positions, but the Germans were bountifully supplied with machine guns and flame-projectors. Artillery in adjoining sectors was ordered to concentrate a destructive fire for several hours.

The Germans were found to be carrying six days' rations and a tremendous amount of machine gun ammunition. They had figured on storming Belleau wood and Bouresches and digging in there and holding to the positions until they were consolidated at the old lines.

Krupp guns were moved up to support the operation. The attack was utterly crushed before Belleau wood. French and American artillery blasted the ground beneath the feet of the attackers.

**STATION SWEPT AT POINT OF BAYONET**

The Germans lost very heavily, not only from the cannon fire, but from the continuous blasts from the American machine guns. To the eastward the Germans succeeded in debouching from the Bouresches railway station, penetrating along a sunken road. After American machine gunners had poured in a withering fire, the American infantry debouched from the ruins of Bouresches village and swept the station at the point of the bayonet. Many German bodies were found along the road, transfixed with the cold steel. Not a single American was bayoneted.

German machine gunners abandoned their weapons and fled. Minenwerfer squads threw down their mine-throwers and took to their heels, rushing across the field that bordered the road. Later they were rounded up there. Throughout the day German batteries maintained a harrassing drumfire against the American positions. It was exasperating, but a complete failure so far as results were concerned.

PARIS, June 14.—An American general placed a battalion of American troops at the disposal of a French colonel when the latter expressed fear for the safety of his left wing during the French retirement from the Aisne, it became known today. The offer was made when the general visited the colonel in the line through Gandelu, Bussiares, Coroy and Lelleau.

The region described in the despatch is the same area northwest of Chateau Thierry, where American marines and other American units have been fighting for the past two weeks.

ROME, June 14.—An Austrian attack designed to force the important Tonale Pass was broken up by Italian forces, which drove the enemy back and inflicted heavy losses, the war office announced today.

## *Dance Will Help Buy Knitting Wool*

The wool fund committee of the Oakland Chapter, American Red Cross, will give its second dance at Idora Park tomorrow (Saturday) night.

The object of these dances is to raise funds for the purchase of wool for the use of women who are willing to knit but unable to buy the wool. It is necessary for this committee to raise, in its various ways, $3000 a month for wool for the Oakland chapter alone.

Tomorrow night's affair will be prize dance. Merchandise orders and other gifts will be distributed. The only expense attached is an admission fee. The dance will be from 8 to 1.

Mrs. H. S. Bonestell is in charge of the affair, assisted by Mesdames Harry East Miller, Percy Murdock, Jack Martin, Walter Moore, Kenneth Lowden George Wilson, George Norton Wickham Havens, Frank Proctor, Glenn C. Barnhart, Harry H. Haight, A. S. Larkey, Joseph Kelley and others.

## *Millionaire Spring Ends Damage Suit*

Millionaire John H. Spring has settled a suit for $10,500 filed against him by George H. Moore of Honolulu, whose wife, Mrs. Maria Jose Moore, was killed by Miss Dorothy Spring's automobile in 1916. Spring was sued as guardian for Miss Spring, now Mrs. Lyman Covell, wife of a well-known structural engineer. The suit was compromised for $500.

Dr. John C. Pedon, a prominent Honolulu physician, and Miss Spring's fiance was in the machine at the time Mrs. Moore was killed. Later Miss Spring eloped and married Covell.

# DEPORTATION OF BELGIANS CONTINUING

WASHINGTON, June 14.—Deportation and forced labor inflicted upon Belgian civilians by the German government not only continue unabated, but have taken on a new character, according to a memorandum presented to Secretary of State Lansing by the Belgian minister and made public today. The memorandum contains a copy of protest sent to the German governor-general of occupied Belgium by the Belgian Senate and House of Representatives in March.

The deportation of civilians is still being carried on, states the memorandum, especially in the military zone, which comprises the two Flanders and a great part of the provinces of Hainaut, Namur and Luxemburg. During March of this year, 2700 men from all conditions of life have been taken from Lockeren in East Flanders to do military work on the western front. Moerbeke, Wachtebeke and the surrounding region was called upon during the same month to furnish 800 civilians to lay railroads.

The names of all girls and women from 14 to 40 years old was required by the Germans. Some of the boys deported are as young as thirteen and a half years, the memorandum states. High schools and grammar schools have been called upon to furnish their quotas.

Those deported, instead of being sent to Germany as in the past, the memorandum declares, are now being sent to work in the region behind the German front in France and Belgium. The Germans also appear to have changed their reasons for the deportations, the note states. The pretext formerly used, namely, to give work to the unemployed, has been abandoned, and now the deportations are being made on the grounds that by an order issued by the German general headquarters "every inhabitant of the country may be compelled to give his help in case of public calamity, even outside his residence."

Under the new pretext, the German government, says the memorandum, thus continues "to tear the Belgians away from their homes in order to transport them into regions immediately behind the German front in France and Belgium. There they are herded like cattle in special camps, compelled to do work of a military character; many are sent in to the zone of operations and exposed to the fire of Belgian or allied batteries. Besides, they are subject to bad treatment and brutality; their complaints do not reach the outside world, for the military zone where they are sent is strictly closed and no delegate of a neutral power is ever allowed to enter this territory."

# AMERICANS DRILL UNDER HAIG'S EYE

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

WITH THE AMERICAN ARMY ON THE BRITISH FRONT, June 14.—Field Marshal Sir Douglas Haig, commander-in-chief of the British army in France, today reviewed the American troops on a wide plain in this area.

"The Americans filed past with an easy swing step that bore out the opinion of many British experts that they are as fit physically as training can make them. Parading is not supposed to be their strong point, but after a long march to the reviewing ground and a long wait with their heavy packs on their backs, their alignment, step and carriage were excellent.

The review opened impressively with a salute to the colors, while a squadron from the Royal Flying Corps flew over the field and did some acrobatic stunts in honor of their allies. Field Marshal Haig stopped several times to chat with officers while passing along the line.

British officers present were impressed by the physical condition of the men and by their high spirits. The medical officers have had little to do thus far in this zone. The health of the men, whether quartered in billets or camping in the open, has been far above the average. The eagerness of the Americans in getting at their work has made a favorable impression upon the British, who find them quite ready as far as physical training goes. British officers believe that a short period of study of the fine points of modern warfare will make the Americans ready in every respect.

# HUT WILL STAGE RALLY FOR NURSES

Tomorrow will be the last day of registration for nurses desired by the United States for war service. So far sixty-seven nurses have volunteered for actual war work and there have been many enlistments for home defense work.

A great part of those enlisting have done so at the booth in Liberty Hut in City Hall Plaza. Tomorrow night there will be a patriotic program at the hut, and it is expected that by that time Alameda's quota, which is seventy, will be exceeded.

One of the attractions at the hut tomorrow night will be the band from the Alameda plant of the Bethlehem Shipbuilding Corporation. The speakers will be Major C. Ward of the British Pioneers and Jack Lingwood, one of the survivors of the original Princess Pat regiment, who will speak at 9 o'clock. The band concert will begin at 8 o'clock, and there will be several solos, one of them by Gladys Callahan, a 13-year-old girl who also will play with the band. The band is under the leadership of Professor John Murso. The other soloists will be Ed Dyas, cornet; Ed Burke, trombone; M. Medeiros, bass.

## *BEACH KISSER TAKES CASE TO HIGHER COURT*

LOS ANGELES, June 14.—The $15 fine Judge Hawkins of Long Beach imposed upon Angus Sackett, arrested on charge of violating the beach city's anti-spooning ordinance, is only the start of the fun, Sackett declared today. His attorney, he states, has appealed the case and will fight it in the higher courts.

"Why a man could be arrested for kissing his mother or sister under that ordinance," said Sackett.

## *ONE BOY KILLED, 2 HURT, WHEN BLUFF CAVES IN*

LONG BEACH, June 14.—One boy is dead and two others seriously injured as the result of the cave-in of a 60-foot bluff at the foot of Second Place, here.

George Banfield, 10, son of Mr. and Mrs. Eli Banfield, was buried in the avalanche of earth and instantly killed.

Tom Banfield, 12, sustained a broken right ankle and George Morton, 10, son of Mr. and Mrs. S. B. Morton, a broken left ankle, right thigh and internal injuries.

The boys were playing they were miners and were tunneling into the base of the bluff.

## *Mode of Stabilizing Silver State Secret*

WASHINGTON, June 14.—Secretary McAdoo today denied the Senate's request for information as to what steps are being taken to stabilize the value of the American dollar abroad. Asked for the information in a Senate resolution, he replied that in the opinion of President Wilson it would be inadvisable to supply it at this time for fear it might reach enemy countries.

## *Japan's High War Council in Parley*

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

TOKYO, Japan, June 14.—An important council, attended by Prince Fushimi, Field Marshals Yamagata and Terauchi, the premier, Lieutenant General Oshma, the war minister, and others, was held in the general staff office today. A joint conference of the field marshals and the admirals has been summoned for June 10.

# POPE ANNOYED OVER CRITICISM

ROME, June 14.—The "Osservatore Romano," the Vatican organ, publishes a papal autograph sent in answer to an address received by the Pontiff from the Episcopacy of Lombardy.

The Pope complains of the sad period the war is going through and also of attacks from "the enemies of religion to the Supremest Authority, Jesus Christ."

He adds that he is greatly afflicted "not only by the indescribable horrors of this war, which, without parallel in the history of the world, threatens to drag poor Europe to the bottom of an abyss, but also by an insidious and skillful campaign of calumnies and hatred against the person of the Pontiff and his work."

The Pope in a recapitulation of his action since the beginning of the war, says that his efforts to bring about peace have been misjudged and misinterpreted, even his silence about this or that crime being calluminously interpreted, his critics not admitting that "in the present uncertainty of this blaze of passions, it is impossible to inflict condemnation for each crime while all are included, in a condemnation pronounced according to the general principle."

The Pontiff regrets that such a campaign has been conducted not only against the clergy and Catholics, but spreading the seeds of discord among various classes.

## *GEN. PERSHING CONGRATULATED ON ANNIVERSARY*

WASHINGTON, June 14.—Messages of congratulation on the anniversary of his arrival in France addressed to General Pershing, commander-in-chief of the American expeditionary forces, by President Raymond Poincare of France, Premier Clemenceau, General Foch and General Petain were made public here today by General March, chief of staff.

## *Buy Villa Sites for Development*

That the east bay section realty market is promised a revival by the great influx of capital and men engaged in industrial expansion is instanced today by the organization of the Berkeley Marine View Properties, Inc., by County Assessor Joseph M. Kelley and others, who are concluding the purchase of 350 acres of villa sites in Berkeley, from the Villa Sites and Development Company, an auxiliary company of the F. C. Havens interests. The appraised valuation of the property acquired is estimated at $1500 an acre, but the actual purchase figures are not given. The company proposes to develop and place the property on the market. The land acquired is north of Cragmore and Thousand Oaks.

Associated with Kelley as incorporators are George C. Walker, G. H. Wilhelm, Norman de Veux, William Cavalier, Thomas E. Shumate and H. B. Griffith.

# FORD DECIDES TO RUN FOR SENATOR

WASHINGTON, June 14.—Henry Ford has decided to accept the Democratic nomination for Senator from Michigan after being urged to do so by President Wilson. Ford issued this statement:

"At President Wilson's request I have decided to accept the nomination for Senator from Michigan if tendered to me. Realizing that there are exceptional opportunities for service to our people during the present and coming readjustment, I am ready and willing to do everything I possibly can to assist our President in this great work. Every man must expect to make great future sacrifices and be prepared to serve wherever the greatest need exists."

DETROIT, Mich., June 14.—Henry Ford, a Republican, was indorsed for the nomination for United States Senator by the Democrats of Michigan in conference at Lansing yesterday. Resolutions adopted by the conference invited the Republican state central committee to urge other candidates for the nomination to withdraw and unite with the Democrats in supporting Ford for the office.

The action, unparalleled in Michigan politics, was taken, the resolution said, in a patriotic effort to eliminate partisan politics during a crisis in the country's history and to insure united support of President Wilson in his prosecution of the war.

## ARMY CAPTAIN'S WIFE GIVES VIEWS

"That the young-looking woman has everything her own way is surely proven by my experience," says the wife of an army captain in one of the Western cantonments.

"Take my case, for example. My husband, as you know, has been in the regular army for a number of years and the wife of an army captain surely cannot buy many elegant gowns a year; but we are constantly called upon to attend social functions at cities near the post.

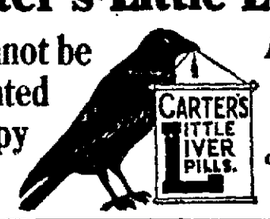

"I find that by keeping myself young-looking and dressing as tastefully as possible within my means, gains at least the captain's admiration, and that is all that counts with me.

"Several years ago I was awfully worried, because of those little gray streaks in the hair which play havoc with your looks. Well, I got rid of them all, however, by using Q-Ban Hair Color Restorer. It's such a very nice preparation—besides restoring my hair it helps keep it healthy. Oh! I wouldn't do without it."—Advertisement.

# SAVINGS MADE IN SCHOOL DEPT.

Through the elimination and consolidation of positions and departments under the board of education, a saving of $12,000 has been accomplished, according to a report made by Superintendent Fred M. Hunter today.

Chief among the changes has been the consolidation of the purchasing agent's office with the manager's office, the reduction of chief clerk to pay roll clerk, a position which A. L. Hannaford recently resigned; and the colsolidation of the office of superintendent of buildings and grounds, formerly held by Frank Wilson, with the office of manager under Dan W Pratt.

Besides the changes in the office department, in the schools, there has been eliminated the position of supervisor of classes for study of the German language, the combining of the position of director of drawing with that of supervisor of drawing, the combination of the psychopathic clinic with the department of reference and research and the combination of the department of speech defect with the primary department.

**ITCHING BURNING ECZEMA ON BABY**

Perfectly Healed in Two Weeks by Cuticura Soap and Ointment. Cost 75c.

"My baby had eczema all over his head. It was in little pimples that broke out in a place about the size of a dollar. Later it got all over his head, and stayed red, burning and itching all the time, and causing his hair to fall out and get very thin. He did not rest well.

"I got a box of Cuticura Ointment and a cake of Soap and in two weeks' time his head was perfectly healed." (Signed) Mrs. W. W. Chaney, Jenkins, New Mexico, Sept. 9, 1917.

Most skin troubles might be prevented by using Cuticura Soap and Ointment for every-day toilet purposes.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. H, Boston." Sold everywhere. Soap 25c. Ointment 25 and 50c.

# NEW ENGINEERING SCHOOL, BERKELEY

Oakland and Berkeley engineers who are anxious to become engineer officers in the American merchant marine, are crowding into the government's free marine engineering school opened at the University of California by the recruiting service of the United States Shipping Board.

It was originally thought that only enough engineers would apply for the one month's free course to enable a new class to be started each month. Because of the heavy enrollment on the east side of the bay Captain C. W. Saunders, the shipping board's recruiting chief for California, found it necessary to open a new class each Monday morning.

Engineers of all kinds—marine, stationary and locomotive—are welcome at the government school. Expert mechanics will also be admitted. Those who haven't any sea service to their credit will be given such service after they graduate from the school and receive their licenses.

There is an urgent demand for engineers for the merchant marine.

The Pacific Coast is expected to furnish several thousand engineers in the near future. Present expectations will be fulfilled if engineers continue to enroll in the Berkeley school at such a rapid rate.

Captain Saunders has opened an engineer recruiting office at 112 Market street, Seamen with 18 months' experience who want to win licenses through the six weeks' course in the navigation school in San Francisco may also apply at that place

The following Oakland men were admitted to the engineering school in the past- week: Eugene R. Cooley, 4601 Fleming avenue, Frank W. Stechan 927 Adeline street; W. D. Broaddus, 1626 Oxford street; Paul J. McAuliffe, 1952 Twenty-fifth avenue; Charles H. Kroeger, 910 East Sixteenth street, and James E. Duffy, 758 Alcatraz avenue

The following have been admitted to the school from Berkeley: A. R. Jones, 1432 Carlton street, John J. Bowen, 2262 College avenue, and William W. McGregor, 1502 Albany Terrace.

## *LABOR DEMANDS UNIONIZING OF WAR FACTORIES*

ST. PAUL, June 14.—Delegates to the American Federation of Labor convention prepared today to consider resolutions demanding unionizing of workers in factories receiving war contracts.

The resolutions describe the American Tobacco Company as anti-union and assert that branches of the firm's plant have been taken over by the government to provide tobacco for men in service.

Bernard M. Baruch, chairman of the industries board, has addressed a telegram to the federation congratulating labor on its loyalty in the war.

## *Brave Naval Men Are Commended*

WASHINGTON, June 14.—Official commendations were given today to Batswains Mate Raymond Pyne, [illegible] and Fireman W. Eyeman, U. S. N., Cincinnati, for bravery in near-drowning cases.

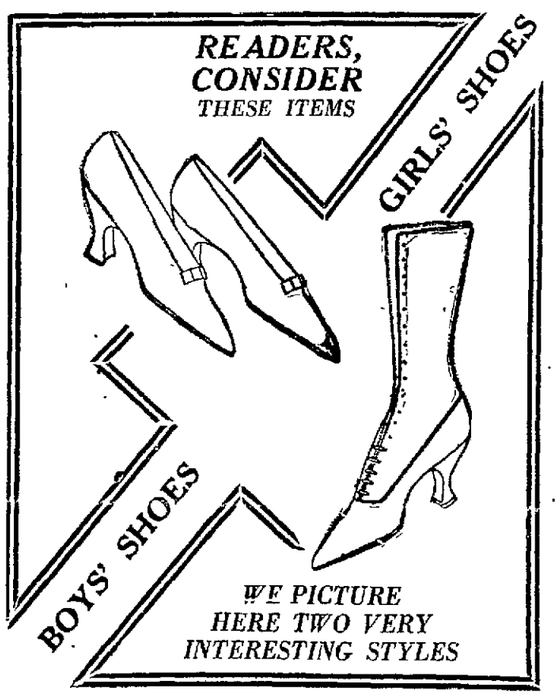

## *Army Maps Found; Spy Suspect Held*

ST. LOUIS, June 14.—A number of valuable maps of army camps and munitions plants and many pages of general military information were found today in the room of Paul Max Kubong, alien enemy, following his arrest here Tuesday. Express tags from parcels being sent to several army officials at Washington were found on Kubong. The parcels were later reported stolen and were found along railroad tracks here. Kubong is said to have confessed to stealing the packages, and, according to the police, dropped them in trying to escape.

# Boy Scouts in Tribune Party Reach Yosemite Valley Today

*Oakland Boy Scouts lined up in the main street of Merced, where they stopped en route to their camping spot in Yosemite Valley*

## Happy Youths of Oakland Joyous Amid Scenic Wonders of Sierras On Last Lap of Trip

Special to The TRIBUNE.

WAWONA, June 14 — The Boy Scout party from Oakland 101 strong left here this morning for Yosemite valley in the three mammoth trucks in which they have traveled up from the bay region They expect to reach Yosemite valley and the Scout camp prepared for them early this afternoon, after being on the road since early Wednesday morning and camping out two nights on the way

The boys camped on the south fork of the Merced river and this morning were up betimes and enjoyed an early morning dip in a pool near the camp before going through their sitting up exercises and partaking of a hot breakfast provided by Mr and Mrs. Bruce Hoover of the commissary department

SEE HISTORIC COUNTRY.

The fact that they are going through interesting country today makes more bearable the discomforts of being crowded into the three monster Fageol trucks, 35 to a truck

The first day's journey was made through the valley and lowland country under a sweltering hot sun After leaving the bay region, where fog and a bay breeze made conditions tolerable, the excursion hit the hot zone, where the only winds were those off the heated stretches of flat land Because of the heat, frequent stops were made to give the boys a rest, recreation and a chance to cool off

Professor A Vander Naillen of the Oakland Moose and Mrs Vander Naillen escorted the Scouts as far as Modesto, where "Van" treated all the boys to ice cream, ice cream soda and candy

BOYS SING AND CHEER.

At each town through which the party passed they sang and cheered, and wherever they halted they were received with the utmost kindness and courtesy The flags, pennants and the buntings carrying the name of the Oakland Council, Boy Scouts of America, of the Oakland TRIBUNE and of the Butler Watch Company through whose cooperation and that of The TRIBUNE the excursion into Yosemite valley was possible, attracted wide attention on the entire trip

PREPARES REPORT.

Professor H Pfund, one of the directors of the party, prepared a report of the trip, which is being made under semi-military discipline, telling of the first day's experiences as follows

'With the Army of Oakland Boy Scouts in the Field

"On the first day of our sortie the enemy attacked with innumerable terrible heat waves Occasionally we lost hats, but recovered all Owing to the splendid Fageol war trucks, we were enabled to advance our lines 122 miles Headquarters Bear River creek, Merced

'Dr J Emmet Clark, chief of ambulance, reports

" Killed in action, none, wounded, none, homesick, none'

'Mr Hoover and wife have taken charge of the commissary department. Everybody content and happy

The Joy of Living.

To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system producing headache and indigestion A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living Try it. For sale by Osgood Bros' drug stores —Advertisement.

## U. S. Asks for Retrial of Anti-Trust Case

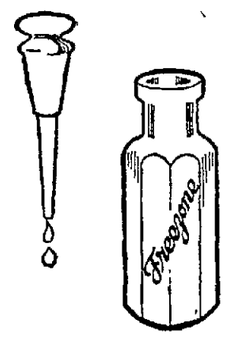

WASHINGTON, June 14—Declaring that the Supreme Court's decision in the United shoe machinery case offers an avenue of escape from the Sherman anti-trust law, and again 'surrounds with doubt" the limitations of the patent grant, the government today petitioned the court for rehearing of the case

## Lift off Corns, Magic! no Pain

Drop Freezone on a touchy corn, then lift corn off with fingers

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation Freezone is the much talked of ether discovery of a Cincinnati genius —Advertisement.

## Oakland Dressmaker Doing Her Bit

Since I was a child I have suffered with stomach trouble and gastric attacks Doctors could only give me temporary relief A lady I sewed for told me of having been cured of similar trouble by taking Mayr's Wonderful Remedy The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers" It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicities One dose will convince or money refunded Osgood's Dept. Drug Stores —Advertisement.

## BRONCHIAL ASTHMA

Mrs Graf Says Vinol Cured Her.

Darlington, Pa.—'I suffered from bronchial Asthma so badly I would often have to sit up half of the night or lean over the back of a chair, and so weak I could hardly walk across the floor I had spent lots of money for different Asthma medicines without help—but Vinol helped me so I sleep well and am so well and strong I am doing all my work on the farm" —Mrs Emma Graf

Vinol is a constitutional remedy, which contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates. We strongly recommend Vinol

# THESE CLUBS ARE NOT EXCLUSIVE

Have you a luxuriant growth of auburn hair? If you have you are eligible to membership in the Red club If your hair shades red or auburn you are eligible If you know a red-headed man (or girl) you are in line for membership in the new Red club If you are color blind and red hair looks green you are still eligible So says Jack Martin, the red-headedest man in Oakland and president of the Oakland Red club

The Red club stand for red hair, red blood corpuscles and patriotism Patriotism will be instilled in every member The membership is limited to nine thousand, nine hundred and ninety-nine in the city of Oakland proper Out-of-town people can become members only by affiliation So don't wait and be number ten thousand, for if you do you will be blackballed for slacking

The only other condition is that each person applying for membership shall pledge himself or herself to buy not less than one hundred dollars' worth of War-Savings Stamps in the next six months. The drive is now on in earnest and Jack is going to find you and sign you up, so it is advisable to beat him to it and send in your application and pledge

Postmaster Joseph J Rosborough has accepted the presidency of the White club, but the color of your hair has nothing to do with your qualifications You must pledge yourself to buy not less than $500 worth of War-Savings Stamps to gain membership in this club

The Blue club will be piloted through the drive of Frank A Leach Jr, who promises to sign up one thousand members who will pledge themselves to buy the limit, $1000 each There are now over fifty Blue club members in Oakland, all paid up and in good standing

June 15 is another dividend day Thousands of dollars will be paid in interest on Liberty bonds This money should all be turned back to the use of the Government—every cent of it.

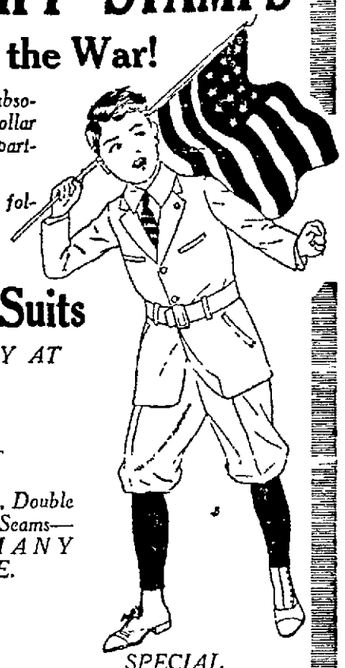

Every bank in Oakland carries Government War-Savings Stamps and the Government now wishes to sell or take pledges for the sale of the entire issue for the year These Baby Bonds bear a slightly higher rate of interest than any other Government security, and they can not fall below par. Instead they increase in value each month They are the cream of all Government securities

Every dollar raised goes to the use of the United States emergency shipping board and for the thousands of dollars invested by Oakland people millions will be expended here through Oakland's shipbuilding plants.

# OLD GLORY'S DAY GREATEST IN ITS HISTORY

One hundred million persons throughout the length and breadth of the United States, their hearts filled with patriotic pride and loyalty, and their eyes a bit dim with the inspirations of the epochal hour through which the nation is passing, paid deep and reverent tribute today to their national emblem on the occasion of the one hundred and forty-first birthday of the Stars and Stripes.

It was nothing unusual—this honoring of the flag. Flags have been honored before—far back in the world's history. On the shores of the Red Sea, when a prophet's wand was greater than a scepter; on the coasts of Britain, where Roman armor littered in the sun; in the hills of Asia, where pennants ripled from the spears of barbarian hosts—tributes have been paid, honors given and prayers said by races that have long since been swept into the maelstrom of history.

**STANDS FOR NEW ORDER.**

Always in the past, flags have spelt the might of kings—the iron hand, the heel of oppression. Today the American flag stands for a new order of things. To the people who owe it allegiance, it represents a possession It is of them, for them and with them. They made it out of nothing and held it against the world. They built it up, stripe upon stripe and star by star. And today, for the first time in history, it is being carried in European countries by legions of fighting Americans, as a sign to all peoples that the reign of kings is over.

In America it means more today to the general run of men and women than just an emblem of patriotism. It stands for commercial and industrial supremacy of a high order. Thousands of workers of all races have those near and dear to them in the ranks which are holding the invading Hun on the west front of France and along other fronts. Those who remained at home are cooperating in industrial plants to help win the war. They stood with high heads today, these workers of the plants, the shipyards, the munitions factories, and the tillers of the fields, with a new thrill of brotherhood linking them all into one great family as the dawn ushered in the birthday of their beloved Stars and Stripes, conscious of new meanings and sentiments toward nationalism, country and life.

**FLAGS EVERYWHERE!**

The reflex of this feeling was seen in the windows and doorways and on the poles of millions of homes Everywhere the eye turned there were flags. Office buildings blossomed with them. Private residences bloomed with them. On the cars, in automobiles, along the sidewalks, people wore them in buttonholes or pinned on lapels and dresses. Street fakirs sold them by the thousands—flags, flags, flags! It mattered not if the design was imperfect, or even if there was little conformity to the proper type of design. Just so the color showed—the red, white and blue, known now to every race of people upon the civilized globe.

The date, June 14, set aside for the official observance of Flag Day, was fixed by the Continental Congress in 1777. The Stars and Stripes first appeared floating over the headquarters of General George Washington, on the heights of Cambridge, near Boston, on January 1, 1776.

The official order of Congress on June 14 read as follows: "Resolved, That the flag of the thirteen United States shall be thirteen stripes of alternate red and white, with a union of thirteen stars of white in a blue field, representating a new constellation."

**FLAG FIRST CARRIED.**

This flag was first carried in the battle of Brandywine, September 11, 1777, and was borne in all the subsequent encampments, marches and battles of the Revolutionary War.

The origin of Flag Day was on June 14, 1889. The originator was George Bloch, who was in charge of a free kindergarten for the poor of New York City. This patriotic educator conceived the idea and put it into execution with his obscure school on June 14, 1889. Instantly, the idea struck a popular chord. It was subsequently adopted by the State Board of Education. Then it was incorporated into the laws of New York, and later was adopted, in accordance with the wishes of the Continental Congress, as a national observance.

**TRIBUTE IN OAKLAND.**

Oakland paid tribute to the flag today with varied programs in different parts of the city. The big observance will be at the Oakland Auditorium tonight, when under the auspices of the Oakland Lodge of Elks, a big patriotic program open to the public will be staged. Miss Lucy Van Der Mark, the singer, will be one of the program features. Addresses will be made by orators, prominent in local and State affairs. Tableaux, community singing and other items of entertainment have also been provided. Flag raising in industrial plants, with pledges of allegiance to the flag, addresses and brief patriotic concerts were held during the day in all parts of the east bay district.

A general invitation to all the east bay parlors of the Native Sons and Native Daughters of the Golden West to attend the impressive flag day exercises which will be held tonight, beginning at 8 o'clock, in Majestic Hall, 431 Twelfth street, has been issued by the general committee in charge. Lewis F. Byington of San Francisco, past grand president of the Native Sons, will make the principal address. Other appropriate exercises will mark the evening. The parlors have invited the members of the Grand Army of the Republic, the Ladies' Relief Corps, the Veterans of Foreign Wars of the United States, the Merchants' Exchange and the Chamber of Commerce.

**PATRIOTIC NATIVES.**

The general committee in charge consists of Harry G. Williams, chairman; J. J. Dignan, secretary; E F. Garrison, treasurer, and Miss Eva Pine, assistant secretary. The committees of the various parlors are as follows: Piedmont Parlor, Mrs. Jennie Jordan, Mrs. Greda Murden and Mrs. A. Hahlar; Aloha parlor, Miss Maud Mitchell, Dr. Victory Derrick and Mrs. May Audiberg; Baha Vista Parlor, Mrs. Mary Wright, Mrs. Kittie Ward and Mrs. Mabel Russ; Bay Side Parlor, Miss Genevieve Wilson, Mrs. Anita Bradley and Mrs. Genevieve Goodfellow; Brooklyn Parlor, Mrs. Silva, Mrs. Evelyn Perry and Mrs. Sadie Deasy; Fruitvale Parlor, Mrs. Mary Harrold, Mrs. Fourier and Mrs. Clue; Bear Flag Parlor, Mrs. Rose Senna, Mrs. S. O'Neill and Mrs. Bergeman; Encinal Parlor, Mrs. May Shade, Mrs. Berding, Mrs. Bourgignon and Miss Augusta Schuman; El Ceresco Parlor, Mrs. Goodman, Mrs. Peters and Mrs. Mary Tuttle; Argonaut Parlor, Mrs. Ada Spillman, Miss Mary Behan and Mrs. Christine Bartlett, Berkeley Parlor, Mrs. Elizabeth Smith, Mrs. Carrie Hall and Mrs. Annie Luhr; Oakland Parlor, Thomas Fitzgerald, E. Houertaine, A. E. Glaze and Harry G. Williams; Piedmont Parlor, James J. Dignan, Charles Morando and William Husing, Athens Parlor, P. Loofbourow, M. Madden and Oliver Hollis; Brooklyn Parlor, Frank Merritt, Henry Vogt and W. Bernard White; Fruitvale Parlor, Willis Edwards, George Hans and M C. McDonough; Bay View Parlor, George Wilson, Roy Shepherd and Frederick Otto; Claremont Parlor, W. I. Forrest, J Peterson and George Phillips; Alameda Parlor, A. Sousa, C. Porep and F Klingman, Halcyon Parlor, Al Behneman, J. C Bates and S E Allen

The program for the exercises is as follows:

"America," Piedmont Parlor, No. 120, band, introductory remarks, Joseph R. Knowland, chairman of the evening; remarks on the flag, State Senator Frank M. Carr; baritone solo, Edward Campbell; music, Piedmont Parlor band, reading of original poem, Fred M. Campbell, orator of the evening, Lewis F. Byington; music, Piedmont Parlor band.

Oakland Lodge of Moose will hold services in the lodgeroom, with Secretary W. J Hamilton directing the services. There will be patriotic speeches, Judge George Samuels making the principal address

*MISS LUCY VAN DER MARK, who will sing at the Flag Day ceremonies given by the Oakland Elks in the Municipal Auditorium tonight.*

# N.D.G.W. HOLD SPECIAL FLAG DAY SERVICE

SANTA CRUZ June 14—Special patriotic services marked the Flag Day observance of the various Native Daughter parlors in convention here today Addresses by persons prominent in public affairs and fraternal lines, with special musical concerts and other features, were included Today marked the formal closing of the convention The announcement of the new board of trustees for the coming year was made this afternoon

The delegates, after a hotly contested election, in which several "dark horses" appeared, concluded their routine of convention business with the election of the following officers for the ensuing year

Past grand president Miss Grace Stoermer, grand president, Addie L Mosher, Oakland, grand vice-president, Mary E Bell, San Francisco, grand secretary, Alice H Dougherty, Livermore grand treasurer, Susie K Christ, San Francisco, inside sentinel, Mary Donelly of Anderson, outside sentinel Sallie Griffin, San Francisco, organist, Lillian B Trov, San Francisco

One of the heated debates of the convention in its closing hours was caused by the attempt to eliminate the secret ritualistic work of the order The plan was for an open ritual The defeat of the idea was due in the main to an address made by Mrs Lillie O Richling Dyer, who pleaded for a retention of the secret work on a basis similar to other women's organizations A plan for the addition of three grand vice-presidents was also lost.

The grand parlor's pet project, the Mills College scholarship of $3000, based upon the same plan as the fellowship fund of the University of California was unanimously approved and adopted The various parlors of the state will contribute on the basis of an honor system, instead of by an assessment schedule The scholarship was adopted after an address by Dr Aurelia Reinhardt, president of Mills College

Jamesville and Standish parlors were merged The consolidation of Chabella parlor of Galt with Ivy parlor at Lodi and that of Vista Del Mar, Halfmoon Bay, with Ana Nueava, Pescadero, was also consummated The judicial session passed upon a plant to consolidate parlors in San Francisco with a membership of less than fifty Alta parlor, San Francisco, is the largest parlor in the order, Joaquin of Stockton, second and Laurel parlor of Nevada City ranks third

## *Men Working Hard to Train for War*

Upon returning to his office today after a visit to his law partner, John Calkins, a lieutenant in a machine gun company at Camp Lewis, District Attorney Ezra W Decoto said that if you ask any of the 52,000 men in camp whether they prefer to go home or go to France, they will say "to France."

Decoto says that there never was a [illegible] of men assembled, and that they are bucking into the game from 5 30 in the morning till late at night, studying the art and science of war as many of them studied their courses at the universities.

### POSSE GUIDE RESIGNS

# OAKLAND MAN IS ENTHUSIASTIC

## Dewey Says He Is Beginning to Feel Like His Old Self Again.

Warren Dewey, a long-time resident of Oakland, living at 3434 Andover street, is still another who has cause to be glad he was induced by the high endorsements of Tanlac to give the medicine a trial In describing his case and failure to heretofore find relief Mr Dewey said

"I have always been a very active man, working every day, until two or three years ago, when I got to where my food seemed to give me little or no nourishment Then I began having pains in my back and sides I almost lost control over my kidneys and bladder and was [illegible] dition that I couldn't get any sound sleep or rest. My back, besides being painful, felt weak and I also had pains in other parts of my body I became very nervous and would get up tired and worn out In the mornings I tried everything in the way of medicines I knew of or heard about, but they seemed only to aggravate my case, as I kept getting worse, and I had become alarmed about my condition

"I was ready and willing to try anything and, as I had tried everything else, I decided to see what there was in Tanlac for me So I got me a bottle of Tanlac and to my surprise and gratification in a short time I found I was feeling better My pain began to lessen, and now I can sleep nearly all night long without being disturbed by my kidneys and bladder My nerves are getting better all the time and I am feeling stronger and more like myself I have only taken two bottles so far but am already convinced that it's the right medicine for me and I am certainly very glad I began taking it I am rid of the pains in my back and at this rate of improvement I will soon be myself again So I am speaking from experience and in recommending Tanlac I feel that I am telling the people of a medicine that will help them

Such statements as the foregoing should appeal to the thousands who suffer from the same troubles Most people who suffer from nervousness and dizziness, stomach and liver troubles kidney derangements and who are in a general rundown condition, simply need something to tone up their system and to assist the vital organs in performing their proper functions Tanlac is a powerful reconstructive tonic and always produces most gratifying results

Genuine Tanlac made according to the latest improved formula, and bearing the name of G F Willis international distributor, is sold in San Francisco and Oakland by The Owl Drug Stores exclusively—Advertisement

How Victor makes a cream sauce

Victor, world famous *Maitre de Cuisine* of the St. Francis Hotel, says:

"In my home I always use evaporated milk in preference to fresh milk. I consider it a necessity of every cuisine. No home, restaurant, club or hotel should be without it.

"Libby's Milk is as good a milk as can be produced. It is a perfect substitute on this market for fresh milk, and better for many purposes.

"Here is a cream sauce to be made from Libby's Evaporated Milk-

"Put in a casserole two tablespoonfuls of butter or vegetable fat (oil). When hot add four tablespoonfuls of rice flour. Heat through, then add one pint of hot Libby's Evaporated Milk and one pint of boiling water, one-fourth of a slice of onion and one-fourth of a bay leaf, and—salt, cayenne pepper to taste. Boil for ten minutes and strain.

"This sauce will keep in a refrigerator or cooler. With it a delicious soup, palatable meat, fish, or vegetable hash can be made at a moment's notice.

"For a cream soup for four persons, take two cups of this sauce and add two cups of any kind of stock.

"For fish, meat or vegetable hash, add enough of the sauce to bind, and put in oven until heated through."

# WIRE STRIKE PLAN HALTED BY PRESIDENT

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

WASHINGTON, June 14.—Evidences that President Wilson intends to see that the recommendations of the National War Labor Board are followed out to the letter was seen today in the text of his communication to the heads of the two great telegraph companies, asking that they accept the board's findings in their controversy with their employees.

The fact that the President had personally taken up the case became known last night with the announcement by Clarence H. Mackay, president of the Postal Telegraph Company, that his company would waive its right to discharge men who have joined a union, and that Newcomb Carlton, president of the Western Union, would send his answer Monday.

PRESIDENT'S LETTER.

The War Labor's Board's decision in the case was that the men should be permitted to join unions.

The President's letter to the telegraph heads, made public today, reads:

"My attention has been called to the fact that the National War Labor Board, after a careful consideration of the questions at issue between the telegraph companies and their employees, have arrived at decision, the essential points of which are embraced in the following:

"1—The employees have a right to join a union if they so desire, and men discharged for joining the union should be reinstated.

"2—The company should not be required to deal with the union or to recognize it.

"3—Committee of employees should be recognized in presenting grievances.

"4—Where employers and employee fail to agree, the question in dispute should be determined by the National War Labor Board.

"5—The telegraphers' union should not initiate strikes or permit its members to initiate them, but should submit all grievances to the National War Board."

Western Union and Postal Telegraph heads moved along different lines today in an effort to arrive at a settlement of the impending telegraphers' strike. The former has issued a call for a convention to meet in Chicago, July 10, at which an industrial constitution, protective of both employees and company interests, will be formed. The latter has, at the request of President Wilson, waived its right to discharge men for union membership during the war period.

The Western Union attitude represents a new departure in national labor issues. Through its president, Newcomb Carlton, it has issued an official announcement, that, at the request of employees, a way had been found for both company and employees' interests to be protected without the interference of outside influences. This is tantamount to a refusal to recognize the union affiliations already established and the substitution of another organization, which eliminates control outside of company channels.

MACKAY WRITES WILSON.

Clarence H. Mackay, president of the Postal Telegraph Company, in his official announcement waives the right to discharge employees for union membership in an order which permits employees "locked out" several days ago, to return to work. The order was accompanied by a copy of the following letter from Mackay to President Wilson.

"In reply to your letter of yesterday, allow me to say that this company has done its very utmost since the beginning of the war to assume its full share of responsibility to the government and to the public and that in order to still further show its sincerity and earnest desire to be of service at this time of national trial, we cannot but respond to your request that we waive during the war our right to discharge employees who join a union and you may rely upon our doing so."

# DE LACEY FREED BUT LAW WATCHES

SAN FRANCISCO, June 14.—Although Lawrence de Lacey, former editor of the "Leader," convicted of violating the conspiracy law in attempting to aid the escape of Franz Bopp and E. H. Von Schack from Angel Island, has been given his freedom on $40,000 bail, he was warned by the commissioner that he will be under close surveillance and retaken on the slightest evidence of any attempt to violate the spirit of his liberation. His bondsmen were likewise informed that they should be regarded as De Lacey's custodians, and held responsible for his appearance in court when wanted.

De Lacey's bondsmen are George Ryan, lumberman, 1229 Hampshire street, who qualified as worth $130,000; Patrick Higgins, manufacturer of hair goods, 2603 Twenty-third street, worth $50,000, and John V. Sullivan, clerk, 2318 Howard street, worth $40,000

De Lacey's conviction was had at the some time that D. J. Harnedy and William Mullane were convicted of attempting to aid the interned Germans. After being admitted to bail, Federal authorities were informed by United States Attorney John W. Preston that De Lacey was planning to leave the country, and his rearrest followed

## *Charges That Wife Cooks in "Nighties"*

Alleging infidelity in his divorce complaint against Mrs. Florence Geer, Paul Geer, her husband, further charges that she insists upon cooking breakfast in her night clothes.

Mrs. Ellen Baker sues for annulment of her marriage to Louis Baker, alleging that he deserted her. She asks the court to restore her maiden name of Ellen Merrill.

Extreme cruelty is charged by Martha Clark against Howard Clark, who she says choked her and drank to excess.

Three divorce complaints today allege desertion. They are, Vinina A. Tate against Arthur Tate, James Buckley against Laura Buckley and Lizzie Mead against John Mead.

ASKS $5000 DAMAGES.

Alleging damages in the amount of $5000 as the result of being hit by the defendant's machine and dragged 75 feet, Charles M. Duer has filed suit in the Superior Court against H Hutchinson. The accident occurred on April 6, at Eleventh and Broadway, and careless driving by the defendant is alleged.

# Stanford Flyer Dies After Battle in Air

# NICHOLS DIES IN HOSPITAL AFTER FIGHT

Alan Nichols, Stanford student whose letters from the war zone published exclusively in The TRIBUNE created such wide interest, gave up his life for the cause in which he enlisted Reported in the despatches yesterday as 'missing' after having flown over the enemy lines on a bombing expedition, he was found later in a hospital, where he died from a wound in abdomen

Despatches from the battle zone do not go into details concerning the manner in which young Nichols met his death, but it is believed from the fact that he first was reported missing, that after he was wounded over the Hun lines, he fought against his wounds until he was able to bring his machine back of his own lines and make a landing, probably far from his headquarters, as some time elapsed before headquarters knew of his fate, further than that he had not returned

Alan Nichols was the son of W. H. Nichols principal of the Palo Alto high school He went to France with the first Stanford ambulance unit and shortly thereafter was transferred to the aviation corps His brother, Jack, also is flying in France For a time Alan was in Saloniki.

In his letters Alan Nichols gave full proof that he realized the extreme likelihood that his life would be forfeited for his ideals, but he faced that realization serenely and never questioned the decision that sent him early in the war to do his all for a cause that he knew was righteous.

The despatches say that Alan Nichols was buried with full military honors at Royallieu

Harold Saxon, of Washington, D. C, reported missing at the same time as Nichols, has returned to his squadron, cable advices say.

**"What's around the corner?" as O. Henry says. What the Sam Hill will we be doing, seeing and experiencing six months, a year, ten years from now?—From the letters of Alan Nichols.**

Alan Nichols' letters, printed last year in The TRIBUNE, were regarded as some of the best that had come out of the Great War. Here are some extracts from them:

I know I'll get a hard life in the aviation service, worse food, more discipline, less free time, and all that, but at least I'll feel that I'm doing my bit And I won't feel like an ass when people write about that "brave boy" stuff

I can see a difference at once in the type of man one sees here, because a man has to be pretty serious to come here at all.

I have long regretted that everything has to be as it is and that this Germanic monster had to bust up all the decent pursuits of every one in Europe and finally of nearly all the world, and take every one away from home and stop all progress and waste all resources.

Don't get the idea that I am committing suicide. Aviation casualties don't run as high in proportion as infantry, and when an aviator does something, he does something.

When I get through I'll never have to worry whether I did my share or not.

Of course, an aviator of the first lot to go over the U. S. troops stands small chances. The Boches will go after us with all that they have. I figure our chances vary inversely with the square of the length of the war.

## Japanese Liner Is Delayed Two Weeks

A PUGET SOUND PORT, June 14—The Japanese liner Otara Maru, now overdue from the Orient almost two weeks, is believed to have been delayed by engine trouble. The Yoshida Maru, which arrived here, reports having spoken the Otara Maru and that it will arrive Saturday.

## Senator's Daughter to Wed Lieutenant

NEW YORK, June 14—The marriage license of Miss Elsie M Calder, daughter of United States Senator William Calder, and Lieutenant Robert Lee Corwin, of Salt Lake, was filed in the marriage license bureau at Brooklyn today. The couple will be married tomorrow evening. Corwin is in the United States navy

# PLAN FAST SAN JOSE BUS ROUTE

There will be a forty-minute automobile service between Oakland and San Jose if the State Railroad Commission rules favorable on the application of the De Luxe Transportation Company for permission to establish a transportation line carrying passengers and freight.

By the terms of the application Hayward will be the automobile terminus at the northern end of the route, connection being made there with the cars of the Oakland Traction Company, for transportation to Oakland, Berkeley and Alameda. A joint rate of $1 has been agreed upon

The application says that arrangements have been made whereby a coupon ticket from San Jose to San Francisco will be sold by the De Luxe Company for $1 10, which will give automobile service from San Jose to Hayward, thence to Oakland via the Oakland Traction Company and thence to San Francisco via the Key Route

The traction company will also sell tickets to San Jose over the De Luxe Company's line and forty-minute service will be provided from 7 a m to 6.30 p m, with hourly service from 6'30 to 9 30 p m The fare between San Jose and Hayward will be 85 cents each way

The De Luxe company proposes to use large electric lighted and heated motor coaches, seating twenty-five passengers, and says that while automobile passenger traffic is now being taken care of over the route it proposes, the machines are touring cars and are usually overcrowded.

# GIRL SOCIALISTS LOSE DIPLOMAS

SAN FRANCISCO, June 14—Investigation was started today to determine how many students of local high schools are identified with the "Young Socialists' League" as the result of the holding up of the diplomas of three seniors in the Lowell high school, following charges that they refused to recognize the American flag The students whose diplomas are held up are Rose Levin, 841 Buchanan street, Malvina Milder 1254 Bush street, and Morris E. Rosenberg, 3378 Mission street.

The withholding order was made at a special meeting of the board of education, when teachers testified regarding alleged socialistic remarks of students. One teacher testified Rose Levin had said that "The Red Flag was good enough for her" Miss Milder was reported to be a member of the Young People's Socialist League, which was recently raided, and Rosenberg is also said to have been connected with the league. Several other students, said to have attended meetings of the organization, are under investigation

## Oh, Joy! Oranges Soon to Be Cheaper

Oranges in California should be cheaper when the next crop comes in, according to the report of the State Commissioner of Horticulture, which says that the crop will be 100 per cent Other citrus fruits, nuts and olives will yield large according to the report. The olive crop is expected to be 100 per cent

Here are the figures for the most important crops, showing in each case the percentage of a normal crop the entire state is expected by experts to produce

Almonds, 70, apples, 70, apricots 70 cherries, 78 figs, 95; lemons, 97; peaches, 73 pears, 80, prunes, 75, plums, 73, walnuts 60, olives 100, oranges, 100

## Wants U. S. to Eat From Kaiser's Hand

SEATTLE, June 14—John Sulles, 54 years old, is eating jail fare today because he is alleged to have declared the United States would be a fine country in which to live when its citizens were compelled to eat out of the Kaiser's hand. Sulles, an unregistered German, was arrested at a logging camp. Federal officers will examine him.

## Tarred Man Again Busy As Organizer

CENTRALIA, Wash, June 14—A committee of Centralia residents has notified the sheriff that Roy J. Edwards, organizer for the Non-Partisan League, who was tarred and feathered at Toledo and run out of Winlock in April, is active in this city Following the Edwards tar party the prosecuting attorney announced he would not allow any more events of this sort to be staged

## Captain Bordwell to Go to Alabama

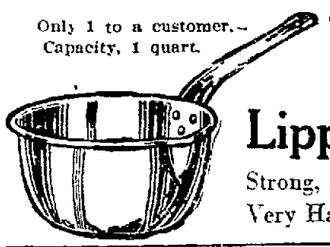

Fred Bordwell, recently commissioned captain of engineers, has received orders to join the Thirty-fourth Engineers, stationed in Alabama. He will start south Monday. Bordwell for a number of years has been connected with the engineering department of the Southern Pacific and has constructed some of the most difficult lines of that company.

## Dresses As Woman He Comes to Salute

CHESTER, Pa, June 14—Masquerading as a woman, Private John Hutchinson forgot himself when he passed an officer and saluted. As a result he was arrested and turned over to the military authorities for punishment. Hutchinson was dressed stylishly. He wore a low-cut gown, high-heeled shoes, white stockings, summer furs and a large picture hat.

Just Where do You Get Off?

(Frank Graham, who has just finished a comfortable dining-car breakfast, sights along the barrel of his cigar and discovers that the man at the wash-stand is none other than his able and sensible friend, Arthur Edwards, salesman.)

GRAHAM: Hello, Edwards! You on this trip—what's that bottle of yours on the window-sill?

EDWARDS: That—I'll tell you by asking you a question.

GRAHAM: (Amused) That's fair enough—go ahead.

EDWARDS: What was the first thing you ordered in the dining car this morning?

GRAHAM: Why, let's see—I needed a little mineral water, and—

EDWARDS: That's it! Mineral water! Well, this bottle here has made me see my last drop of mineral water! That's Nujol. You've seen it advertised, I guess.

GRAHAM: Sure. You troubled with constipation much?

EDWARDS: I'm not troubled with it at all, but I would be if it weren't for that bottle.

GRAHAM: Good, eh?

EDWARDS: Life insurance. I've been on the road a long time. You know, taking orders from a time-table. Well, I've got a good system, but it wrecked me. The hours, the fifty-seven different varieties of drinking water, the small-hotel food, all combined to make me careless about keeping clean inside. Then whenever my bowels didn't act regularly I took a pill or some salts, and pretty soon I had the habit.

GRAHAM: The habit?

EDWARDS: Yes. You know—the "gimme-something-for-constipation" habit; the druggist shoots you a glass of soda with some salts or a box of powerful laxatives. You get action, all right, you feel weak for a day, and next time you need a stronger dose. That habit cost me a three-months layoff.

GRAHAM: As serious as that, eh?

EDWARDS: Yes sir. The company had just taken on an examining doctor for the sales staff, and when my turn came for examination the doctor said, "You quit, right now, until you're well." "I'm not exactly sick, Doc," I said. "You're going to be *exactly* sick," he said, "if you don't do as I tell you. You've got a residue or food-waste in your large intestine; it's getting harder to dislodge every day, and what's more it's decaying and breeding disease germs that spread all through your system. You're sick on your feet right now—the third case I've found today. You fellows on the road are just inviting serious disease through constipation.

GRAHAM: Did you tell him about the cathartics?

EDWARDS: Yes, and he said "More poison—draws all the natural water out of your system—makes it harder to get rid of the waste." He put me on Nujol. And Nujol put me on my feet. And since then it's been keeping me on my feet.

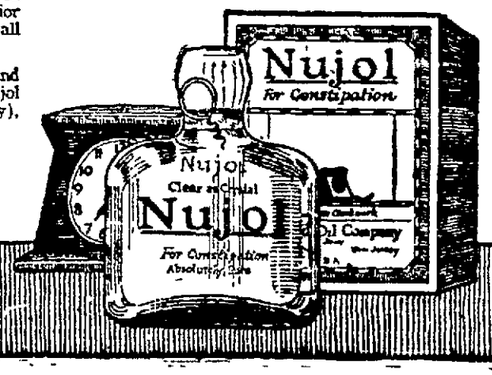

GRAHAM: How do you account for it?

EDWARDS: Just this: Nujol is harmless—has no effect on the system except a mechanical one—softens and lubricates—so your body goes right on *building* while the Nujol works. It works slowly and gently—not like a drug. The more regularly you take it the better you feel. I'd no more be without it than my toothbrush. I'm through with drugs. (He pours out a tablespoonful.) Well, Graham—here's your health!

GRAHAM: *Your* health, I should say! But it's going to be *my* health in the future. Let me take a good look at that bottle so that I can get some when we get in. I guess you've talked *me* into insuring *my* health in a common-sensible way.

For your own protection insist that the druggist give you the genuine Nujol, in a sealed and capped bottle, bearing the Nujol trademark in red—*never otherwise*. Nujol is *absolutely pure and harmless*. Inferior substitutes may give unpleasant results. Genuine Nujol sold by all druggists in the U. S. and Canada.

Send 50 cents and we will ship new kit size bottle to U. S. soldiers and sailors anywhere. Write for attractive free booklet on the Nujol treatment. Section 5, Nujol Dept., Standard Oil Co. (New Jersey), Bayonne, N. J.

"Regular as Clockwork"

# U. S. TO AUCTION MILLER'S ESTATE

The $40,000,000 estate of Henry Miller, California land baron, comprising 1094 square miles in area, will be sold at public auction, the largest ever held in the United States, at the U. S. custom house in San Francisco, Saturday, June 29 to satisfy a governmental claim of $7,000,000 unpaid graduated estate tax.

The property was formally seized by the Federal agents on a warrant issued by Justus S. Wardell Collector of Internal revenue. The action followed an adverse decision against Mrs. Nellie Miller Nickel, Miller's daughter, and J. Leroy Nickel, her husband, by Federal Judge Dooling after the heirs had sought to enjoin the collection of the tax on the ground that other disposition had been made of the property and that Miller owned only $20,000 at the time of his death.

Miller died October 15, 1916. Shortly after the settlement of his affairs the government demanded the graduated estate tax. The selling at auction of the Miller properties marks the passing of one of California's famous institutions—the "dirty plate route." This was established by Miller, who fed every hobo that came to his ranch, provided the man would eat on the unwashed plates of the ranch help.

On account of the extent of the Miller holdings the "dirty plate" route represented a definite line of travel from Washington to Mexico. Its loss will be mourned by thousands of tramps.

## *Score of Drilling Sinn Feiners Jailed*

LONDON, June 14.—Twenty-two Sinn Feiners have been arrested, charged with drilling, said a dispatch from Dublin today.

# COURT BELIEVES WOMAN COMPETENT

Alleging that her sister, Mrs. Anna Tiexera, also known as Anna Silva, owner of 160 acres of land at Hayward, believes in fortune telling and is imbued with the idea that her children want to get rid of her and have threatened to poison her, Mrs. Aurora Perry applied to Judge Joseph S. Koford for letters of guardianship.

The petitioner testified that Mrs. Tiexera, age 72, is incompetent to manage the property, and that she wants to sell the ranch and live in town. Judge Koford questioned the old lady carefully and concluded that she is competent and not the victim of any hallucination and denied the petition. It was shown that Mrs. Tiexera consults with attorneys and business men about her affairs and she promised that she would continue to do so.

RICHMOND, June 14.—Martin Walsh, reported today in casualty lists as severely wounded in France, during the last drive, is a Richmond boilermaker. He was employed in the shops of the Standard Oil Company, where he was familiarly known as "Marty."

The wounded man is 24 years old and during his stay in Richmond resided at 162 Santa Fe avenue. He has no known relatives in this country. His parents live in Ireland.

THE MARINE LIST.

WASHINGTON, June 14.—Sixty-two more marines were placed on the country's honor roll today as a result of the recent fighting in France. Casualty list given out registered eight killed in action, six died of wounds, forty-eight wounded severely.

Major Benjamin S. Berry, New York City, and Captain R. Cauldwell, Crawfordsville, Indiana, were severely wounded in action. The list follows:

Killed in Action—Corporal Francis Joseph Dock, South Boston, Mass.; Corporal George Alex Mincey, Ogeechee, Ga.; Corporal Mearl Charles Alexander, Sharon, Penna.; Sergeant Thomas Henry Wales, Weston, W. Va.; Privates Charles Francis Brown, St. Paul, Minn.; James Bernard Kellum, Marysville, Ky.; James Sherman, Schall, Templeton, Penn.; Corporal Cleo Baxter Davis, Bowling Green, Ky.; Privates Teodor Nowoselski, Union City, Conn.; Edward N. Pope, Hardwick, Vt.; Clarence Riedie, Bristol, Conn.; Charles F. Sturgeon, Bristol, Conn.

Dead From Wounds — Corporal Louis Peterson, Chicago; Privates Keneston Parker Landes, Syracuse, N. Y.; William Theodore Roosevelt Budlong, Marinette, Wis.; Robert Clark Gourley, Waterville, Iowa; Lester M. Arch, Milliken, Colo; Aden Brown, Clyde, N. Y., Corporal Louis Peterson, Chicago.

Wounded Severely in Action—Captain Oscar R. Cauldwell, Crawfordsville, Ind.; First Lieutenants Hugh McFarland, Brownwood, Texas, and Shaler Ladd, Chevy Chase, Md.; Second Lieutenant Max D. Gilfillan, St. Johnsburg, Vt.; Gunnery Sergeant Richard Still Ross, Topeka, Kan.; Privates Frederick Lawrence Dace, Elvins, Mo.; Attilio John Mignacco, 38 Laura St., San Francisco; Bates Bryan, Montpelier, Idaho; Edward Elvin Cabell, Philadelphia; John Krivdo, Murray City, Oklahoma; William Theodore Hayden, Hermansville, Md.; Henry James De Chant, Adrian, Mich; Richard August Powers, Jr., Cincinnati; Daniel Willis George, Greensburg, Pa.; John Francis McCarty, South Boston, Mass.; Claud Marcus, Chicago; Gilbert Ciscero Hudlow, Atlanta, Ga.; Arthur Fistler, Seboygan, Wis.; John Thomas Evans, Cincinnati; Rufus Howard Skinner, Camden, N. Y.; Richard Erick Johnson, Chicago; Gunnery Sergeants Charles Francis McCarthy, Chicago; Cecil Augustus Williams, Akeskill, N. C.; Charles Hoffman, Brooklyn, N. ## 40 Dynamite Sticks Found in Old Box

Contained in a wooden box that was falling into decay, forty sticks of dynamite, a quantity of percussion caps and a small piece of fuse have been turned over to the police following a find made by W. R. Fletcher, a florist of 1010 Twenty-eighth street, last night on the Vincente Road near the Claremont hotel.

Fletcher was picking blackberries when he stumbled across the box, which had evidently been hidden several years. The explosive will be destroyed. The police believe that the dynamite may have been left by road workers.

## Uncle Sam Takes Lifetime Savings

SAN FRANCISCO, June 14—The savings of a lifetime of a sailor and his wife have been seized by Federal officials because the couple did not know of President Wilson's order forbidding the taking of gold out of the country.

Because Mrs. Ricardo Rodriguez feared banks, she persuaded her husband to carry their entire fortune, $155, with him on a trip to Central America. The officers found it and took possession. Because of the nature of the case permission is to be asked of Secretary McAdoo to return the money.

## Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or headachy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle don't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Advertisement.

# CIVIL WAR 'GIRLS' PICNIC TOMORROW

An outdoor picnic and celebration of the Association of the Women and Girl Workers of the Civil War, aged 61 to 65, will take place at Mosswood Park tomorrow. A program of patriotic music and observances of various kinds, the dedication of trees, the reading of greetings from various State governors, and a Red Cross pilgrimage in which other patriotic and allied organizations will participate are included in the program, which is as follows:

Singing, "Star-Spangled Banner" by audience, accompanied by Mrs. S. M. Jackson; luncheon; greetings by Captain Kate Renshaw, introducing Captain W. R. Thomas; Red Cross pilgrimage, all are asked to join in marching to two beautiful trees which will be dedicated, one to Betsy Ross and one to Bunker Hill; Georgiana Hodgman will dedicate the Bunker Hill tree and Mrs. S. H. Wilson will dedicate the Betsy Ross tree. "Long Sword of Bunker Hill," Josephine Ketchern; reading, "Origin of the Flag", making of the flag; return to platform, where Captain W. R. Thomas will introduce Division Commander Mrs. S. H. Wilson for remarks; introduction of John L. Davie, mayor of Oakland; song by E. M. A. Campbell, "Bunker Hill"; recitation "My Daddy's Flag," Mrs. Teresa Sohms; original poem by Fred A. Campbell; song by Mrs. L. W. Owens; reading of greetings from Governors of the United States; singing of "America" by audience.

Officers—Division commander, Sarah H. Wilson; captain, Kate Renshaw; financial secretary, Anna M. Cannon; recording secretary, Sarah E. Wixson; treasurer, Anna Spear; pianist, Sarah M. Jackson; Captain Daily; Captain Howe; Captain Mathews; Captain Boley; Captain McMath; inside guard, Mrs. Anna Hayes.

# PRICE SCALE ON PRUNES IS FIXED

The maximum price of 8½ cents for the 1918 prune crop, approved by the United States food administration, means the average base price for the average quality prune, according to a statement issued by Federal Food Arministrator Ralph P. Merritt.

The maximum prices on grades or sizes, recommended by the growers and approved by Washington, Merritt announced, are as follows:

| | |
|---|---|
| 20 to 30 to the pound | 15c flat |
| 30 to 40 to the pound | 10c basis |
| 40 to 50 to the pound | 9½c basis |
| 50 to 60 to the pound | 9c basis |
| 60 to 70 to the pound | 8½c basis |
| 70 to 80 to the pound | 8½c basis |
| 80 to 90 to the pound | 8c basis |
| 90 to 100 to the pound | 8c basis |
| 100 to 120 to the pound | 4½c pound flat |
| 120 and smaller | 4c pound flat |

The status of existing contracts will be determined later.

Regulations will also be announced relative to sack-test methods which would give the grower the option of securing the advantage of premiums either on sack test or grader test.

Packers and associations are still restrained from buying, soliciting or selling 1918 prunes.

## Find Death Is Due to Heart Failure

Steve Thornberg, a ship carpenter, who died in the police ambulance on the way to the Emergency hospital Wednesday night, suffered an attack of heart failure, according to Dr. E. V. Tiffany, who performed an autopsy at the morgue last night. Thornberg was taken suddenly ill when he returned to his home at 1325 Brush street and his landlady called the ambulance. She at first believed that he had been poisoned.

## Forgets His Back in Dodging Draft

CAMP GORDON, Atlanta, Ga., June 14.—A Georgia negro selectman was being examined by the medical officers and developed a strange case of spinal deformity. He declared he had been afflicted for years. When tried at drill he was so drawn and bent in the back that military service seemed an impossibility. He was taken to the hospital and told an apparently straight story of his affliction. A light dose of ether was administered. When the negro returned to semi-consciousness he raised up, stretched himself perfectly straight, walked about the room and acted normally. Reminded that he was thought a cripple, he again lapsed into a horrible looking deformed soldier, but this time it did not work. "Boss," he said, "dat medsun you all gimme sho' cured me quick."

## WHAT IS AN INTERNAL BATH?

If you were to ask a dozen people this question probably not one would answer correctly, although half a million Americans are now using it with a marked improvement in health and strength.

The Internal Bath of today is no more like the old-fashioned Enema than a Vacuum Cleaner is like a whiskbroom.

Now, by means of the "J. B. L. Cascade," simple warm water cleanses the Lower Intestine the entire length, removes all the poisonous waste matter therein and keeps it clean and pure as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an Internal Bath by means of the "J. B. L. Cascade." You will feel bright, brisk, confident and as though everything is "working right"—and it is.

It absolutely removes Constipation and prevents Auto-Intoxication.

The Owl Drug Co. will explain it fully to you and on request will give you a free book on the subject by an eminent specialist. Ask or send for this free book today, called "Why Man of To-Day Is Only 50 Per Cent Efficient," while you think of it.—Advertisement.

## Hooray! Baby To Rule the House

**No Longer Do Women Fear The Greatest of All Human Blessings.**

Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful penetrating remedy to relieve many dreaded experiences.

Nervousness, bearing-down and stretching pains are among the disheartening and distressing experiences women everywhere say they entirely escape during the period of expectancy by the use of Mother's Friend.

Here is a remedy that softens the myriad of broad, flat abdominal muscles just beneath the skin, enables them to expand without the usual strain upon the ligaments and nerves and assists nature to make it possible for women to go through maternity without many of the dreaded symptoms so familiar to a host of women.

By regular use throughout the period the muscles expand easily when baby is born, and pain and danger at the crisis is consequently less.

Mother's Friend is for external use only, is absolutely and entirely safe and has been used by thousands of women awaiting the greatest time in a woman's life for over half a century.

Write the Bradfield Regulator Co., M-17 Lamar Bldg., Atlanta Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime obtain a bottle of Mother's Friend from the nearest drug store. Begin its use strictly according to directions with every bottle, and thus fortify yourself against pain and discomfort.—Advertisement.

## FRECKLE-FACE

**Sun and Wind Bring Out Ugly Spots. How to Remove Easily.**

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

*Relief from Eczema*

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

# U. S. REJECTS 2-CENT RAISE IN GASOLINE

Efforts on the part of the Union and Shell Oil Companies to advance the price of gasoline 2 cents over the 20-cent mark have met with prompt and emphatic prohibition from Uncle Sam. The United States Fuel Administration, through its representative, D. M. Folsom, has notified the two corporations that the 22-cent gasoline must be restored immediately to the 20-cent mark. And the automobile fraternity is chortling with glee.

Back of the rise in price, which did not include the Standard Oil Company nor the Associated, is the story of a pool between operating divisions of the oil output control factors, of an experiment which did not work, and an attempt that failed. While it is generally admitted that a change in gasoline prices is to be expected as a result of a recent rise in fuel oil costs, today's action of the government establishes as a policy a denial of the right of increase to corporations, without Federal sanction.

**IN OPERATING POOL.**

The oil companies in control of the Western field have maintained for some time an operating pool. Stocks, bonds, securities, financing and general maintenance have in many or most cases been interlocking or overlapping institutions. But they have maintained sales independence and price-fixing latitude, not controllable under the operative arrangements.

It is being freely asserted, however, in oil circles that the tentative raise in prices of the Union and Shell interests was in the nature of an attempt to determine the scope of the Fuel Administration's control. The try-out made by the smaller of the four companies interested in advancing of gasoline charges, it is thought, was in the nature of a test price-fixing experiment, which, if successful, would leave the operative divisions openly pooled and the rate adjusting departments tacitly so.

**RAISE IS EXPECTED.**

High officials of the Standard Oil Company today admitted that there was every reason to believe that the government would permit a material rise in rates, when an investigation into cost charges, fuel supplies and transportation charges was officially completed and a Federal finding issued. It was not thought, however, that any cognizance would be taken individual costs, but that the problem would be handled on the market rather than the productive basis.

The establishment of the policy on the part of the Fuel Administration of standardizing market prices where no direct apparent reason exists for a raise, aside from such as may exist by analytical examination by experts, is declared by oil men to be preliminary to the fixing of a national Federal oil rate, based upon market needs, transportation problems and general supply futurities.

# TO HOLD CONFAB ON TOMATO WAR

Settlement of the disagreement existing between the tomato growers and the packers is expected to be effected at a conference between John F. Neylan, attorney for the growers, and Frank Madison, representing the California Packing Corporation. This method of trying to arrive at an agreement was decided on yesterday after a hearing before Federal Food Administrator Ralph Merritt.

The growers brought charges against the packing corporation of having violated rule five of the federal food administration, which prohibits the sale of food that has been contracted for.

The growers also accused the packers of having solicited and secured contracts from members of the Japanese Agricultural Association who had signed their crops with the association.

A. W. Hodges and Harry E. Chick, buyers for the packing corporation, declared they knew nothing of the existence of the Tomato Growers' Association when they solicited the contracts.

# NORWAY OFFERS TRADE CHANCES

Oakland manufacturers in a number of lines may have an opportunity to market in Norway, through the new War Trade Board rules, under which Norwegian import associations designated may receive consignments of American materials and manufactures by special license from the trade board. Temporary arrangements with the import associations make this possible, but certificates of permit to export that have elapsed since May 10 must be renewed by the exporter.

The various trade associations in Norway now seeking goods are receiving among other supplies the following goods, for the manufacture of which there are factories in Oakland: Paraffin wax, paint, varnishes, chemicals, sulphuric acid, dried fruits, cotton yarn and waste.

Full information may be received from Vance McCormick, chairman of the War Trade Board, in Washington, D. C., or from the manufacturers' bureau of the Oakland Chamber of Commerce, which has copies of McCormick's new statement.

## Retail Margins On Lumber Are Fixed

WASHINGTON, June 14.—The war industries board today announced new maximum retail margins for fir and southern yellow pine for the government's emergency lumber requirements for the period ending July 31, purchased at the Atlantic seaboard.

## French Aviators Fall to Death

LONDON, June 14.—Captain Pearson and Lieutenant Rousseau, French aviators, flying from France to Hounslow, England, were killed when their machine collapsed within 200 yards of the landing station, it was announced today.

## Measure Sanctions Dental Advertising

An unusual number of initiative petitions are being circulated this year to have various measures put on the ballot for the election next November. One of these is the petition to amend the dental law. The amendment has four sections. The first provides that members of the Board of Dental Examiners shall have higher educational qualifications than are now provided by law.

The second puts dentists on the same plane with doctors and follows the medical law. It permits dentists to come to California and practice if they are graduates of reputable dental colleges, have passed some other State board and practiced five years in other states.

The third section provides that it shall be a misdemeanor for any dentist to administer an anesthetic except in the presence of an adult third person.

The fourth section provides that nothing in any dental law shall be construed to mean that it is unprofessional to advertise, nor that the charging of low fees shall be deemed unprofessional.

**INSPECTS MILL.**

VALLEJO, June 14.—E. B. McNear, vice-president of the Sperry Flour Company, accompanied by L. P. Hobart, San Francisco architect, was here and inspected the new mill at South Vallejo on Wednesday.

# BIG THINGS FOR SATURDAY

## ENCOURAGING RESULTS.

In the fighting between Montdidier and Chateau Thierry during the last few days the Allies have shown more spirited and effective resistance than at any other period since the German offensive started last March, except possibly in defending the British positions in Flanders. The example set by the American marines around Chateau Thierry seems either to have had a good effect or to have indicated a determination of all the Allied forces not to yield any further ground except at the heaviest cost possible to sustain. Perhaps both factors are influencing the present tactics.

While the Germans have won some ground, they have had to surrender a large part of their gains and they have suffered enormous losses. The cream of the German army, the shock divisions under Von Hutier, have been stopped and thrown back. At the present stage of the fourth German offensive the advantage lies with the Allies.

The resistance of the Allies must and will continue to grow stronger. America's steadily increasing contribution, together with the extra efforts of England, France and Italy, to add to their combatant forces is more than replacing the losses of the battlefield, while Germany must inevitably grow weaker through the expenditure of accumulated material and the reckless waste of man power.

It may be a longer wait than we wish for, but the final outcome may be anticipated with absolute confidence that the enemy will be beaten.

## THE ATTITUDE OF LABOR.

Throughout the report of the executive committee and the address of President Gompers of the American Federation of Labor, now in convention in St. Paul, the spirit of Americanism rings loud and true. Organized labor has comprehended the issues of the war; its mind being informed, its heart being right and its deeds will be true to the nation's interests. President Gompers has given a text for every laboring man and every citizen of this and the Allied countries, in the following:

"There cannot and must not be a negotiable peace. We are up against the proposition of crushing the Kaiser and Kaiserism. The American workman has presented and must continue to present a solid front against Germany and her allies. In its treatment of the laboring classes the United States is far in advance of any other civilized country, and, now in the time of her need, labor will stand firm in her defense.

"We can repeat with emphasis that now is the time that tries men's souls. If we fail to do our whole duty our fighting men will lose heart and courage and men cannot fight under such circumstances. We may well repeat, 'Let us have liberty or death,' but there is no possibility of losing. The spirit of the men of outraged Serbia, Rumania, Belgium, France, the spirit of '76 in America and of Garibaldi's blood will fight on until the Hun is driven back into Germany. We are in this fight. We must win and will win, no matter how long the contest may last, though God grant it will be done quickly. We hope the spirit of labor in America may permeate the hearts and minds of the German people and they will crush the tyranny that has oppressed and misguided them for so long. If they cannot bring that about it behooves the labor of the world to crush imperialism and autocracy for all time."

Never before has labor enjoyed so full a realization of its power, its importance and the strength of its contribution to the welfare of America. It is a most fortuitous, though natural, thing that at the same time it has realized its duty and the course along which lie welfare and safety. The country may confidently hope that during the war no act will be committed to strike a discordant note upon the splendid declarations of the St. Louis convention.

## WOMAN FARMERS.

Among those who will profit by going back to the farm are women who have no husbands to support. There is a kinship between Mother Nature and women which does not exist between Nature and masculinity. Vines and plants which remain sullen and unproductive under the unsympathetic culture of men will open their scarlet and blue and white hearts and make the air fragrant with their breathings under the gentle touch of woman.

Nature, the universal mother, responds to the call of motherhood from the human. Many women farmers have made competencies by intensive culture of a few acres. They hire men to do the plowing, harrowing and cultivating, but the scientific and artistic work on the little farm is done by its proprietor. The cow will never kick over the milk pail when she pats her and croons gentle greetings. The horse is just yearning to rub his honest old nose against her shoulder, and the incubator chickens remember the good foster mother who nursed them through the roup and other ailments of poultry.

The woman farmer is independent. If she wants a new hat she finds it in the hens' nests. If she needs a new dress there is one hanging on the berry bushes or on the fruit trees, and from the alfalfa field can be harvested new books or a buggy, as the need of the moment may be.

Farm life has been so ameliorated by modern inventions as to become as convenient as city life. The telephone bell rings on the wall the same. The white light illuminates the room at the touch of a button and the phonograph keeps song and speech on tap.

## NO IRISH SOCIALISTS.

Do not let us suffer the folly of a few Sinn Feiners in Dublin to cause us to be unjust to Irishmen in the United States.

There are few, if any, Irish Socialists. An Irishman it is said is, in his voting, always "ferninst the government." That may have been true so far as the British government is concerned. It was never true with respect to the government of the United States.

From the Mexican war to the Spanish war, and during the Civil war, the Irish were found loyally fighting for the Stars and Stripes, and there were no braver or more efficient soldiers. The Sixty-ninth New York and the brigades of Meagher and of Corcoran on many a hard-fought field illustrated their devotion to their adopted country, and during the great conflict thousands of Irishmen "climbed the red path to immortality."

The megrims and dreams of socialism do not appeal to the imagination or the common sense of the Irishman. He loves and he fights, and he loves to do both, but generally he is willing to give a fair day's work for a fair day's wages, and he does not go into a conniption fit about the "unearned increment" of other people, so long as he can obtain his own fairly-earned increments.

He has a penchant for "going on the police." He makes a faithful officer and he never shirks a dangerous duty. In New York City when a thief ran down Fifty-eighth street and jumped over the wall into Central Park, fifteen feet below, he was chased by three officers, a Frenchman, an American and an Irishman. The Frenchman balked at the wall. The American ran around to the Fifty-ninth street entrance to intercept the thief. The Irishman jumped over the wall after the fugitive, landed with both feet in his stomach and captured him.

No socialism for the Irishman.

## COMMERCIAL SLANG.

One of the most confusing things in our language to a foreigner is its commercial terms. He reads in the market reports that there is "great activity" in pig iron. He supposes that pig iron is prancing around and he wonders at it. He reads that hops are "heavy," and he questions whether the weight of them will affect the quality of beer.

Butter is said to be "strong"—it sometimes is at cheap boarding houses. Barley is "off"—where has it gone to? Corn has "recovered" and shows "material strength"—glad that corn has convalesced. Wheat has been "supported in spots"—what spots? Pork is "rising"—let it arise. Let every pig climb to his proper place in life.

## NOTES and COMMENT

Tears of a Stanford girl moved a San Jose justice to free her of a charge of speeding. Recalling the famous lines in the Stanford "Chaparral": "When lovely woman stoops to tears, it moves a man to wines and beers."

* * *

That 12-year-old Marysville lad who burned eleven woodsheds has fired the hero-worshipping hearts of a small-boy population that has come to look upon the woodshed as an institution of correction and labor.

* * *

Motion picture producers will have to change their clergy types. Comes the news that an American pastor crept over a shell-swept battlefield and saved a wounded colonel.

* * *

Chicago prisoner who beat up a cellmate for maligning the United States, was freed and hied himself to a recruiting station. Patriotism is a fertile seed, bearing a splendid flower and growing like an ambitious weed.

* * *

This being the open season for vacations it will be noted particularly at this time that soldiering and paragraph-writing go on without surcease. Fly-swatting comes under the same head.

* * *

A school director and a courthouse janitor having come to blows and everything over the use of the word "liar," reminds one that there's a lot of knowledge not included in present school curricula. A class in prize-fighting, study in first aid and the proper use of expletives, and a course of sprouts for school directors are in order.

* * *

Writes Charles to Ferdinand: "This is a time when kings must stick together." To apply the great American sporting term, they're stuck, all right.

* * *

Alameda man, father of thirteen, is charged with failure to provide. Of course, a married man usually figures on one or two but no man provides for thirteen.

* * *

Today's hottest news: ALAMEDA, June 13.—Heat from a furnace ignited a sparrow's nest in a pump works here. The fire was quickly extinguished by the Alameda fire department.

* * *

It is announced in the same day's issue of the newspapers that the United States will soon have a million troops in France, that Ontario, Cal., has started a prayer drive against the Kaiser and that Marysville will go tobaccoless for one day and buy thrift stamps with the coin saved. All of which are means to the same end.

* * *

Louis Swift's son-in-law isn't a count at all, according to the Paris Figaro. To intern Minotto as an enemy alien was all right, but to accuse his wife's family of picking a prune is an insult to a great American institution.

* * *

The "golden rule" having failed in the treatment of a Berkeley boy burglar, a foot-rule will now be applied.

* * *

To beat a thunderstorm a United States aero postman flew 147 miles an hour. The fact is printed here for the information of those Oaklanders who have waited two days for a letter from San Francisco.

## SPIRIT OF THE STATE PRESS

Chico is to be congratulated on its new hotel building. It will be a great asset to the community. Some day, perhaps, one of our local hotel men will erect such a building, which will be a credit to Marysville. Better to live in hope than die in despair.—Marysville Appeal.

A Lompoc man has succeeded in turning out a highly satisfactory cloth from a mineral composition from the infusorial earth deposits in the Lompoc section. The cloth is made by a Santa Barbara man, who has been acting with the Lompoc inventor, and is both rainproof and fireproof, as it contains 80 per cent mineral property, which hitherto has been utilized mainly as a non-conductor for the making of high-grade plaster. There is a reason to believe, says Santa Barbara Press, that a very large industry will be built up at Lompoc through this notable invention, for which a patent has already been secured.—Salinas Index.

The first thing is to grow food and the next thing is to save it. The farmers of California will have greater crops of grain and other necessities this year than ever before, and destruction by fire must be prevented. Most of the fires which burned food in the fields and on the ranges last year were caused by carelessness. The losses were at least half a million dollars. The money value, however, is only a way of measuring the loss, which must be interpreted in terms of the number of soldiers it would have fed and other parts it would have played in winning the war. Every motorist, camper, hunter and tourist must determine that he will not start a field, grass, brush or forest fire this year. He must make a firm resolve to be careful. He must not leave a campfire burning nor throw away burning matches, cigars, cigarettes or tobacco. He must watch for fires as he travels and give every assistance whenever he sees a smoke, in order that no fire may be allowed to spread.—Stockton Independent.

Estimates by railroad officials and others indicate that there are approximately 4000 empty refrigerator cars lying idle on the various sidings of the Southern Pacific railway between Banning and Yuma and Niland and El Centro, says the El Centro Progress. They are all being held for the cantaloupe crop which is now rapidly moving. Coincident with this comes the fact that shippers of other commodities are finding a hard time to secure any kind of cars and are willing to ship in anything that can be secured. From this has come the broad hint from the government that it is possible the planting of cantaloupes will not be encouraged for another year, because of the fact that it ties up so many cars for such a length of time.—Riverside Press.

## THE SEA WOLVES ARE BARKING AT OUR DOOR

## THE FLAG

By EARL ENNIS.

The world is full o' fightin' men, of every land and clime.
From the Eskimux in Labrydor tu the Hindoo bathed in slime;
And they all has diff'rent kinds o' flags for which they likes to fight
Flags that sets their blood a-tinglin' when they sees 'em in the light.

Well, I ain't a-goin' to discount what a hombre likes to feel,
We're all much like another—for we love and lie and steal.
But I tell yu' out in battle where the boys by thousands die—
And the dark comes in some pronto—it's our flag that hits the eye

It's the way the blamed thing flickers—full of stars like overhead,
When a bullet's gone and got yu' and yore friends is layin' dead;
And yu' fight for breath and livin', wonderin' what the folks'll do—
Damn it, partner, yore sure grateful that it's red and white and blue!

Now the Frenchie is a fighter and he loves his Fleur de Lis,
And the Tommy has another—with a third for Italy.
But I kinda wants Old Glory, when Kid Death is playin' tag—
For a fightin' man likes dyin' 'neath a fightin' kind of flag!

## TODAY 20 YEARS AGO

W. M. Conlay of Madera, grand president of the Native Sons of the Golden West, appointed the following district deputies: J. J. Allen, Oakland Parlor; L. Cobbledick, Brooklyn Parlor; F. Barnet, Piedmont Parlor; Dr. Reynolds, Eden Parlor.

The State Christian and Missionary Alliance met in session in the First Congregational Church. President A. B. Simpson of the National Alliance was the chief speaker.

Sheriff Calvin B. White appointed W. T. Torney, M. P. Manning and A. M. Manning as deputy sheriffs.

The American Ladies' Aid Society gave an entertainment in Armory hall in order to raise funds to assist the needy families of soldiers, particularly those belonging to Companies A and F of the Fifth Regiment.

Liberty bonds as the groom's wedding present featured a certain prominent ceremony this week. Patriotic, certainly, and probably not prophetic.

## THE JESTER

**Business Manager.**

"You'll have to work or fight, Rastus."

"Dey can't touch me, sah. I'se de manager ob a laundry."

"What's the name of the laundry?"

"Martha."—Boston Transcript.

**Premonitory Symptoms.**

A Wyoming man went crazy after mowing the lawn and splitting half a cord of wood. Must have been something wrong with him in the first place or he wouldn't have butted into his wife's work.—Harrison (Mass.) Times.

**Complimentary.**

He—That's a remarkably bright girl I was just talking to.

She—But isn't it rather hard to keep up with her?

He—That's just it. I can't tell you what a relief it was to meet you.—Boston Transcript.

**The Whole Garbage Family.**

Bessie on her birthday received a new doll. Her old one she proposed discarding, so she said: "I think, mamma, I'll give it to the garbage man. He can take it to the garbage woman and she can fix it up for the little garbage children to play with."—Exchange.

## NATIONAL WAR SAVINGS DAY

The National War Savings Committee, which is carrying on, through its state and local committees, a nation-wide campaign to get all the people on or before June 28 to pledge themselves to save to the utmost of their ability and to buy War Savings Stamps with their savings, has given out the following statement:

"Those of us who remain at home while others do the fighting have an ever-increasing number of opportunities to do definite and highly important work for our country. We wish to do this work as an expression of the gratitude we feel in being privileged to continue at our usual tasks, to enjoy the loving companionship of our families, to meet freely with our friends and neighbors, to enjoy all the security of life and most of the pleasures and the economic privileges of peace times while other men, who have had to put aside all these things, are fighting our battles for us on the sacred soil of France and on the high seas.

"Our new opportunity to serve comes as a result of designating June 28 as National War Savings Day, a day on which all men and women and all children of sufficient years to appreciate the day's significance are called upon to pledge themselves to save to the utmost of their ability and to conserve all possible labor and materials for the Government, and to buy War Savings Stamps with their savings. Our part is to do everything possible to make this day stand out among the great days of this period of the war.

"Could any one of us be asked to do less than this? Could any one of us refuse to do so little a thing to win a war for the world's freedom? Could any one of us put aside this plea for saving while all Europe is crying out in its agony to be released from the clutches of the monster that is besieging it to-day? Could we refuse so simple a thing and at the same time ask other men to give their lives that our own precious lives be spared and our firesides be kept safe from the terrors of the Hun?

"Our duty is clear, our privilege is great, our sacrifice is little, our work is important.

"National War Savings Day is to be the great rallying day on which every one in our country is expected to pledge himself or herself to save and economize. This saving and economizing will first of all leave in the markets a greater supply of labor and materials for the use of the Government with which to fight the war. And then the money savings of the individuals are to be invested in War Savings Stamps.

"What the Government asks us to do is to pledge ourselves to buy at definite periods with our savings a specific amount of War Savings Stamps. The thing to be accomplished is to get subscriptions which will take care during the balance of the present year of the unsold portion of the $2,000,000,000 of War Savings Stamps authorized by the Congress to be sold during 1918.

"When one stops to think of the matter, it is really a small thing to raise $2,000,000,000 in a country of more than 100,000,000 people. If everyone would do his share, it would be necessary for each person to subscribe to only $20 worth of stamps.

"The duty of us at home is to see to it that the entire amount is subscribed. We must work to that end. We must add to our already great army of war savers. We must make more sacrifices ourselves and urge sacrifices upon others. National War Savings Day must be made the great success all of us hope for."

## PAT O'BRIEN, AIRMAN, HURT IN ACCIDENT

SAN ANTONIO, Tex., June 14.—Lieutenant Pat O'Brien, Royal British Flying Corps, who is in the United States after having escaped from a German war prison, fell nearly 2000 feet in an airplane here today, but was only slightly injured. He was alone in the airplane over Kelly Field when it fell. He was taken to the emergency hospital. Cuts and bruises about the face and body were his chief injuries.

O'Brien's home is in Richmond, Cal.

## Thief Makes Big Haul in Gems
## Apartment Houses Are Robbed

SAN FRANCISCO, June 14.—Following complaints from half a dozen apartment and rooming houses in which the clever thief stole jewelry, the police are on the trail of a new "Raffles." He takes nothing but jewels, watching apartments and dropping in when the owners are away at the theater. He "works" windows, to avoid being seen in the apartments by accident, and thus has left no description behind him.

**$10,000 LOOT TAKEN.**

Jewels valued at $10,000 were stolen by the new "window artist" between Wednesday night and today, according to the complaint of Mrs. William Mayo Newhall, from her apartments at 2800 Scott street. The apartments had been entered while she and her husband were asleep. The loot included many heirlooms.

The day before, operating the same way, the thief entered the home of Mrs. Roy A. Brown, in the Preston Apartments, 2402 California street, stealing $750 worth of jewels.

**LEAVES NO TRACE.**

The Newhall theft is the biggest single theft reported, and the method by which the thief entered the apartments has baffled the police. No door or window gave evidence of having been tampered with, but it is believed that he "worked" a partly open window and probably locked it and left by the door, throwing on the spring lock. House attaches declare that they saw no one about the Newhall apartments save the owners.

Mrs. Newhall says that she had placed her jewels in a dressing room adjoining her bedroom, and that neither she nor her husband heard any noise. In the morning, she says, she missed the jewels, and after hunting about the place to make sure she had not mislaid them, turned in an alarm.

## SUES WOMAN SHE NAMED IN DIVORCE CASE

Having secured a divorce from her husband, Wade H. Brummal, proprietor of a saloon at 170 Twelfth street, on her testimony that he had been for years unduly intimate with Mrs. Lucy Fairchild, a wealthy Fruitvale widow, Mrs. Mary Brummal has now begun suit against Mrs. Fairchild for $10,000 damages for alienation of her husband's affections.

The complaint charges that since 1913 Mrs. Fairchild has sent many valuable presents to Brummal and written him many endearing letters, the result of which was that he told his wife he was sorry he had not married Mrs. Fairchild in the first place, because then he wouldn't have had to work for a living, and threatened to kidnap their 3-year-old child and take him to Mrs. Fairchild.

The divorce complaint alleged many further acts of cruelty on the part of Brummal toward his wife. Judge Everett J. Brown gave her an interlocutory decree of divorce, custody of the child, $25 a month for the child's support and a division of the community property.

Mrs. Brummal alleges in the damage suit, filed today in the office of County Clerk George E. Gross, that Mrs. Fairchild conceived and harbored an intense dislike of the plaintiff and that she connived to prejudice her husband's mind against her and coaxed him away from their home.

## WAR CLASSES AT TECHNICAL HIGH

For the first time since its construction the Technical high school will be open during the summer vacation period for important classes in which there have already been 200 registartions, according to announcement of Superintendent Fred M. Hunter today. The classes will open next Monday morning at 9 o'clock and continue until noon. There will be evening classes convening at 7:30 o'clock and continuing until 9:30.

Various subjects, many of them calculated to be of advantage to youths contemplating entering the army or navy service in vocational occupation, are in the course of study. Chief in importance of these are the classes in raido instruction, the acetylene weld and in electrical work. Other subjects are typing, stenotyping, accounting, shorthand, civil service, business English and spelling.

Arthur Fonseca, instructor at the Berkeley aviation school, will be in charge of the raido classes and Ralph Jones will have charge of the electrical shop. Pupils entering the classes are required to pay a deposit of $1.

In the announcement of the courses, Superintendent Hunter states that students now enrolled in the continuation classes of the public schools will be given preference in enrollment. Special permission must be obtained for admission of students under 17 years of age. The classes are primarily to prepare students for immediate service and preference will also be given high school graduates.

## *INSTRUCTOR IS CONVICTED IN BATTERY CASE*

A. Vanderbilt, instructor of manual training in the Intermediate school, at Twelfth avenue and East Nineteenth street, was found guilty by Police Judge George Samuels today on a charge of battery preferred by George P. Duncan, a 12-year-old student in the school. He will be sentenced tomorrow.

According to the testimony of the boy, Vanderbilt knocked him down and then slapped him. The trouble arose, he said, when he won a picture of a baseball player from Vanderbilt's son, and the latter refused to give it to him. He says he took the card away and the father then interfered with force to recover the photo.

## *First-Time Drunks Fined Ten Dollars*

Police Judge George Samuels threw consternation into the ranks of twenty-two "drunks," including one woman, this morning, when he diverged from his customary procedure in releasing them on pleas of guilty after a night in the city prison and fined each $10 or five days in jail. Nearly one-half of the defendants signified intention of paying the fine. The others were sent back under the clock.

This is the first time that first offenders have been thus summarily dealt with in the police courts. The lists of intoxicated has so increased recently that the courts have decided to take sterner action hereafter in dealing with them.

## THELEN QUITS STATE BOARD TO AID BAKER

Max Thelen, president of the State Railroad Commission since January, 1915, today wired his resignation to Governor William D. Stephens, to accept an appointment from Secretary of War Baker as surveyor of purchases for the war department. He will begin his new activities at once. His work will consist in the inspection of all government supply contracts.

Thelen is a graduate of the University of California and Harvard and is a former attorney for the Western Pacific railroad. He acted as attorney for the railroad commission during his earlier work and was made president upon the death of Commissioner John Eshelman. He was formerly a lecturer on international law in the University of California.

Thelen is first vice-president of the National Association of Railway Commissioners, a member of the Phi Beta Kappa and Phi Delta Phi fraternities and a prominent member of the Commonwealth Club of San Francisco. He is the author of the public utilities act of 1911 and the "blue sky" law of 1913, and joint author of numerous other public utility regulations on the state statute books. His home is in Berkeley.

WASHINGTON, June 14.—Secretary Baker today appointed Max Thelen of San Francisco to be supervisor of war contracts under Quartermaster-General Goethals. Thelen is to be in the office of Brigadier-General Hugh S. Johnson, recently placed in charge of all war purchases. He is to have complete control of contracts and will act in cooperation with Assistant Secretary of War Stettinus.

## *War Service League to Hold Open Meeting*

The regular open meeting of the Oakland War Service League, district No. 12, will be held tonight in the assembly hall of the Washington school, Shattuck avenue and Sixty-first street. A very good program has been arranged and a large attendance is expected. There will be two good speakers, several musical selections and motion pictures.

**GRADUATE AS ENSIGNS.**

William Callaghan, of Oakland, and Jack C. Richardson, of Berkeley, have been graduated as ensigns from the Naval Academy at Annapolis.

**Lemon Juice For Freckles**

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Advertisement.

By H. A. MacGILL
Creator of the Hall-Room Boys.

# Harry Krause Pitches Oaks to a Win, While Seaton Does Same For Slipping Seals

## Meantime Salt Lake Wins Three in Row From Angels to Pull Farther Ahead of Bunch

By Carl E. Brazier

*Harry Krause pitched the Oaks to a win over the Vernon Tigers. For the moment that report from the south takes precedence in public interest over the whisper that Bill Prough and a certain Oakland catcher, presumably Danny Murray, will be playing with the San Francisco Union Iron Works team in the Shipyard Baseball League within the next two weeks. For Krause came through with some real honest-to-goodness pitching to blank the Tigers, while his mates staged a great ninth-inning rally to do all their scoring for a 3-to-0 win.*

*Tom Seaton pitched the Seals to a win over Sacramento. For the moment that report from the Oakland grounds yesterday takes precedence over the whisper that "Babe" Pinelli and Ted Easterly may be among those missing from the Sacramento Coast League lineup when the Moore shipyard team calls its roll some of these days. For Seaton did some real pitching also; to be sure Herb Brenton deserved a better fate, as he was no more responsible for a run than was Seaton, but the breaks of the game were with the Seals, who go down in the book as 3-to-1 winners.*

*But in the meantime, the Salt Lake Bees were taking their third straight from the Angels, and as they were playing far off in Utah, where the traveling expenses are heavy, it may be that the shipyard activities have not made any impression on public interest. But it is a safe bet that more than one player on those two clubs was thinking of shipyard possibilities, as a 7-to-2 Salt Lake win put the Bees still farther out ahead and began to make it look as though the Bees may run away with the pennant honors of the league.*

### CHRIS GIVES OAKS START.

A perfectly good scoreless tie game for the regulation nine innings was all smashed up by the Oaks when Harvey Christensen started things against Charley Chech in the south yesterday. For eight innings, the game had been going along at a snappy pace with Chech having just a bit the edge on Krause. For in eight innings the Oaks had hit Chech safely only four times while Krause had been touched for five safeties. Each pitcher issued one walk during the game.

But how those Oaks did cut loose at the expense of the veteran Vernon heaver in the ninth. Christensen opened with a single and Roxey Middleton followed right along with another safety, beating out an infield hit when he only meant to sacrifice. Hack Miller put down the sacrifice and there were Oaks on second and third and Charley Chech was in trouble. Rube Gardner connected for his first hit, just as had Christensen and Middleton and two runs were in. While the play was being made for Middleton at the plate, Gardner rounded to second and he scored when Pop Arlett connected for the fourth single of the inning. The Tigers had not a chance to worry Krause in their half of the ninth.

Christensen at short and Wares at second had another good day and the new keystone combination of the Oaks is beginning to look better every day according to the reports from the south. Wares handled a total of ten chances around second yesterday.

### SEATON IN GOOD FORM.

On the Oakland lot, about the smallest crowd of the season for this side of the bay turned out to see Tom Seaton come through with what comes close to being his best game of the year. The Seals won, 3 to 1, in a game that did not include a single earned run, so there is not much argument needed to establish the point that there was some good pitching cut loose. Herb Brenton, who is coming to be recognized as the original hard-luck heaver of the league, was the victim of errors in every Seal run; an error also figured in the only Sacramento run.

But despite the six errors that would indicate a rather loosely played game, there was plenty of interest from a baseball viewpoint and there was plenty of good playing. Tom Seaton did not issue a walk and only five men reached first against him. Of those five, one scored and another reached second—the other three did not live to go beyond first.

### FEW COYOTE CHANCES.

The first scoring came in the second frame when Griggs singled to left, stole second and continued to third when Mc-Kee's throw went wild; Wolter backed Hummel up into the far right and porter of the lot for his long fly and Griggs scored. That finished the Coyote scoring. In the fourth, Pick kicked Rodgers' grounder just long enough to spoil his chances of getting him at first; Willie flied to Hummel and Griggs popped to Downs; Wolter shot an easy roller towards right and Jerry Downs booted it, letting Sacramentans on first and second. But there they died when Maggert took care of Easterly's fly.

In the last five innings, Sacramento batters hit only two balls past the Seal infield and both of these counted for the only two men who got on the paths in that time. Easterly singled to right with two gone in the seventh—the first hit that had been made off Seaton since the first man up in the second inning. But Easterly died on first while Seaton took care of Downey's grounder for the third out. With one gone in the eighth, Brenton singled to left but he hesitated just long enough in making up his mind to try for second so that Herb Hunter had time to get the ball to Roy Corhan to nail his man at second.

### HUMMEL SHOWS SPEED.

The Seals came right back after that Sacramento run in the second frame and tied the count. With one gone, John Hummel cracked one into right for a single. On the hit and run with Corhan, Hummel kept going around second when he saw that Pinelli and Downey had both gone after Corhan's grounder and had left third uncovered. Both fielders tore back for the bag to take the return throw from Griggs. The throw was perfect and was well-timed, but Downey could not hold it as he was running; the ball went through ..... and Hummel had plenty of time to score before it was recovered.

Downs opened the fourth with a single but his mates could not get the ball past the infield and the chance was lost. But in the fifth, a couple more Sacramento errors gave the Seals a chance that they could not pass up. Seaton opened by dumping a pretty bunt and going to second when Brenton threw the ball away in trying to field that bunt. Maggert in trying to field that bunt. Maggert two out, Hunter kept the inning open by drawing a walk. With Seaton on second and Hunter on first, the double steal sign went out and Easterly obligingly heaved the ball to left field to let Seaton score and Hunter continued to third. Then Hunter decided to take a chance and came home on his chin to steal another run.

### UMPIRE IN TROUBLE.

That steal of home was but one of many plays when Umpire Jack McCarthy was in hot water. The players were riding him all through the game until it became monotonous. To be sure, Jack made mistakes, but he is doing his best to call them as he sees them, so what's the use of kicking. And the boys who are picking on Jack might go into a little detail to explain just where a better umpire could be secured right now.

Five double plays were staged by the Bees to cut off almost every chance that looked like an Angel run yesterday; two of the double plays came when the bases were filled. So it looks as though Lefty Leverenz has only his fielders to thank for a 7 to 2 win that boosts him still higher among the pitchers as the best winning heaver in the league. He issued eight walks and the Angels bunched up their eight hits with these walks at just the right time to be dangerous in all but about three innings. But each time that Bee infield came to the rescue to cut off the chances.

### MILLER HAD SIGLIN HIT.

Ward Miller and Paddy Siglin each connected for two two-baggers for the biggest part of the damage done to Paul Fittery. Billy Orr hit three times out of four. Killifer was the only Angel who could hit Leverenz, connecting for three in as many times at bat.

The win for the Bees yesterday puts Salt Lake a full three games ahead of the second place Angels, a lead that looks mighty big unless the Angels can come through with a couple of wins in the remaining three games of the series. Vernon lost a chance to get nearer second place yesterday and is still two games behind the Angels; Sacramento is a game and a half behind the Tigers; the Seals are two games behind Sacramento; and the Oaks in the cellar are two games behind the Seals and eleven games behind the league leaders.

---

The E. K. Booth team of Centerville will come to Hayward Sunday to do battle with that team at the Hayward high school ground. It should be one of the best independent games on the Sunday program, as both clubs have been meeting victories with much success. The Booth team sure deserves credit for the class of ball that it has been putting up, and it is no wonder that the fans of Centerville are giving their support. The Booth team has played six games this season, and won every one of them. Guess that is not a good record for a young ball club? The game at Hayward Sunday afternoon will start at 2 o'clock.

# Shipyard Clubs Will Play First Game on Coast League Park Here Tomorrow

## Al Kogler Or Roy Francis to Oppose Gibson in Promising Battle—Central League Meeting

By Eddie Murphy

Tomorrow afternoon will witness the first game of the Shipbuilders' Baseball League played at the Oakland Coast League grounds, and will mark the first time that Oakland fans have been able to witness any kind of league baseball on Saturday afternoons. Saturday and Sunday afternoon baseball at the Oakland Coast League grounds for the summer time is the program which the Shipbuilders' League has mapped out, and it is possible that after July 1 the Shipbuilders' League will also stage games at San Francisco on Sunday mornings. As the opening program at the Coast League grounds, the Alameda Union Iron Works and the San Francisco Union Iron Works team will meet, while on Sunday afternoon fans will be entertained by the Hanlon & Moore shipyard teams.

The games already played in the Shipbuilders' League have drawn out some good crowds, considering the poor accommodations which were offered the fans at the other parks. And now with high-class playing field and plenty of good accommodations for the fans, it is expected that the shipyard boys will play before some big crowds. There is no reason why Saturday afternoon baseball at the Coast League grounds should not pay, particularly with the Shipbuilders staging the games there. Saturday afternoons are half holidays for the shipbuilders, and with the games starting at 3 o'clock, the fans will have plenty of time to get out before the start of the games. But, of course, the games which the shipbuilders will stage will have to be of a class that will reward the fans for their trouble, and at present the managers are working hard to strengthen their clubs, so that they may give the fans what they like. The game tomorrow afternoon will not have much to do with upsetting the pennant dope, but just the same the boys promise to put up a fast game. Either Kogler or Roy Francis will be in the box for the Alameda team, while George Gibson will work for the San Francisco side. Al. Kogler, pitcher, and Joe Britos, manager of the Melrose Merchants, have landed positions at the Alameda Union Iron Works, and it is understood that Kogler will pitch for the Alameda club tomorrow afternoon. Kogler is a good pitcher, and if given the proper support should experience little trouble in getting by in the Shipbuilders' League.

### BENHAM MANAGING MOORES.

Artie Benham, the niftiest little left-handed pitcher in the semi-pros, has taken a hard task upon himself for next Sunday at the Coast League grounds. Benham has undertaken to manage the Moore shipyard team in place of Joe Tobin, who will play with the Alameda Union Iron Works commencing next Sunday. Benham will not only manage the Moore team in its battle with Hanlon's club next Sunday, but he will also do the pitching and try to keep the Hanlon team from cinching the Shipbuilders' League pennant for the present season, which will end two weeks from Sunday. Benham is determined to keep the Hanlon club from getting away with the flag without having to put up a real fight for it, and yesterday saw the left-hander out seeking the services of some players. Benham has not yet announced the signing of any players, but it is a cinch that he will be able to give the Moore plant a fast team, as he is well known to all the boys in the semi-pro, besides several professional leagues, and should not have much trouble in landing some players.

### A SOUTHPAW BATTLE.

Benham is traveling about with a slight limp to his steps due to an injury he received in a game at Golden Gate park last Saturday, and which kept him from pitching for the Moore team last Sunday. But Artie says that the injured member will be all healed by Sunday and that he will be ready to resume mound duty. Bill Kenworthy, manager of the Hanlon team, announced last night that he will surely start Gene Caldera in the box. Boys, it looks like the fans are due to witness a great contest to be put up by the Shipbuilders for the first Sunday game on the Coast League grounds. Benham and Caldera are old rivals at the pitching game, and should put on a fine pitching battle. The Sunday afternoon game will start at 2:30 o'clock, and Jake Baumgarten will do the umpiring.

---

Joe Britos, manager of the Melrose Merchants' team of the Mission League, was in the office yesterday and Joe is confident that his club will give the San Jose Bears another great argument, if they don't beat them. The Melrose club opened the season against the Bears and lost a great eleven-inning game to them by a 1 to 0 score, and it was only last Sunday that Melrose pulled the Best Tractors from the league leadership with a 3 to 3 beating. Britos says that harmony again reigns among his players, and that he feels almost certain that his team will return to Oakland Sunday, claiming a win over the San Jose Bears. The Bears are tied with the Best Tractors of San Leandro for first place, and if the Newark Wedgewoods can do their bit and trim the Best Tractors at Newark, the Mission League race will pick up a lot more interest from the fans. At Fruitvale Recreation park the Fruitvale and Alameda teams will settle a little tiff.

The members of the Melrose team will meet in front of the auto stage station on Clay street between 11th and 12th streets Sunday morning at 9:20 o'clock.

---

Tonight at 8 o'clock is the time for the managers and the directors of the Central California League to get together at an important meeting which will be held at the Maxwell Hardware Company, 1320 Washington street. Tonight's meeting will be important because the question of the ball clubs traveling to Vallejo to play the Marines getting more money will be brought up. When the league was formed it was understood that all teams traveling to Vallejo would not expect to receive any more than their expenses. But that was agreed to because it was explained to the managers that all the gate receipts would be turned into benefit purposes, but it is said that all the gate receipts at Vallejo are split among the players of the United States Marine Corps team. So the other managers figure that their players have a right to get in on the splits, if any are made. So there is liable to be a little trouble popping unless the teams traveling to Vallejo are to get more than their expenses.

---

It may be necessary to keep Managers Tom Cahalan of Crockett and Otto Dietrich of the Richmond Elks well separated from each other tonight. Sunday is the day set for the staging of the big first-place battle between the Elks and Crockett at the sugar town, and, of course, there is bound to be a lot of rivalry between the two managers at tonight's meeting. The Elks and Crockett will be battling at Crockett, while the United States Marine Corps, who are also tied with those two clubs for first place, will be picking on the tail-end Commission Merchants at Vallejo. The game at Crockett may be billed as the feature one in the Central California League, but it will have very little on the one at Pittsburg when it comes to a warm contest. The Don Lee Cadillacs will travel to the steel town to meet the Columbia Steel Company team, and at the way the Cadillacs have been showing form they will make things hot for the Pittsburg club.

---

Louie Legg, manager of the Santa Fe Improvers, announces that his team is booked to meet the Vitt Grays Sunday and that he will trot out Carol Land in hopes of putting a dent in the winning streak of the Grays.

---

At last Lisle Ingersoll, of the Santa Fe Improvers, has regained his batting eye, and he promises to give many a pitcher worries when he draws the old bat from his shoulder.

---

Now that the Shipbuilders' league has decided to play ball on Saturday afternoons, the Chamber of Commerce team will lose the services of Joe Dooley, whom Frank Woodward had picked to catch most of the games for the Commerce boys.

---

Babe Hollis, the Richmond pitcher, has kept his word and joined the navy. He enlisted as a yeoman yesterday and will take up his new duties next week at San Francisco. It is not expected that his enlistment will keep him from pitching for the Richmond Elks, as it was understood when he went to enlist that he would be free to pitch for that club.

---

Jerry Lawlor will not act as a secretary for the Oakland Commission Merchants' ball club. Jerry says that he never did say he would do such a thing for the Commission Merchants' Club, and wants it understood that he has no more connections with them.

---

"Red" Torkelson, the big Cleveland pitcher who has been the cause of a lot of talk because of his great pitching for the Quartermasters of the Presidio, left yesterday for the real field of battle, much to the sorrow of Tom Cahalan, the Crockett manager. "Red" had been doing mound duty on Sundays for the Crockett club in the Central California league, and Cahalan was figuring on having him to pitch in the big game at Crockett Sunday afternoon, when the sugar town team will meet Richmond in the first place battle. But still Cahalan will have Del Crespit to rely upon. But what will Tom do when the Seals are playing at home?

---

Jack Goldie, the semi-pro boy who was with the Seals up to a couple of weeks ago, has joined the Quartermasters, and should make a good player for that team. Bill James, the Boston star, is with the 63rd and is doing some good playing for Tim Harrington's club.

---

Baseball enthusiasts of the different army and navy stations around the bay will gather at meeting this afternoon at Recreation park, and discuss the possibilities of getting together and starting the Army and Navy league which has been planned for some time.

---

The Quartermasters will meet Duffy Lewis' sailors of Mare Island in a Red Cross benefit game at Sonoma Sunday afternoon.

---

Spike Elder is expected to be wearing a Melrose uniform again commencing next Sunday. Manager Britos has offered him a new contract.

---

P. Morgan, manager of the Booth Packing Company team of Centerville, certainly deserves credit for boosting the game back to its own at Centerville. When Moran announced that he was to start a team at Centerville, many laughed and said that he would be unable to make it pay. Moran has fooled the wise ones, and each Sunday he is able to have one of the local teams travel to Centerville and be able to pay their expenses.

---

Monte Allen, who played first base for Vitt's Grays a short time ago, has joined the navy, which means another name to be put in the Bushers' Roll of Honor.

## Shipyard League

STANDING OF THE CLUBS

| Club— | Won. | Lost. | Pct. |
|---|---|---|---|
| Hanlon Shipyard | 7 | 1 | .875 |
| Moore Shipyard | 6 | 2 | .750 |
| San Francisco Union | 2 | 6 | .250 |
| Alameda Union | 1 | 7 | .125 |

GAME TOMORROW

Alameda Union Iron Works vs. San Francisco Union Iron Works, at Oakland Coast League grounds, 3 p. m.

GAME SUNDAY

Hanlon Shipyard vs. Moore Shipyard, at Oakland Coast League grounds, 2:30 p. m.

## Marines Even Up the Series When Hamilton Lays Off

Rod Murphy's Marines are even with Duffy Lewis and his bunch of sailors. But at the same time the marines do not feel any too sure of just how they are going to come out in the series for the Mare Island service championship. For when Earl Hamilton, former big league heaver, worked for the sailors in the opening game, the marines were completely tamed. Yesterday when the second game of the series was played, Hamilton did not pitch and the marines managed to squeeze in a 6 to 4 win to even things up. The score:

| | R. | H. | E. |
|---|---|---|---|
| Marines | 6 | 10 | 3 |
| Naval Camp | 4 | 10 | 3 |

Batteries—Kepner, Larkin and Drolette; Lap, Kulp, Peek and Elliott.

# GREAT OLD REMEDY FOR SKIN DISEASES

S. S. S. Clears Skin of Eruptions, Drives Poison From the System.

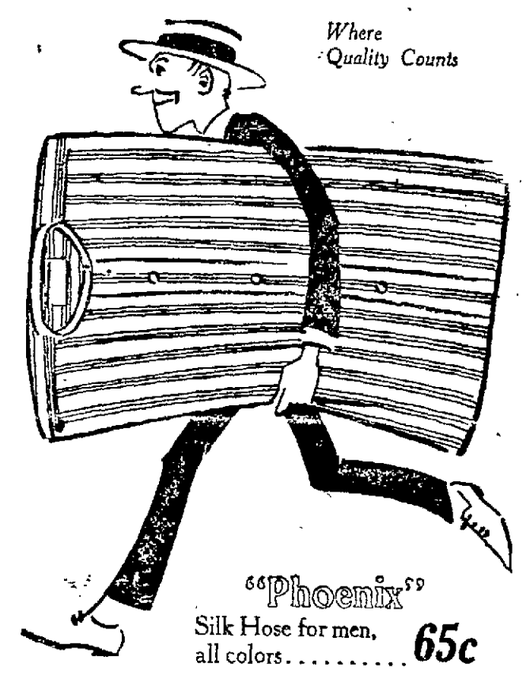

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning, itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions and salves would be necessary. Agree with us in this belief and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your trouble, and finally make you entirely well. Fifty years ago S. S. S. was discovered and given to suffering mankind. During this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood, and may be followed by the sufferings from torturing skin eruptions. Therefore be sure. Don't take chances, don't use lotions. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice. Address Medical Director, 438 Swift Laboratory, Atlanta, Ga.—Advertisement.

# Kruvosky to Meet Miske at S. F. Tonight

### Transbay Heavyweight Has a Heap of Confidence; Irwin to Referee.

"Knockout" Kruvosky, the San Francisco heavyweight, is all primed for the hardest fight of his ring engagements, when he meets Billy Miske at Dreamland Rink in San Francisco tonight. It looks to be a big jump for Kruvosky to meet a man like Miske, but when one waits to figure that Meehan has held the St. Paul boxer to a draw and Kruvosky has beaten Meehan, it is not strange that Kruvosky should be matched with Miske. Miske has battled the best heavy-weights in the game, among them being Fred Fulton and Jack Dempsey, and if Kruvosky can get by with the decision, or at least hold him to a draw, he should be doing well. The San Francisco heavy has cleaned up everybody in his class around the bay outside of Miske, so if he should win tonight he will have to go elsewhere to secure opponents, unless the bay cities promoters are able to bring some other heavies out here.

In his previous bouts at San Francisco Miske has been forced to fight men heavier than himself, but it will be just the opposite tonight, as Miske will enter the ring being from 12 to 15 pounds heavier than Kruvosky. Weight is not worrying Kruvosky, and he has all the confidence of beating Miske. The question as to who would do the refereeing of the main event, was settled last night when the promoters announced that Toby Irwin would be the third man in the ring. Jack Reddy tried to make them use Spider Kelly, but it has been understood all the time that Irwin would referee, so Toby will be on the job at Dreamland to make it look like the old times.

Two special events follow some good preliminaries. In the feature special Frankie Farren will meet Willie Hoppe for the lightweight championship of the coast, while in the other special Jimmy Dundee of Oakland will meet Joe King Leopold.

## Kruvosky Will Box Spud Murphy Sunday On Picnic Program

K. O. Kruvosky and "Spud" Murphy, heavyweights, will mix for four rounds in the main event of a boxing card to be staged Sunday in Glen Park in conjunction with the annual reunion of Division No. 2 of the A. O. H. Harry Feisinger and Eddie Miller are billed for the special event, and Louie Brown and Joe Perry will open the show. A varied sport program has been prepared, including track and field events, relay races, and picnics sports of all sorts. The games committee includes John Deveney, James Smith Jr., Thomas Conroy, Charles Smith, John T. Connelly, Peter McDevitt, William White, and Peter McGinty.

## Fast Horses Entered for Oakland Stadium Races Next Sunday

The Oakland Stadium and Driving Club will stage its second program of races next Sunday afternoon at its course at the west end of Twentieth street. Four races will make up the afternoon's entertainment for the harness fans, with three entries in the first two, and four in the others. J. P. C., the mare owner by J. Doran, and who won last Sunday's feature event, will appear in the fourth race. The entries for the races, which will start at 1:30 o'clock, are as follows:

First Race—2:30 class: Firebaugh, E. [illegible] Albaugh, W. F. Silva; Sleepy Dick, W. Rutherford.

Second Race—2:20 class: Grand W., G. W. Meader; Howard's Comet, P. Howard; Lennie C, J. Compton;

Third Race—2:35 class: Fancy, J. D. Johnston; Jewell Hal, Percy Dixon; Sam, O. Neubaumer; Pronto, E. Richards.

Fourth Race—2:25 class: J P C, J. Doran; Willie K, E. Stinson; The Moose, C. Haley; Dolly Gray, Joe Murphy.

# MARRIED LIFE

## Drawings for Tennis Play at Berkeley, Starting Tomorrow

The Pacific coast tennis championships will be played on the Berkeley Tennis Club courts, beginning tomorrow. Matches will be played on Saturdays and Sundays until completed. Following are the drawings:

Men's singles—Kinsey and Holland, Levy and Weiss, and Roberts plays the winner. Holmes and Bates, Isaacs and Detrich, Griffin and Parker, Stickney and Smith, Greenberg and Klein, Nerson and Quinn, Norton and [illegible], Batkin, Strauss and Hanson, Barker and Englefield.

Men's doubles—Hanson and Smilie play Kennedy and Baker, Greenberg and partner play the winner. Griffin and Parker plays Boone and Breeden, Young and Downing play Smith and Stickny, Kinsey and partner play Bates and Batkin, Klein and Levy play W. Smith and Beetens, Holmes and Ratcliffe play Detrich and partner.

Junior singles, boys—W. Smith plays C. Smith, Allen Shatley plays T. Martin, W. Parker plays the winner. A. Ross plays Merkle, Kinsey plays L. Martin, Griffin plays Beetens.

Women's singles—Miss Mitchell plays Mrs. Ellis, Miss Thorne plays Mrs. Newell, Mrs. Clute plays Miss Schoomaker, Miss Parker plays Miss Male and Mrs. Henry plays the winner. Miss Baker plays Miss Brarens, Miss Leimert plays Mrs. Cushing, Miss Wirtner plays Mrs. Wolcott, Miss Myers plays Miss Mehl, Miss Clark plays Miss Tarlton.

Junior girls, singles—Miss Cereghino plays Miss Law, Miss Hilliard plays Miss Newman, Mis Gunzburger plays Miss Egan.

## Kruger, Kahanamoku and Lane Hang Up Swimming Records

DEL MONTE, June 14.—"Stubby" Kruger, the backstroke champion, set a new tank record in the 100-yard backstroke here yesterday, cutting off the former tank record held by Harry Hebner, and equalling the world's record for the distance made by himself in open water at Honolulu. His time for the hundred was 1:08 1-5.

Duke Kahanamoku broke his own record for the 150 yards in the meet today, making 1:30 4-5. His best previous time was 1:32, which was made in Australia. Duke also gave a number of exhibitions.

Clarence Lane lowered his own record for the 50 yards when he sprinted to the line in 23 2-5 seconds. His best time previous to this meeting was 23 4-5 seconds. Lane came within 2-5 of a second of the world's record held by Duke Kahanamoku.

The meet was staged by the Del Monte auxiliary of the Red Cross and a large sum was raised by the Hawaiian swimmers.

## Expect Swim Records to Be Broken at Neptune Tomorrow

Some more world's records are expected to be fractured at Neptune Beach tomorrow when the wonderful Hawaiian trio, Duke Kahanamoku, Stubby Kruger and Clarence Lane, start out to set marks. The Duke is going after the 110-yard record. Lane will attempt to smash the 50-yard mark and Kruger expects to make new time in the 60-yard backstroke.

Kruger and Lane have broken several records lately in the sprints and the way they have been going lately makes the tank experts think they will do even better Saturday.

The Duke and his party, chaperoned by Owen Merrick, will leave for Portland, Oregon, next week where they will give a number of exhibitions. They will later go east visiting the principal cities.

## Electric Boys Will Meet Commerce Team

The Western Electrics will be the club which will try to put a stop to the winning streak of the Oakland Chamber of Commerce Club at Bushrod grounds tomorrow afternoon at 3 o'clock. The Western Electrics have held the Commerce boys to a tie, and also given them a beating by a ninth inning spurt. McCreary will be in the box for the Chamber of Commerce, and hopes to avenge the beating which the electric boys put on him the last time they met. Draper and Johnson will be the Western Electric battery.

Bill Llewellyn continues to make a hit by catching for the Des Moines team in the Western League. Bill is catching regularly, and hitting the pill likewise. The other day he won a game for Des Moines when he banged out a double and single that accounted for three runs of a four to three victory.

Clifford Hurston, a brother to "Tiney" Hurston, the Fruitvale outfielder, is over in France, according to a letter received by "Tiney." Clifford is known as a boy who played with several of the local bush teams.

## Northwest Results

PORTLAND, Ore., June 14.—Aberdeen defeated Portland here by a score of 3 to 2 in a game that was featured with a pitching battle between Davis for Aberdeen and Arkenburg. The latter pitched the best ball, but failed to get the support. The score:

| | R. | H. | E. |
|---|---|---|---|
| Aberdeen | 3 | 6 | 2 |
| Portland | 2 | 6 | 3 |

Batteries—Davis and Rowland; Arkenburg and Lee.

VANCOUVER, B. C., June 14.—(P. C. I.) Seattle dropped another game to Vancouver yesterday by a score of 3 to 6, despite some heavy hitting by the visitors.

Score:

| | R. | H. | E. |
|---|---|---|---|
| Seattle | 3 | 11 | 3 |
| Vancouver | 6 | 13 | 2 |

Alexander and Richie; Slattery and McNulty.

## Butchers to Have Day at Idora Park

Swimming, diving, plunging and games and races of all kinds, both on land and in the water, will be included in the big program of sporting events to be held next Thursday, June 20, at Idora park, when Butchers' day will be celebrated under the auspices of the Butchers' Board of Trade of San Francisco and Alameda county.

There will be special events for members of the trade. One of the features which promises to be especially interesting will be a race for soldiers' sweethearts, which has been added to the program by request. Army and navy men will be out in full force for the games. All athletes will be guests of the committee in charge at a big banquet following the games.

The sports committee includes: Bill Harper, Ed Nolan, L. Schultz, J. L. Wilbur, John Pachiner, Abe Shapiro, W. Pitts, J. Rush, R. N. Weiss, E. Hunnies, Jack Hayden and Ben Miller.

## Ex-Coasters Star in Great 19-Inning Game at Philadelphia

St. Louis and Philadelphia battled to an 8 to 8 tie 19 inning game in the National League yesterday afternoon, and it was Bradley Hogg, the former Los Angeles pitcher, that did the best pitching of the nine that were used. Hogg went into the box for Philadelphia in the seventh inning after Mayer had allowed St. Louis to tie the score 8 and 8. Hogg blanked the opponents until the sixteenth inning, when he was taken out to allow a man to run for him. Davis took the box and finished the two innings. A couple of times Hogg passed runners to purposely fill the bags, and then pull out safely. It required four hours and a half to play the nineteen innings, darkness causing a halt. Bancroft got two hits and scored as many runs for St. Louis, while McGaffigan went hitless, but handled 14 infield chances without a boot, as did Bancroft. Fitzgerald broke into the big game as a pinch hitter, but failed to connect, while Eddie Burns was at bat two times and scored a run. Heathcote, lead-off man for St. Louis, hit a homer, triple, double and single. He is a recruit from Pennsylvania. Brooklyn defeated Pittsburg 2 to 1, Cutshaw getting a single for Pittsburg, and Schmidt going hitless. Brooklyn defeated Cincinnati 6 to 0. Olson got a hit and scored a run, while Johnston failed to hit in three attempts. Charley Hollocher drove out two doubles, a single and scored three runs to aid Chicago in beating the Giants 8 to 4. Zeider hit two doubles and scored a run for the same club, while Killefer, who was Phil Douglas' battery mate for the same club failed to hit. Joe Wilhoit was at bat two times for the Giants and failed to connect.

Joe Gedeon got two hits, scored a run and stole a base when St. Louis defeated the Washington Americans 2 to 0. Dutch Leonard pitched a 6 to 0 win over the White Sox, whom he allowed 5 hits. Hooper hit a double and single for Boston while Leonard got a hit and scored a run. Weaver, Gandil and Risberg all failed to find Leonard for a hit. Detroit defeated Philadelphia 10 to 2. Heilman got a home run, single and scored a run for the Tigers, while Spencer and Young got a hit and each scored a run, and Virt went without getting a hit in five trips to the plate. New York defeated Cleveland 3 to 2 in a 10-inning game. Bodie got a double, single, sacrifice fly and scored a run for the Yankees, while Peckinpaugh and Walters each got a hit.

## Duffy Is Under the Weather; No Bouts for Next Week

*East bay fight fans will go without anything in the way of an offering on this side of the bay next week.* That's the way things shape up now. Tommy Simpson of the Emeryville club had planned to show next week with Jimmy Duffy and Willie Hunnefield as his headliners. But Duffy is not feeling at his best and rather than take a chance of the local boy not being able to travel his best gait, Simpson has decided to hold off his show for another week.

The Shipyard Athletic Association had planned to stage a boxing program next Tuesday evening, but everything is not rosy with the matchmaking end of the shipyard fight game and the chances are that there will be no card for a while. At any rate there will be no card next week; the shipyard boys will meet Monday night and the possibility of a card the following week will be discussed at that time.

## Fielder Jones Quits Job As Manager of St. Louis Americans

ST LOUIS, June 14.—Fielder Jones, manager of the St. Louis Americans, has resigned, the resignation to take effect immediately. James Austin, third baseman, will succeed him temporarily.

President and Principal Stockholder Phil C. Ball stated that it came as a surprise to him, and that there had been no friction between Jones and the club owners. He said Jones' showing with the club had been satisfactory. The announcement of Jones' retirement came from the former manager himself.

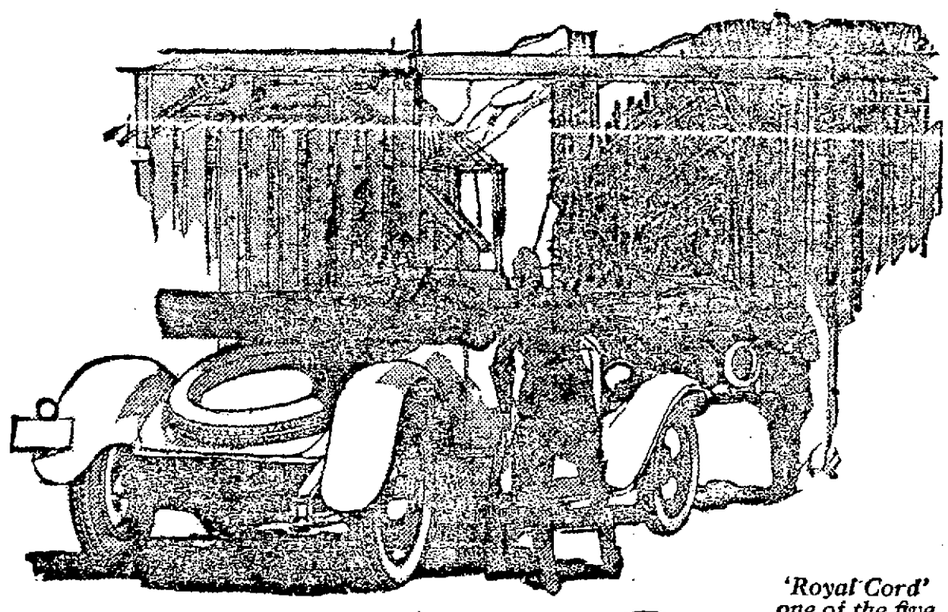

"There is nothing connected with the business management of the club which influenced me to quit," he said. "I have tendered my resignation to Phil Ball and will leave for my home in Portland as soon as I close some business matters. My relations with Phil Ball have been most pleasant. I feel that I am unequal to the strain attached to the management of a major league club, when I do not have to depend on baseball for a livelihood."

St. Louis, June 14.—Fielder Jones, who today resigned as manager of the St. Louis American Baseball Club tonight announced that the only reason for his unexpected action was that he wanted to get back in the commercial field. He will depart Saturday for his home in Portland, Oregon, where he has large timber holdings.

A committee of players visited Jones and asked him to reconsider his action and remain with the team. Officials of the Browns also urged Fielder to withdraw his resignation.

Jones said he would not withdraw his resignation and declared he was through with sport. It is said that his large lumber holdings have become important with the growth of the shipbuilding industry.

"My resignation has nothing to do with the club's playing," Jones said. "The boys are playing as good as desired and the club's chance for the pennant is not slim in any wise. I'm tired traveling around with the club and want to retire.

# The War-Time Value of Good Tires

Your car is a vital war time necessity if you make it contribute to war work and war service.

Make it give the limit of service.

But don't add one extra dollar to your driving expenses.

War-times make economy imperative. Practice it in operating your car or truck.

*Keep down your tire costs.*

Use *good* tires—United States Tires.

Increasing thousands are recognizing the war-time value of United States Tires.

They are getting away from haphazard tire buying.

They are buying mileage—choosing tires that give most miles per dollar.

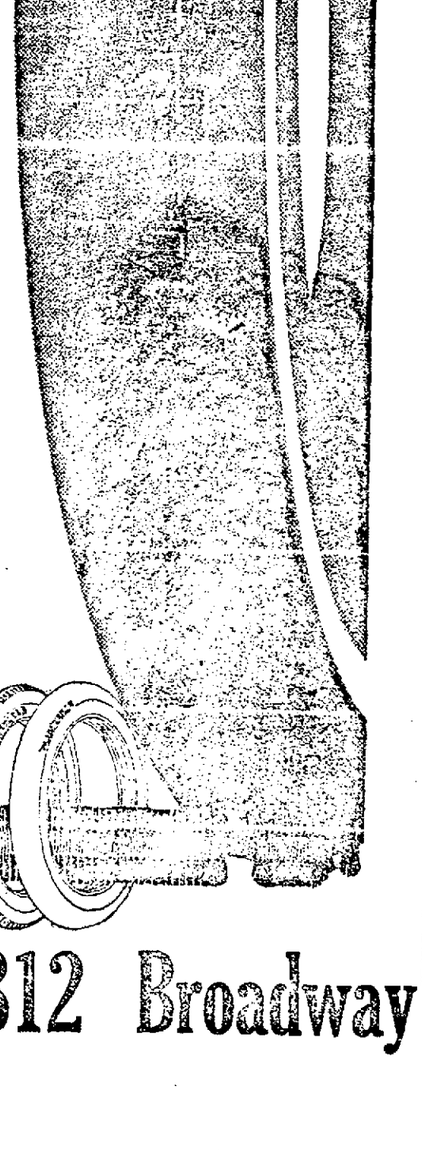

United States Tires offer supreme dependability and unapproached economy.

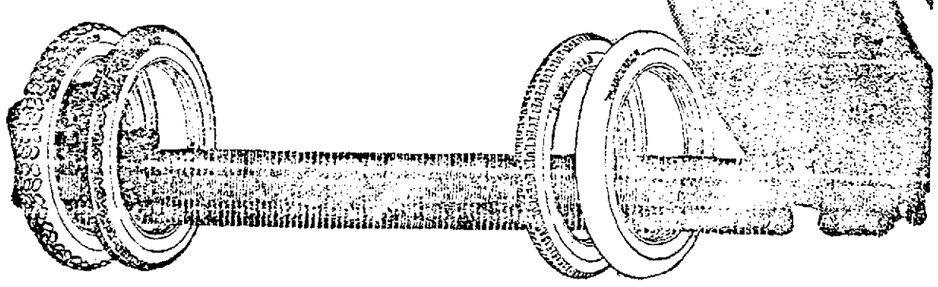

—both absolute essentials today.

There are five different types of United States Tires—one for every possible need.

The nearest United States Sales and Service Depot dealer will tell you which ones will serve you best.

**United States Tires are Good Tires**

**Macdonough**

Oyez! Oyez! Oyez!

Why do you eat chicken eggs rather than duck eggs? Is it because the hen always advertises and the duck never does? Do you believe, along with Theodore Roosevelt and George M. Cohan, and Henry Ford and Crane Wilbur, that

"IT PAYS TO ADVERTISE."

Delighted crowds are packing the Macdonough Theatre this week to see George M. Cohan's comedy triumph, "It Pays to Advertise," and to watch Crane Wilbur give away each night scores of beautiful gifts, the donations of Oakland merchants, all of whom believe that "It Pays to Advertise."

NOTE—Next Sunday night Crane Wilbur gives away an automobile on the stage at his farewell performance in "It Pays to Advertise."

Next Monday night Thomas Chatterton and a company of superb actors in Ernest Wilkes' dramatic triumph, "Broken Threads." (Thomas Chatterton has been for years known as Crane Wilbur's double—a finished actor of rare magnetism and distinguished presence.)

# SCHOOL BOARD WON'T HAVE TO PASS PAY DAY

A "shortage" in the Oakland school department funds, reported from the county treasurer's office to be $57,-$39.75, created consternation among attaches for a while today. Frantic inquirers besieged the executive offices, but Dan W. Pratt, business manager, like another Horatius, held the bridge as accountant behind the doors of his office worked to solve the problem.

Deputy County Treasurer Eddie Planer started the alarm when he announced that the school department payroll for the month totaled $80,841.76, and the fund available to pay salaries was $23,001.91.

The word spread among the school employees, and Pratt, busy on his new budget, was suddenly besieged. He held off inquirers while his trusty minions rattled adding machines. At last Chief Clerk A. M. Wickland handed him a piece of paper that cleared the situation.

"By the auditor's figures," said Pratt, "there is more than enough in the salary, building and special funds to cover all salary claims. All the Board of Education has to do is transfer funds to fit the case. Everyone will get paid."

SEE CUT COMING.

The statement from the county treasurer's office, however, has aroused accusations by school department, officials declaring that it is a piece of "propaganda" preparatory to the filing of the school budget with the county supervisors. Each year the supervisors, who have objected to fixing the city school taxes with the county levy, and once refused flatly to do so, being finally forced to do so by a writ of mandamus, have cut the school budgets to the accompaniment of reproaches, appeals and protests of the Board of Education. The school authorities today charged that the present statement is a preparation for this year's cut. The statement issued by the treasurer's office is as follows:

The payroll for Oakland grammar school teachers and janitors for May, 1918, was $80,841.76.

Assuming that the payroll for June, 1918, will be an equal amount, the balance in the various funds as of June 14, 1918, from which these charges can be paid are as follows:

| | |
|---|---|
| General Fund | $ 1,627.63 |
| Salary fund | 10,755.00 |
| Total | $12,382.63 |
| Less Special fund overdraft | 1,380.72 |
| Net balance available at the present time | $11,001.91 |
| Probable apportionment from State of California in July, 1918 | 12,000 |
| Leaving | $23,001.91 |

to pay the sum of $80,841.76, probable charge for June, 1918, salaries.

PLENTY TO COVER.

"Most of it is in the opnion of the man who drew it up," commented Pratt.

Pratt declares that in the first place [illegible] of the payroll for June is about $10,000 too high.

"There were no night school teachers or substitutes to be paid out of the June salary fund, or any janitors' assistants. The special and building fund will more than cover it—in fact, there is one sigle account there transferable of $53,551, and several other items that will total more than that. This is done every year. Everyone will get the full salary."

The county superintendent's office, when asked regarding the situation, rendered the opinion that unless the Oakland board did considerable transferring of funds the June salaries might have to wait. This opinion was drawn also from the treasurer's figures.

"There is nothing to worry about," Pratt reiterates, "except that they may be planning to prune our next year's budget. But from the auditor's own figures I know we have enough money to pay salaries. A couple of resolutions transferring money will do it."

## *Parr Terminal Co. Asks to Build Spur*

Fred D. Parr, president of the Parr Terminal Company, today applied to the council for a permit to construct a spur track connecting with the Southern Pacific at the pier with the apron wharf on the terminal company's new lease on the western waterfront. The spur will require construction of a short trestle for which permit is also asked. The matter was referred.

## *Plea for Probation Denied "Dope" User*

Refusing to divulge the source of the supply of morphine found in his possession, Leo Brown tearfully pleaded with Police Judge Samuels today that he be released on probation, promising that he would go to work in the shipyards. Judge Samuels took a different view of the case, however, and will pronounce sentence tomorrow.

## *Enter Plea of Guilty to Stealing Fittings*

Arraigned before Police Judge Samuels this morning, Frank Sylvester and Manuel P. Madeiros, former employees of the California Cotton Mills, pleaded guilty to having stolen a large quantity of brass fittings from the mills. They will be sentenced tomorrow.

## FOR WEAK, PALE CHILDREN

Close confinement in school during the past winter, overstudy perhaps, an attack of the grip or tonsilitis, some one of these things is doubtless responsible for the condition of the child who shows a decline in health now.

What are the symptoms? Pallor and languor, a fickle appetite, dark rings under the eyes, bronchial colds. Very often the best efforts of the family physician fail in such cases and the condition of the child causes the most intense anxiety. Cod-liver oil, so often prescribed, generally fails because the weak stomach is unable to digest fats.

Try this treatment. Before breakfast each morning give the child the juice of half an orange. After the noon meal give one of Dr. Williams' Pink Pills. Keep this up for a few days then give one of the pills after the evening meal also. Weigh the child before beginning the treatment and again after two weeks. An increase in weight of from two to five pounds will show you that you are on the right track at last. Care is necessary in the diet of the patient and it would be well to send to the Dr. Williams Medicine Co., Schenectady, N. Y., for a diet book and the pamphlet, "Building Up the Blood." Both are free. Your own druggist sells Dr. Williams' Pink Pills.

## *CITY HALL PHONE BOARD SUDDENLY QUITS ITS JOB*

An investigation is being made by the telephone company officials and the city electrical department to ascertain the mysterious cause of the telephone connections at the city hall switchboard being completely cut off for a short period of time last night. A complete checking up of the lines was made last night and suddenly the service was restored. No mechanical defects were found, according to the telephone company electricians and the operators were found not at fault. It is thought possible that the lines may have been tampered with for some ulterior purpose and for this reason a close investigation is being made.

## CAMP LEWIS MEN READY FOR FRAY

Not only do the Oakland boys at Camp Lewis prefer France to a home coming at this time, but they are all husky and filled with the spirit of conflict, according to District Attorney Ezra W. Decoto, just returned from a week's inspection of the training ground of 52,000 of Uncle Sam's fighting men.

Decoto met a number of the boys from Oakland, and says that every one of them is living at the top, joyously anticipating the beginning of the journey into the great adventure. His former law partner, John U. Calkins, now a lieutenant in a machine gun company, works from 5 in the morning till 10:30 at night bringing his men to the maximum efficiency. He has gained in weight and declares he never felt better.

The district attorney ran across two boys from his old home town, Decoto, the only two from there. They are Albert Silva and Herold Meyers, both up on the bit with enthusiasm. Bob Evans, son of Robert Evans, caretaker at the Masonic Temple, training in the officer's training camp, was found by Decoto preparing the table for the next morning's breakfast. Dr. S. F. Berry, Oakland physician, formerly connected with the Oakland Central hospital, is now a major and Dean Whittier, now a captain, is an aide to Commander Green of the camp.

Decoto says that he never had any idea of the magnitude and organization of the camp until he made a personal inspection. He watched 3000 men at rifle practice, and says that eight out of ten shots went into the bull's eye. When the men go to the rifle ranges they go prepared to stay for three days, taking a full army equipment along. He marveled at the efficiency of the indirect fire of the machine guns that destroyed the target over the hill 1700 yards away, and learned for the first time that machine guns are so employed.

Decoto explored miles of trenches 20 feet under ground and inspected the local no man's land, that is shot all to pieces. He says the men are devoted to the officers and that the camp is the most harmoniously administered community he has ever inspected.

## *CASUALTIES OF BRITISH TOTAL 34,171 IN WEEK*

LONDON, June 14.—British casualties reported for the week ending today totalled 34,171 officers and men, of this number 4447 being killed.

## *Prof. Dyment Enters Red Cross Service*

BERKELEY, June 14.—Colin V. Dyment, professor of journalism at the University of Washington, who has conducted the school of journalism at the past two University of California summer sessions, will not come to Berkeley this year as he has entered the service of the Red Cross in France, according to an announcement today by Dean Walter Morris Hart of the summer session. Professor Dyment was called to Washington to occupy a post in the fuel administration but he has since left this work and has gone over seas with the mercy organization.

The work in journalism at the 1918 summer session will be given under the direction of Professor E. W. Allen of the University of Oregon School of Journalism. Training in actual newspaper work will be offered through the medium of the summer session Californian, a newspaper to be issued twice a week by the Summer Session students.

## *Housing Problem Before Commission*

ALAMEDA, June 14.—The city planning commission considered in general the housing problem last night. While considerable general progress was made it was announced that no definite statement could be issued at this time.

The proposition of the government housing fund was considered in conjunction with the plan for colonies of new homes. In brief the government proposes to lend $800,000 at four per cent if a community raises $200,000 more of six per cent money.

Lands, builders, banking facilities, etc., were not gone into in detail. Further meetings are to be held in the immediate future.

## *Florence W. Hinkle, Man, Is Sentenced*

Florence W. Hinkle, who contrary to his name, is masculine, was today sentenced by Judge James G. Quinn to an indeterminate term, the maximum of which is life, in San Quentin. The heavy maximum is because of the charge being the second on which conviction has been had. Hinkle, a colored man, was on probation when he held up George Fehd in the rear of the Eagle saloon and robbed him of $50, a watch and other property. In the scuffle Hinkle dropped a wallet from his pocket containing a Liberty Bond, by which he was identified.

## *Richmond Elks in Charge of Flag Day*

RICHMOND, June 14.—Exercises in honor of Flag Day will be held this evening in Lincoln school auditorium by Richmond Lodge of Elks. Arthur M. Free of San Jose will be the orator of the occasion. Herman W. Tuller, exalted ruler of the lodge, will preside, and Attorney Hiram Jacobs will deliver the tribute to the flag.

## BIRTHS

BROWN—June 13, to the wife of Gabriel Brown, a son.

CHETWOOD—May 24, to the wife of Jack Chetwood, a son.

O'CONNELL—June 11, to the wife of Patrick O'Connell, a daughter.

HANSEN—June 10, to the wife of Hans Hansen, a daughter.

RENFREE—June 4, to the wife of Winfred Renfree, a daughter.

GODFREY—June 12, to the wife of Wallace Godfrey, a daughter.

NUNES—June 12, to the wife of George Nunes, a daughter.

NELSON—June 6, to the wife of Floyd Nelson, a daughter.

COOLEY—June 7, to the wife of Clayton Cooley, a daughter.

FRACCHIA—June 11, to the wife of Lewis Fracchia, a son.

CHEW—June 10, to the wife of Bid Chew, a son.

CHAMBERS—June 10, to the wife of Michael Chambers, a son.

WIEDMAN—June 9, to the wife of Nathan Wiedman, a daughter.

# 8-HOUR-DAY IS DEMAND IN LABOR VOTE

ST. PAUL, June 14.—A basic eight-hour work day during the war period will be insisted upon by organized labor. Resolutions embodying this principle were unanimously passed today by the convention of the American Federation of Labor.

In observance of flag day, the convention rose to its feet as President Gompers said:

"In honor of the flag of the republic of the United States the delegates and visitors to this convention stand in fealty and loyalty and in the hope of its leadership in the great cause of humanity and justice and freedom."

SPEAK OF PROTECTION.

Referring to the eight-hour day, the federation resolution as passed reads:

"Our country is engaged in a terrible struggle. While we do not like to acknowledge that there are people who take advantage of this for financial gain, it is nevertheless true.

"To their shame, there are business men, who, under the guise of patriotism, make the claim that the necessities of war demand a return to the ten or twelve-hour working day. If they are not strenuously opposed they may in some instances succeed in inaugurating it.

"Organized labor must stand firmly for a continuance of a shorter work day. It will not tolerate any attempt to increase the basic hours of labor. Our members are sacrificing their lives in order that a free people may live and democratic principles may be continued and extended.

"If those who return find that while they have been fighting the battles in the war their employers have taken from them advantages which they had gained before the war, they are justified in deciding that their interests were not properly safeguarded and the boasted freedom of the laborer is but a myth.

"We must be eternally on guard to see that while one portion of our membership is fighting for freedom of the people of the world, another portion shall not be enslaved."

OTHER RESOLUTIONS.

Among other resolutions adopted dealing with the eight-hour day were:

That the federation support the Journeymen Tailors' Union; that the federation support the affiliated postal employees in their efforts to insure a more strict observance of the letter and spirit of the postal eight-hour law; that the federation request Congress to establish a standard day of railway duty applicable for railway mail clerks, and enactment of law providing for a work day averaging eight hours and for 306 work days in the year; that the convention endorses efforts of affiliated postal workers to minimize night work; that the federation oppose a bill now before Congress to give employees in the navy yard service permission to accept cash in lieu of the present grant of 30 days leave a year with pay on the grounds that such legislation would be an unnecessary lowering of the standard of labor, that it is contrary to good policy and that it will not have a tendency to increase efficiency of workmen; that organized labor is unalterably opposed to a bill before Congress to establish an eight-hour day in government shops with no extra pay for overtime.

Women delegates to the convention suffered their initial defeat when a resolution enlarging the executive council to thirteen and including two women members was voted down.

CORNET IS STOLEN.

ALAMEDA, June 14.—Mrs. H. Bradley, who occupies an ark on Harrison avenue, reported to the police this morning that some one had entered her home yesterday and had stolen a cornet. The instrument is valued at $65.

# JAIL AND FINE FOR MALIGNER OF RED CROSS

BERKELEY, June 14.—The maximum penalty of ninety days in the county jail and a $200 fine was this morning imposed by Judge Robert Edgar on Fred Zimmerman, machinist, formerly employed at the Hall Scott Motor Works, Fifth and Snyder streets, who was found guilty by a jury yesterday afternoon of uttering disloyal remarks against the Red Cross.

Zimmerman's attorney, Herman G. Walker, made a plea for leniency this morning, declaring that testimony submitted in yesterday's trial showed the defendant to be an industrious worker.

Walker's remarks were interrupted by the judge:

"[illegible]s no excuse for disloyalty," said the judge. "The Germans are noted for their industry. As a nation Germany was probably the most industrious and efficient in the world. The remarks of the defendant savored of the worst kind of disloyalty.

"Sedition must be stamped out if we are to win this war. Therefore, as a warning to others I am going to impose the mammimum penalty of a $200 fine and ninety days in the county jail."

According to testimony submitted at yesterday's trial by Charles Borcher, a fellow machinist at the motor works who was the compalining witness, Zimmerman is alleged to have declared: "To hell with the Red Cross, they're a bunch of grafters," when he was approached at the factory and asked to give a day's pay to the Red Cross.

TESTIMONY CORROBORATED.

Edward I. Surline, another employee of the Hall-Ccott Company, substantiated Borcher's testimony, declaring that Zimmerman accused the Red Cross of misappropriating funds allotted to war work, declaring that the "Red Cross was a grafting proposition." The idea of giving a day's pay to the Red Cross Surline declared Zimmerman called "ridiculous." According to Surline Zimmerman cited as basis for his remarks the instance of that the Red Cross had been forced to change its plans to spend $100,000 for vivisection in Paris as a result of opposition of anti-vivisectionists throughout the country.

SAYS HE BOUGHT BONDS.

Zimmerman in his defense declared that he was opposed to vivisection but stated that despite this he contributed to the Red Cross the day following his altercation at the Hall-Scott Company and that he had also purchased Liberty bonds and had otherwise showed his loyalty. He denied speaking in profane language in talking of the Red Cross.

Zimmerman is a native of Russia and came to this country with his parents when six months old. He stated that he was rekistered in the draft and had a brother in the United States army. Since leaving the Hall-Scott Works shortly following his altercation over the Red Cross he has been employed at the Alameda plant of the Bethlehem Shipbuilding Corporation.

Zimmerman was taken into custody by the Berkeley authorities immediately following the imposing of sentence and will begin serving his time at once. An investigation of his actions will be conducted by the federal authorities before his release from custody.

## DEATHS

PLACKMAN—In San Francisco, Cal., June 13, 1918, Capt. William H. Blackman, beloved husband of Christine E. Blackman, a native of Massachusetts, aged 55 years, 11 months and 10 days. A member of Paramount Lodge, No. 17, K. of P., and Magnolia Lodge, No. 29, I. O. O. F.

Funeral services Saturday, June 15, 1918, at 8 o'clock p. m., at Pythian Castle, corner of 12th and Alice, under the direction of Paramount Lodge, No. 17, K. of P., to [illegible] View cemetery.

DAVIS—In this city, June 12, 1918, Harry A., beloved husband of Luella Davis, loving father of Harriet Davis, loving son of Rose R. and the late George A. Davis, brother of Mrs. H. A. Case, Mrs. C. A. Rieser and George A. Davis, a native of California. A member of Santa Rosa Lodge, No. 646, B. P. O. E.

Friends are respectfully invited to attend the funeral Saturday, June 15, 1918, at 2:30 o'clock p. m., from his late residence, 551 32nd street, under the auspices of Oakland Lodge, No. 171, B. P. O. E. Interment, Mt. View cemetery.

GRAY (nee Helen Mante)—In this city, June 11, 1918, Mrs. Helen Gray, dearly beloved wife of A. W. Gray, loving mother of Melvin Wilhelmine and Catherine Gray and devoted daughter of Mr. and Mrs. F. Mante, a native of Milwaukee, Wis., aged 35 years, 1 month and 13 days.

Friends and acquaintances are respectfully invited to attend the funeral services Saturday, June 15, 1918, at 2 o'clock p. m., from Ernest A. Wollitz' funeral parlors, 1935 Webster street.

JORGENSEN—In this city, June 13, 1918, Mathilde, dearly beloved wife of Jorgen H. Jorgensen, devoted mother of Christian and Emma Jorgensen, a native of Denmark, aged 52 years, 10 months and 7 days. A member of Danish Society Dagmar, No. 2.

Friends are respectfully invited to attend the funeral Saturday, June 15, 1918, at 2 o'clock p. m., from her late residence, 3210 Ettie street. Interment, Mt. View cemetery.

KITCHENER—In this city, June 12, 1918, Maude M. Kitchener, beloved wife of S. A. Kitchener and loving mother of Helen K. Sweitzer and Albert F. Kitchener, a native of Massachusetts, aged 62 years, 1 month and 12 days.

Funeral services will be held Friday, June 14, 1918, at 10 o'clock a. m., from the funeral chapel of Grant D. Miller, 2372 East 14th street, corner of 24th avenue. Interment private.

PEARCE—In this city, June 13, 1918, Martha Pearce, mother of Webb N. Pearce and grandmother of Major E. H. Pearce, a native of England, aged 84 years.

Friends are respectfully invited to attend the funeral services Saturday afternoon, June 15, at 2:30 o'clock, at the chapel of the California Crematorium, 4499 Piedmont avenue, Oakland, under the auspices of Oak Leaf Chapter, No. S. O. E. S.

PRICE—In this city, June 13, 1918, Charles W. Price, beloved husband of Delilah Price and father of Charles L. Price of Butte, Mont.; Mrs. Clara Keegan of Chicago, Ill., and Mrs. Stella Jones of Janesville, Wis., and stepfather of Mrs. M. Shoenberg of Portland, Ore., and brother-in-law of Mrs. Hettie Gray of Oakland, Cal., a native of New York, aged 72 years, 4 months and 14 days. (Janesville, Wis., papers please copy.)

RICKER—In Alameda, June 11, George Edward Ricker, beloved husband of Adella Ricker, a native of Iowa, aged 51 years, 9 months and 29 days. A member of Fresno Lodge, No. 439, B. P. O. Elks, of Fresno, Cal.

Friends and acquaintances are respectfully invited to attend the funeral services Saturday, June 15, at 2:30 o'clock p. m., from the Elks Home, 2235 Santa Clara ave., Alameda, under the auspices of Alameda Lodge, No. 1015, B. P. O. Elks of Alameda. Incineration private. California Crematorium. Remains at the parlors of the Fowler Undertaking Co., 2244 Santa Clara avenue, Alameda.

RODDA—June 13, 1918, Lizzie Rodda, widow of the late William H. Rodda, a native of Ireland, aged 67 years, 9 months and 13 days. A member of the First M. E. church of Oakland, Cal.

Funeral services Saturday, June 15, 1918, at 10 o'clock a. m., at the parlors of James Taylor, northeast corner of 15th and Jefferson sts., Oakland, Cal., to which friends are invited.

BLACKMAN—In San Francisco, Cal., June 13, 1918, Captain William H. Blackman, biored husband of the late Christine E. Blackman, a native of Massachusetts, aged 55 years, 11 months and 10 days. A member of Paramount Lodge, No. 17, K. of P., and Magnolia Lodge, No. 29, I. O. O. F.

Funeral services Saturday, June 15, 1918, at 8 o'clock p. m., at Pythian Castle, corner of 12th and Alice streets, Oakland, Cal., under the direction of Paramount Lodge, No. 17, K of P., to which friends are invited. Interment, Mt. View cemetery.

SMITH—Passed away June 12, 1918, Mrs. Mary Cursner Smith, sister of John S., George W. and Charles V. Cursner and Mrs. Anna B. Smith, a native of Ohio, aged 65 years.

Friends are respectfully invited to attend the funeral services Sunday evening, June 16, at 8 o'clock, at the residence of Mrs. G. P. W. Jensen, 1635 La Loma avenue, Berkeley. Interment private.

*THRU A WANT AD IN THE TRIBUNE*

# Flags of Allies to Be Honored
# Berkeley's Tribute to Old Glory

TRIBUNE BUREAU
2011 SHATTUCK AVE.

BERKELEY, June 14.—The colors of all the nations allied with the United States will be honored jointly with the Stars and Stripes at Berkeley's celebration of Flag Day at 8 o'clock this evening at the Greek Theater under the auspices of the Chamber of Commerce, Berkeley Elks and Grand Army of the Republic.

Flags of the allies will be mingled with Old Glory in decorations on the stage, including the colors of France, England, Belgium, Serbia, Japan, Italy, China, Portugal, Montenegro, Rumania, San Marino, Cuba, Panama, Brazil, Costa Rica, Guatemala, Siberia, Honduras, Santo Domingo, Greece and Siam. National hymns of the various allies will be rendered by the forty musicians in the Third Coast Artillery band. The band arrived in Berkeley this afternoon from the Presidio and was entertained at the Elks Club, later giving a concert at the headquarters of the Berkeley Defenders' Club.

AIRS OF ALLIES.

The national airs of the allies will be played following an address by Sergeant [illegible] Coover, member of the first Canadian expeditionary forces to be sent to France. Coover fought in Belgium and on the plains of France, was taken prisoner by the Germans, escaped and was invalided home.

The following is the program:

Patriotic selections, Third Coast Artillery Band; bugle call; raising flag, by Commander J. W. Penfield and staff, G. A. R.; "The Star Spangled Banner," by the audience; invocation, The Rev. Dr. H. H. Powell; "The Purpose of This Service," Roy O. Long, exalted ruler of Berkeley Elks; pledging allegiance to the flag, the audience; introductory remarks, James W. Plachek, president of the Chamber of Commerce; greetings on behalf of Berkeley, Mayor S. C. Irving; songs of freedom, Pacific Ladies' Quartet. Mrs. Arthur Hill, Mrs. Eva Gruinger Atkinson, Mrs. Emma Masow Fitch, Mrs. Rowena Robb Mills. Accompanist, Mrs. Josephine Crew Aylwin; "Our Wars—Past and Present," General C. A. Woodruff, U. S. Army (retired); Drake's "Address to the American Flag," Mrs. Oscar Maillard Bennett; "Battle Hymn of the Republic," audience; "History of the Flag," Richard B. Bell; War songs, old and new, Pacific Ladies Quartet; "The Elks' Tribute to the Flag," Philip M. Carey; "In the Trenches, a Prisoner of War, and Home Again," Sergeant George W. Coover; National Airs, the band; Patriotic address, Judge Thomas J. Lennon; "America," audience.

## *Ah Sing Doesn't Need Steady Diet of Dope*

Fifty-nine years is not sufficient age for a Chinese that he requires habitual use of opium, Police Judge George Samuels decided today in sentencing Ah Sing to pay a fine of $100. Ah Sing pleaded for clemency on the ground that his age required the drug. Through an interpreter he divulged the fact that he was not quite 60, and the court failed to agree with the defendant.

## *City to Hire Experts in $100,000 Suit*

For the purpose of preparing for trial suits brought by the City of Oakland to collect more than $100,000 alleged to be due from the Great Western Power Company on unpaid franchise claims, Mayor Davie was authorized by the city council today to spend $200 to employ special clerical and electrical experts.

# C. C. MOORE IS MENTIONED AS DEFENSE HEAD

SAN FRANCISCO, June 14.—C. C. Moore, president of the Panama-Pacific exposition, engineer, and noted figure in California public life, may be the next head of the State Council of Defense. His friends have been urging Governor Stephens to appoint him, and Moore, it is understood, will accept the positions as a patriotic work if it is decided he is the best man to guide the destinies of the department.

"I have heard some talk of this," Moore admitted today. "But I really know little about the matter. If I am asked to take it, of course, it would be a matter of duty to consider. No man wants this sort of position; every man must give service, however. I have nothing to say on the matter; if any statement is to be made it must come from the governor."

Governor Stephens is not in Sacramento, but at the Capitol it was said nothing was known as to his intentions to appoint a successor to Chairman Naftzger, whose resignation has been in the hands of the governor for some time.

The suits have been pending in the Superior Court for more than a year.

## NATURE MAN BACK IN COURT WITH HIS SUIT

Out of the woods of legal veribage where it has rambled since 1915 came today the Joe Knowles nature-man suit in which Raine Ewell, picture man, is suing L. R. McKenzie and F. H. Stow, promoters, for $60,000 damages alleging the failure of the Knowles nature picture because of the mismanagement of the defendants. Knowles is neither plaintiff nor defendant in the suit, but is named as an intervenor in his own interests, he having been supposed to profit by 40 per cent of the revenue derived from showing the picture of himself as a wild man in the Feather River country. The suit is back from the Supreme Court today to be heard by Judge J. J. Trabucco in a motion to strike out certain of the testimony.

The case was begun in the Alameda county courts in 1915. Ewell testified that he introduced Knowles to McKenzie and Stow after his exploit in the mountains of Oregon where he lived for a month by matching his wits against the cunning of the creatures of the wilds, and the defendants agreed to finance an exploitation of the nature man in the picture. Some sort of financial arrangements were made, and Knowles was to get 40 per cent, Stow and McKenzie an equal amount, and Ewell 20 per cent.

Knowles was sent with a camera man and another man with a trained bear into the Feather River country to make the picture. Knowles claimed that the camera man insisted upon his slaying lots of wild animals, which was against his instincts, and that he had to risk his life unnecessarily. The pictures failed to materialize satisfactorily on the screen and many scenes had to be made over. Knowles demanded $100 additional for each scene necessary to be made over, and he and Stow and McKenzie fell out and McKenzie, he says, called him names. Stow decided that the brick manufacture business was more to his liking and quit. Knowles said that he was a nature man and unlearned in the tricks of business and that his experience was taken advantage of.

The case has been fought back and fourth harder than Knowles ever fought a wild bear with his bare hands, innumerable demurrers and motions and exceptions having been argued through all the courts.

## MISSING SAN JOSE MAN IS LOCATED

William E. Barber, from whom the police of Oakland made search yesterday, after it became known that he visited Attorney Ralph E. Stocker of this city and made out a power of attorney to Mrs. Barber in San Jose, and then disappeared, is at his home in that city, having been found in Stockton by his daughter, Eileen Barber. It was Tuesday that Barber left San Jose, where he is cashier of the Southern Pacific office, and the same day he sought legal advice here and had the power of attorney to his wife made out.

Barber is believed to be suffering from nervous prostration and melancholia. He left a note to his family saying that he was going away because he was a failure as a husband and father. Yesterday Mrs. Barber received from Stockton a telegram saying: "I am sick, worried, stranded and alone." Eileen Barber went to Stockton at once to take him to San Jose.

### *Ask Government Aid to House Workers*

CLEVELAND, O., June 14.—With the housing situation daily becoming more of a problem as the city's war industries continue to bring more workers to the city, the Cleveland War Board and members of the housing committee of the Chamber of Commerce are planning to ask the Government to set aside $1,000,000 with which to build homes to be rented to employees of local factories. It is said that more than 10,000 homes are needed here at once.

TWO-HEADED CALF LIVES.

EAU CLAIRE, Wis., June 14.—A two-headed calf born on the farm of Matt Leet, who lives a short distance from this city, is still alive. Both heads have perfectly formed mouths, two eyes and two noses, but there are only two ears, one on the outer side of each head.

## $300 ASKED TO FETE MARINES

Request from the War Camp Community Service Commission that the city council appropriate $300 for the entertainment of United States marines in Oakland on July 13 was postponed for consideration to July 2. Commissioner Jackson offered a motion that the appropriation be made out of the new budget but no action was taken. He suggested that if the council intends to continue its policy of assisting in such affairs that the government events be given first consideration.

B. H. Pendleton, chairman of the committee on war solicitation endorsement, recently appointed by Mayor Davie, reported that the committee endorses the War Camp commission application for permission to solicit funds for equipment and maintenance of the Defenders' Club and for expansion purposes during the war.

The endorsement committee also adopted resolutions recommending that only two organizations be recognized as having permission to solicit funds for war relief by means of "mite boxes" or receptacles of any kind. These two are the American Red Cross and the California Committee for Belgium and French Relief; known as the Hoover Commission.

### NEWS TO CAMP LEWIS

Send The TRIBUNE to the boys at Camp Lewis. Home news will be deeply appreciated by the boys of the National Army.

## Dock and Deck

*At request of the government three months ago The TRIBUNE discontinued the printing of news concerning schedules, names, routes and movement of shipping in the Pacific. This newspaper was the first publication on this Coast to act on the government's request and for more than two months was alone in doing so.*

Oakland shipyards will all be ready to launch one or more craft on July 4, the day being set aside for ship-launching in the United States, and it will be one of the greatest days in the marine history of this country. Every shipbuilding plant will have a new craft to take the water, and the amount of tonnage launched on that day will break the world's record. It is expected that six vessels will be launched from Oakland plants.

The Southern Pacific ferry steamer Alameda, which broke a shaft about two months ago, is ready for service again. She was placed on the drydock today for cleaning and painting, and by Sunday will be ready for service. The steamers Newark and Oakland are now at the shipyard receiving a general overhauling.

Dredgers are at work around the Oakland harbor shipbuilding plants clearing away the mud so as to have plenty of water for the new craft when they are launched. There is not an idle dredger at any of the bay cities. At the Sacramento and San Joaquin rivers several of the dredgers are engaged and will be kept busy all summer.

HOWARD'S DOCK IS BUSIEST IN OAKLAND.

Howard's new dock and warehouse, at the foot of Market street, Oakland, has been the busiest wharf in Oakland since it was completed, nearly a month ago. There has not been a single day when the dock was idle, and it has handled considerable tonnage. The new dock has sprung and freight can be loaded from vessels direct.

Members of the Southern Pacific ferry system are getting ready for their summer vacation, and this year will be a novel one. Most of the masters own automobiles and are planning for long country trips. Captain William Sphoon will go to Lake Tahoe. Captain John Matson is slated for Los Angeles. Captain E. Ferrett has made arrangements for a Sacramento valley trip, and Captain Mike Hogan expects to go to the Yosemite riley.

Ship owners of this port are anxiously waiting news of their vessels that are in the vicinity of the South Pacific, as reports from that location show that there are severe storms there. Many craft have been damaged and compelled to return to port. It has been stated that the weather there is the worst in many years.

The Independent Fish Company of Oakland will build another new trawler for outside fishing to run in conjunction with the steamers Lincoln and Washington. The new vessel will be much larger than the other two and will be built in Oakland. Her name is to be Joseph Lawrence, after the manager of the firm.

## Sun, Moon, Tide

CHANGE OF TIME.

Commencing Sunday, March 31, 1918, one hour must be added to the various times each day on tides, sunrise to sunset, moonrise to moonset, until the last Sunday in October, 1918. This is to conform with the new daylight law.

United States Coast and Geodetic Survey—Table shows times and heights of high and low water at Fort Point, entrance to San Francisco Bay. For city front (Mission street pier) add 25 minutes. For Oakland add 20 minutes. Standard time.

Friday, June 14.

Sun rose .....4:46 Sun sets .....7:35
Moon sets .....11:16 p. m.
Moon's first quarter.....June 15, at 7:52 p. m.
Full moon.....June 24 at 2:38 a. m.

June 14 to June 19.

TIME AND HEIGHT OF HIGH AND LOW WATER

| | TIME | HT. | TIME | HT. | TIME | HT. | TIME | HT. |
|---|---|---|---|---|---|---|---|---|
| 14 | 2:36 | 4.7 | 9:26 | 0.7 | 4:48 | 5.2 | 10:26 | 3.0 |
| 15 | 3:44 | 4.3 | 10:06 | 1.2 | 5:27 | 5.3 | 11:33 | 2.7 |
| 16 | 5:04 | 4.0 | 10:48 | 1.7 | 6:04 | 5.4 | ..... | ... |
| 17 | 0:42 | 2.2 | 6:25 | 3.9 | 11:29 | 2.2 | 6:40 | 5.5 |
| 18 | 1:37 | 1.7 | 7:39 | 3.8 | 12:15 | 2.5 | 7:14 | 5.7 |
| 19 | 2:22 | 1.2 | 8:46 | 3.9 | 1:04 | 2.9 | 7:48 | 5.9 |

Note—In the above tabulation of the tides the daily tides are given in the order of their occurrence, commencing with the early morning tide in the left-hand column and the succeeding tides as they occur. On some days but three tides occur, the fourth occurring the following morning. Light-faced type indicates a. m. tides. Heavy-faced type indicates p. m. tides.

## FORMER ACTRESS SUES FOR CHILD

Mrs. Stella Bonte, former wife of Captain Harmon Bonte of Camp Lewis, who prior to her marriage was a popular actress, and who recently divorced her husband on a charge of cruelty, was before Judge Everett J. Brown today fighting for the custody of her child, now in charge of C. C. Bonte, her former husband's grandfather.

The grandfather alleges that he has a letter from Mrs. Bonte giving him custody, and agreeing to remit the alimony of $100 a month as long as the child has a good home with its great grandparents.

Attorney W. H. L. Hynes, representing Mrs. Bonte, claims that the letter has no status, and introduced a large number of witnesses to refute any intimation that the actress mother is not a fit and proper person to have custody. Mrs. Bonte claims that she has not been in receipt of alimony for many months and has been obliged to work as a designed in Oakland department stores.

Bonte was before enlistment a landscape engineer of Oakland.

## WOOD MAY LEAD RUSS CAMPAIGN

WASHINGTON, June 14.—Military officials today were discussing the possibility of Major General Leonard Wood, deposed leader of the Camp Funston division, leading an inter-allied expedition in Russia.

The discussion arose in connection with disclosures that some troop ships may be used after July 1, to send such an expedition abroad. The war department, however, shed no light on the subject of Wood's assignment.

It developed today that the idea of having the expedition enter through Siberia [illegible] by the entente. This plan was regarded as offering difficulties that might be avoided. The talk now is of having the forces penetrate by the way of the Murman Coast.

General March, chief of staff, is understood to have opposed the sending of an American force to Russia, constituting, as it would, a division of effort and an addition to transportation and supply problems.

### *Yuba and Sutter Counties Over Quota*

MARYSVILLE, June 14.—Yuba and Sutter counties have more than filled their quota of twenty-five nurses required by the government, more than that number having already signed up to go into service, according to Miss Fannie Southern, matron of a local hospital, who has the enlistment in charge.

### *Taylor and the Bear Not Brother Masons*

THOMASVILLE, Ga., June 14.—When Russ Taylor, a farmer living near here, went out recently to feed his stock he was met by a large black bear. Seeing Taylor, the bear stood up on its hind feet and waved his paws as if in salutation. Bruin and Taylor evidently did not belong to the same lodge, as Taylor did not recognize the sign. Instead, he secured a shotgun and dispatched the invader, which weighed nearly 200 pounds.

### *Kaiser's Relative Is Killed; U. S. Fighter*

ST. LOUIS, June 14. — Frank J. Michael, 23 years old, of this city, who was killed in battle in France, was a distant relative of the Kaiser, according to his mother, Mrs. William J. Michael, who last night said her maternal great-grandmother was a second cousin of the German emperor.

"We are all ashamed of our relationship with the Kaiser, and my boy showed it by giving his life to whip him," she said.

# Society

Since music is the interesting art in the summer season which provides not only pleasure for its patrons but is an excellent medium as well with which to raise funds for the maintenance of the different charity associations and relief societies, such an affair is planned for the benefit of the Oakland-Piedmont chapter of the California Commission for Relief in Belgium and France, the official organization for this relief work. Miss Marion Ransom is the chairman of the local chapter which has done so much for this cause the past year.

The trio of artists who are to present this beautiful program Saturday afternoon, June 22, at 3:30 o'clock are Mrs. Thomas Arthur Rickard, and her sister, Mrs. Henry Farnum May, soloists, and Miss Virginia de Fremery. "The Studio in the Garden," that of Miss Virginia de Fremery, at her home in Fairmount avenue, Oakland, is to be the setting for the affair for which 300 invitations are to be extended this week. A large number of the local smart set are to sponsor the affair.

☼ ☼ ☼

Among the younger girls who have been bidden to meet Miss Esther Sharon tomorrow afternoon at an informal tea at which Miss Alice Buteau will preside as hostess are Miss Marjorie Waldron Miss Charlotte Cockroft, Miss Ruby McLellan, Miss Louisa Huntley, Miss Maude Mitchell, Miss Rachel Genung, Miss Marietta Genung, Miss Helene Bon, and a number of the younger married coterie.

☼ ☼ ☼

Mr. and Mrs. William Stanton Perry have returned from a two weeks' stay at the Hotel Tacoma in Washington and leave Sunday for their country place in the Santa Cruz mountains. While north they were joined by their son, William Stanton Perry Jr., who obtained a leave of absence of five days from Camp Lewis where he is located. Mr. and Mrs. Milton Johnson accompanied the motorists north, so that the occasion was one of a family reunion.

☼ ☼ ☼

In the month of August Mr. and Mrs. Homer Norris (Alice Freuler) will be again welcomed to the bay section by their friends when they come from their home in Tacoma for a visit with Mr. and Mrs. J. Freuler of Berkeley. A summer trip is to be enjoyed by the members of the Freuler family to Lake Tahoe. Mr. and Mrs. Emil Cykler and the Misses Olive and Alice Freuler will join the party.

✕ ✕ ✕

The Free Wool Fund of the Berkeley Red Cross is to be benefited by a musicale which Mr. and Mrs. Frederick Maurer Sr., will give at their home in Leroy avenue, Berkeley, Thursday evening next. Frederick Maurer Jr. is to be accompanist for Madame Jean Jomelli and Hother Wismer and other artists are to be heard.

☼ ☼ ☼

The fiancee of Warren Sanford, former Alameda boy, who is now stationed at Camp Kearny, Miss Louise Gimball of this city, has just returned from a month's sojourn at San Diego. Miss Gimball has completed her course in the commercial class and prepared for business service.

Miss Marguerite Black, another of the younger girls attending the summer session at Technical High School, where a class in Advanced First Aid is given, will leave at the close of the class for a trip to the Yosemite Valley.

☼ ☼ ☼

A quiet "war wedding" was that of Miss Mary C. Gilbert, daughter of Mr. and Mrs. Orrin Gilbert of Oxford street, and Ensign Lansford F. Kenisle, U. S. N. The ceremony was performed Tuesday evening at the home of the bride's parents by Rev. Elmer Coates of the Baptist church. The bridegroom is stationed on the U. S. S Taylor. Miss Erma Gilbert was bridesmaid for her sister and the best man was Lieutenant Mallory of the U. S. S. Taylor.

The bride received her degree from Mills College in May while Ensign Kengle was educated at Sperry School in Brooklyn, N. Y. He is a son of Mr. and Mrs. W. W. Kengle of Benito, Oklahoma.

Ensign Kengle and his bride are to make their home in Vallejo.

☼ ☼ ☼

Mr. and Mrs. Henry R. Levy of Walsworth avenue have been entertaining as their house guest James O'Neill, the actor, and his wife who are guests at the St. Francis Hotel across the bay. Motoring and other informal diversions were planned in compliment to the visitors. Mrs. O'Neill will remain here for an indefinite visit. The two families have been close friends for more than 20 years.

☼ ☼ ☼

An interesting wedding scheduled for the coming week is that of Miss Gladys Cooper Page and Lieutenant Russell D. Berst, U. S. R., which is to take place Tuesday at 12:30 o'clock in the chapel of St. Mark's Episcopal Church in Berkeley, Rev. Edward Lamb Parsons to officiate. Miss Margaret Steiger of the college city is to attend the bride, while the best man is to be a close friend of the bridegroom-elect in military circles. There are to be as guests at the wedding ceeremony a few intimate friends of the bride-to-be and relatives, while at the home of Mr. and Mrs. David Cooper Page, parents of Miss Page, the wedding breakfast will be served to the members of the family and the bridal party only.

Lieutenant Berst, who is at Fort Stevens, Oregon, will arrive Monday morning from the north. He is a son of Dr. J. H. Berst and Mrs. Berst of Portland and a graduate of the class of 1917 of the University of California. His bride-to-be is a graduate of the California School of Arts and Crafts and a gifted musician.

☼ ☼ ☼

A wedding of the very near future is to be that of Miss Dorothy Pillsbury of Berkeley and Lieutenant Philip Cushing Stetson, U. S. R. Aviation Corps, of Chanute Field, Illinois, which will take place at 1 o'clock Sunday afternoon at the home of the bride's parents, Captain Alfred F. Pillsbury and Mrs. Pillsbury, Spruce street. Only the immediate family are to witness the nuptial ceremony, to be read by Rev. Harold E. B. Speight, former pastor of the Unitarian Church in the college city.

The attendants upon the bride will be Mrs. Vernice Brand, as matron of honor, and little Sally Jenkins, the daughter of Mr. and Mrs. James Jenkins of Mill Valley.

Lieutenant Edwin Sprague Pillsbury, brother of the future bride, is to be best man at the wedding. The lieutenant received a leave of absence from Rockwell Field, near San Diego, where he has been stationed.

Following the wedding Lieutenant Stetson will take his bride to Dallas, Texas, since he is to be assigned to duty at Camp Dick for advanced training, having completed the preliminary course.

Both Miss Pillsbury and her fiance are graduates of the University of California and were prominent in many college activities.

☼ ☼ ☼

Hastened by orders which will send the bridegroom to France within the next few weeks, the wedding of Miss Edith Monteagle, popular Berkeley society belle, to Private Charles Cardoza of the quartermaster's department, United States army, was quietly celebrated at 4 o'clock yesterday afternoon at the home of the bride's parents, Mr. and Mrs. Hugh S. Monteagle, 2725 Haste street, Berkeley.

Cardoza will leave tonight for Washington, D. C., for a brief period of additional training before being sent "over there." He enlisted in the army a month before war was declared by the United States and for the past few months has been stationed at Fort McDowell, Angel island. Yesterday's wedding is the culmination of a romance which began a year or more ago when Miss Monteagle was visiting in the southern part of the state near the Cardoza family home at Newman. The acquaintanceship thus begun was resumed when Cardoza was ordered to Angel Island for service.

Only members of the immediate families were present at yesterday's wedding, Dr. Edward Lamb Parsons of St. Mark's Episcopal church officiating. Miss Monteagle has been active in relief work in Berkeley and is a member of a well-known English family formerly residing in Fresno. She is a graduate of San Jose Normal school and formerly attended the University of California.

Cardoza is the son of Mr. and Mrs. J. W. Cardoza, who have extensive ranching interests at Newman. Mrs. Cardoza will remain with her parents in Berkeley during her husband's absence.

# Clubs

By EDNA B. KINARD.

Twice elected president of General Federation of Women's Clubs, Mrs. Josiah Evans Cowles is back in California, starting the work preliminary to the coming two years' stupendous task when the ingenuity of intelligent womanhood will be tested to the limit. It is practically the machinery of this nation-wide body over which Mrs. Cowles presides as executive which was adopted even in detail of departments as the model of the woman's committee of the National Council of Defense. The naming of women broad and keen enough to direct the branches of federation service in their national conception is no ordinary burden and one which must be met with fairness in not only recognizing each of the state federations, but in determining upon the leader and her adaptability, for the appointment. During her first term of office Mrs. Cowles was fortunate in having associated with her in the direction of affairs some of the women recognized outside of clubdom for their minds and performances who came up to the biennial convention in Hot Springs with a goodly account of their federation achievements. The appointment of their successors is the delicate task to which Mrs. Cowles will devote herself during the summer.

### INVITATIONS SENT FOR PRESIDENT'S COUNCIL.

More than 300 invitations have gone out for a president's council, which will be held on Monday in the Shakespeare clubhouse in Pasadena, bringing together not only all the members of the state federation board and Los Angeles district directors, but the retiring and newly elected presidents of all the local clubs within the community. The conference is arranged in honor of Mrs. Cowles and that opportunity may be given the southern women of learning what was done at the general meeting in Arkansas and what are the club women's standards and ideals for the coming twenty-four months. That the entire effort will be directed toward patriotic work, with the definite purpose of helping to win the war and to conserve at home the normal health and standards of the people goes without saying.

"The War Victory Commission," presented by Mrs. P. G. Hubert, "The Woman's Land Army," by Mrs. Myrtle S. Francis, and "California Dry," by Miss Ida Green, will make up in part the Monday morning program. Miss Green, who is now in Southern California, will be remembered by Oakland as the former executive secretary of the Y. W. C. A.

Mrs. Cowles and Mrs. Herbert A. Cable, president of the California Federation of Women's Clubs and chairman of the state woman's committee, Council of National Defense, will be the afternoon speakers. It will in truth be a patriotic rally, with all phases of woman's war service interpreted in the light of the great mass meeting on the Atlantic coast from which Mrs. Cowles and Mrs. Cable have just returned.

Mrs. Mattison B. Jones, president of Los Angeles district, will preside as chairman of the day. A conservation luncheon will pour into the treasury of the hostess club a tidy little sum for war work.

# Carl's Bedtime Story

BY HOWARD B GARIS

When Nurse Jane [illegible] asked her friend, Uncle Wiggily Longears, the bunny rabbit gentleman, to go to the store and get her a yeast cake, neither of them thought that would start an adventure. But it did. At least it was when the bunny was coming from the store with the yeast cake that the adventure happened.

"I suppose you are going to bake Victory bread or war-saving cake from the yeast cake; are you not?" the bunny gentleman asked of the muskrat lady, as he was starting out.

"Something like that," said Nurse Jane.

So off Uncle Wiggily started, twinkling his pink nose like a strawberry and leaning on his red, white and blue striped rheumatism crutch that the muskrat lady had gnawed for him out of a cornstalk.

Mr. Longears got the yeast cake, all right, and he was just going home with it when the monkey doodle gentleman, who kept the bakery store, said:

"You want to look out, Mr. Longears."

"Look out for what?" asked the rabbit.

"For things in the woods," went on the monkey doodle. "Not long ago I heard the Skitcham, the Skatcham and the Skootchom three bad animals, talking about you. They passed my store on their way to the woods, and I heard them say they were going to try to catch you."

"Oh! I don't believe they will," said Uncle Wiggily. "They've tried it before, and they didn't do any more than scare me. I'm not afraid," he said, bravely.

On and on he hopped, and pretty soon he came to a place in the woods where a coal man had driven his wagon over a stone, and a lot of the coal had bounced off.

"And I must pick up every lump," sadly said the coal man. "It is worth too much money to waste this way. I have to pick it all up, and, oh, dear! how my back aches!"

"I'll help you pick up the coal," said Uncle Wiggily, and he did.

Putting the yeast cake in his tall, silk hat, so it wouldn't get any dust on it, Uncle Wiggily began to pick up the black lumps for the coal man. One after another he picked them up, until the wagon was full again.

"Thank you!" said the coal man. "You did me a great favor, and if ever I can do one for you I will."

"Pray do not mention it," spoke Uncle Wiggily politely.

On hopped the bunny, to take the yeast cake to Nurse Jane, and, just as he reached his hollow stump bungalow, he heard some voices behind him saying, one after the other:

"Now we'll catch him!"

"It's my turn to grab him first!"

"No, it's mine! I want some souse off his ears!"

And there was the Skitcham, the Skatcham and the Scootchom—the three bad animals—waiting to grab Uncle Wiggily.

"Oh, what shall I do?" asked the bunny.

"The monkey doodle was right—they will surely get me. Oh, dear!"

"That's right—we will get you!" cried the Skitcham.

"And with bite a lot of souse off your ears," added the Scootchom.

"Oh, ho! No, I guess you will not!" said another sort of voice.

"Who says we will not?" asked the Skatcham.

"I do!" cried the brave coal man, as he drove his wagon along the woodland path, and close to Uncle Wiggily's bungalow.

"Oh! are you going to save me?" asked the bunny.

"I am!" said the brave coal man. "Here, I'll put one of my long iron chutes, or slides, down in your cellar window, and you can coast down on that and get in your bungalow before any of these bad chaps bite you."

"Fine!" cried Uncle Wiggily.

So the coal man fixed a chute, or iron slide, from his wagon down through Uncle Wiggily's cellar window, just as if he were going to put in the coal. Down this chute quickly slid the bunny, and in another moment he was safe inside his bungalow with Nurse Jane's yeast cake.

When the Skitcham, the Skatchem and the Scootchom tried to follow, the coal man threw back lumps at them and they cried: "Wow! Ouch!" and ran away.

So that's how the coal man saved the bunny uncle, and if the tin horn doesn't go fishing with the olive oil and catch a sardine playing tag with the oyster cracker, I'll tell you next about Uncle Wiggily and the bread box.

U.S. DEP'T OF AGRICULTURE

# HOW TO CAN

PEAS

Green peas are among the most difficult vegetables to can at home. Absolute cleanliness, quick work, attention to every detail, are essentials to success. Only young and very freshly gathered peas should be canned. Peas are best gathered [illegible] early morning when cool. Work rapidly from the moment they are gathered. Peas should not stand after being shelled. Get them into the previously boiled jars as rapidly as possible. Shell and sort, putting only peas of the same size and degree of ripeness together. Do not use hard, mature peas among tender ones or big peas with very small ones.

Blanch (dipping into hot water) is very important. If well done, it prevents cloudy liquor, makes the peas tender and also removes some of the gluey substance which coats them.

Blanch by dipping the shelled peas in a clean cheesecloth sack, into boiling water one to four minutes, depending on the age of the peas. Put instantly, while hot, into cold water (1 teaspoonful salt to 1 quart water) and remove after 30 seconds.

Drain and pack to within one-half inch of the top of the previously boiled jar. If the jar is filled too full, a few peas at the top may burst and make the liquor cloudy. Add seasoning (one-third level teaspoonful salt and two-thirds level teaspoonful sugar to the quart) and fill with hot water and paddle well to remove all air bubbles. Partially seal jars.

Processing with steam under pressure is recommended. Process pints 45 minutes under pressure of 10 pounds. Seal immediately, cool in a draft-free place. When cold test for leaks and store in a cool, dark, dry place.

If the intermittent boiling process is used, boil for 90 minutes on the first day and 60 minutes on the second and third days. Before each subsequent boiling the covers must be loosened, and after each boiling the covers must be securely tightened to make sealing complete. Cool, test for leaks and store.

If a single-period boiling process is used, place jars in the canner and boil for at least three hours. Seal, cool, test and store.—U. S. Department of Agriculture.

### HOME CANNING IN A NUTSHELL

*(Clip this out and save it.)*

Boil jars and tops for at least 15 minutes before filling them. A wash boiler or any other large vessel (with tight-fitting cover) fitted with false bottom of slats or wire mesh may be used for the processing vessel.

While jars are still hot pack with prepared product.

Without delay place rings on jars and put on hot tops, *but do not screw or clamp air-tight* at this stage.

Place partially sealed jars while still hot into warm water up over the tops. Put cover on boiler.

Boil (process) the filled jars for the time or periods specified. Seal by clamping or screwing tops until the jar is absolutely air-tight. Cool the jars out of a draft and when cold test for leaks.

# Revelations of a Wife

—by Adele Garrison

(Continued From Yesterday.)

"I can stay only a few minutes this morning, mother," she explained, as she took off her heavy coat. "I knew," in answer to the elder woman's startled protest. "It is awful this last day, too. I'll come back toward night, but I must get back to Edwin this morning. He is so annoyed. One of his nurses has fallen ill at the last moment and cannot go. He has to secure another good one immediately, that he may get her passport attended to in time for tomorrow's sailing. And he will not have one unless he interviews her himself. I left him eating his breakfast and getting ready to receive a flock of them sent him by some physicians he knows. I must hurry back to help him through."

Miss Sonnot's opportunity had come! I knew it, knew also that I must speak to my sister-in-law at once about her. But she had finished her flying little visit and was putting on her coat before I finally forced myself to broach the subject.

"Mrs. Braithwaite"— to my disgust I found my voice trembling—"I think I ought to tell you that Miss Sonnot, the nurse your mother had, wishes very much to enter the hospital service. She could go tomorrow, I am sure. And I remember your husband spoke approvingly of her."

My sister-in-law rushed past me to the telephone.

"The very thing!" She threw the words over her shoulder as she took down the receiver. "Thank you so much." Then as she received her connection, she spoke rapidly, enthusiastically.

"Edwin, I have such good news for you. Dicky's wife thinks that little Miss Sonnot, who nursed mother could go tomorrow. She said while she was here that she wanted to enter the hospital service. Yes. I thought you'd want her. All right. I'll see to it right away and telephone you. By the way, Edwin, if she can go, you won't need me this forenoon, will you? That's good. I can stay with mother, then. Take care of yourself, dear. Good-by."

She hung up the receiver and turned to me.

"Can you reach her by 'phone right away, and if she can go tell her to go to the Clinton at once and ask for Dr. Braithwaite?"

I paid a mental tribute to my sister-in-law's energy as I in my turn took down the telephone receiver. I realized how much wear and tear she must save her big husband.

"Miss Sonnot!" I could not help being a bit dramatic in my news. "Can you sail for France tomorrow? One of Dr. Braithwaite's nurses is ill, and you may have her place, if you wish."

There was a long minute of silence, and then the little nurse's voice sounded in my ears. It was filled with awe and incredulity.

"If I wish!" and then, after a pregnant pause, "Surely, I can go. [illegible] learn the details?"

I gave her full directions and hung up the receiver with a sigh.

She came to see me before she sailed, and after she had left me, I went into my bedroom, locked the door, and let the tears come which I had been forcing back. I did not know what was the matter with me. I felt a little as I did once long before when a cherished doll of my childhood had been broken beyond all possibility of mending. Unreasonable as the feeling was, it was as if a curtain had dropped between me and any part of my life that lay behind me.

LIFE'S JOG-TROT AND A QUARREL.

Life went at a jog-trot with me for a long time after the departure for France of the Braithwaites and Miss Sonnot.

My mother-in-law missed her daughter, Mrs. Braithwaite, sorely. I believe if it had not been for her pride in her brilliant daughter and her famous son-in-law she would have become actually ill with fretting. I found my hands full in devising ways to divert her mind and planning dishes to tempt her delicate appetite.

Because of her frailty and consequent inability to do much sightseeing, or, indeed, to go far from the house, Dicky and I spent a very quiet winter.

Our evenings away from home together did not average one a week. And Dicky very rarly went anywhere without me.

"What a Darby and Joan we are getting to be!" he remarked one night as we sat one on each side of the library table, reading. His mother, as was her custom, had gone to bed early in the evening.

"Yes! Isn't it nice?" I returned, smiling at him.

"Ripping!" Dicky agreed enthusiastically. Then, reflectively, "Funniest thing about it is the way I cotton to this domestic stunt. If anyone had told me before I met you that I should ever stand for this husband-reading-to-knitting-wife sort of thing I should have bought him a ticket to Matteawan, pronto."

He stopped and frowned heavily at me, in mimic disapproval.

"Picture all spoiled," he declared, sighing. "You are not knitting. Why, oh, why are you not knitting?"

"Because I never shall knit," I returned, laughing, "at least not in the evening while you are reading. That sort of thing never did appeal to me. Either the wife who has to knit or sew or darn in the evening is too inefficient to get all her work done in daylight, or she has too much work to do. In the first case, her husband ought to teach her efficiency; in the second place, he ought to help do the sewing or the darning. Then they could both read."

"Listen to the feminist?" carolled Dicky; then with mock severity: "Of course, I am to infer, madam, that my stockings are all properly darned?"

"Your inference is eminently correct," demurely. "Your mother darned them today."

What I had told himm was true. His mother had seen me looking over the stockings after they were washed, and had insisted on darning Dicky's. I saw that she longed to do some little personal service for her boy, and willingly handed them over.

Dicky threw back his head and laughed heartily. Then his face sobered, and he came round to my side of the table and sat down on the arm of my chair.

"Speaking of mother," he said, rumpling my hair caressingly. "I want to tell you, sweetheart, that you've made an awful hit with me the way you've taken care of her. Nobody knows better than I how trying she can be, and you've been just as sweet and kind to her as if she were the most tractable person on earth."

He put his arms around me and bent his face to mine.

(Continued Tomorrow)

## United Travelers Give Tribune Thanks

EDITOR TRIBUNE: I wish to extend to you, on behalf of Oakland Council No. 394 United Commercial Travelers of America, our sincere thanks and appreciation for the kindness, courtesy and great help you extended to us on the event of our State convention just recently held in our fair city.

Our Council, in which we have a membership of over 300 in Oakland, all feel that the OAKLAND TRIBUNE with its vast circulation was a great factor in making our convention a success, as publicity by a newspaper such as yours, is the best medium in reaching all the people all the time, and the members of the U. C. T. will always harbor a warm spot in our hearts for the good work you did for us.

Again thanking you, I remain,

Yours very truly,

ARTHUR C. EVANS.

## Smith's Services Bring Out Donation

For services rendered by H. C. Smith, city food and market inspector, in detecting substitution of candy in boxes sold in local theaters, a Los Angeles candy firm supplying the candy has donted a check for $15 to be turned over to the Oakland chapter of the Red Cross. The council has voted to accept the contribution.

# Secrets of Health and Happiness

by Dr Leonard Keene Hirshberg, A.B., M.A., M.D. (Johns Hopkins University)

## Baby's Menu

Faulty observations and careless memories of grandmothers, aunts and neighbors have perpetuated the superstition about the "second summer" of infants, and also the [illegible] of abominations, "teething." An infant that is nourished by mother's milk is seldom in danger of such diseases as cholera, dysentery and summer complaint and their trail of death as are the very best cared-for bottle-fed babies.

Mother's milk is immunized, clean, digestible and germ free. It goes direct from the fountain to the mouth." There are in the breast-fed babies no intervening intervals or opportunities for microbes, dust, impure water and other dangerous things to enter the little one's delicate stomach. Bottle-fed infants, no matter how sweet and pure the food given, run the gauntlet of all these dangers of disease.

AVOIDING "OLDER" DISHES.

Here you see the absurdity of the "second summer" superstition. Most babies receive mother's milk the first summer. Those that are fed artificially the first summer often suffer fatal diarrhoeas and complaints then, which they may all encounter in greater danger throughout the future summers of infancy when given milk and foods from unsterilized cups, glasses, plates and fingers.

Round about its 12th month, the baby is frequently popped up at the table with the family. "Smart" elders tease it with unboiled water, milk, fruits and pabulum intended for older children. They have forgotten other little lives thus needlessly lost.

Forbidden dainties are "bawled" for by the youngster and weak-willed parents now and then give their offspring some dangerous article. Self-control, obedience and good nature are made or destroyed at such times even in the youngest babies.

SELECTING BABY'S FOOD.

The stomach of a year-old baby usually is of a volume equal to a glassful—say half a pint—and half again as much more at 18 months. Colic, cramps and the like are due to feeding the child more than a cup and a half of food.

Such things as one or two ounces of barley, rice or oatmeal with cream, zwieback, toast, a slice of war bread, sponge cake, carrot juice, chicken or mutton broth, spinach, eggs raw or soft boiled, a baked potato with butter, orange juice, apple sauce or pulp, prune juice, are to be divided into four or five meals with a cupful of boiled milk with each meal.

On hot days the amount and variety of food must be reduced at the slightest signs of any diarrhoea, when only albumen water, and very little at a time, should be given for two or three days.

ANSWERS TO HEALTH QUESTIONS.

Anxious. Q — What will make dark hair light? Will it coarsen or promote growth?

A—Any strong alkaline soap, peroxide or ammonia will make the hair light. They will not promote growth or coarsen the hair.

E. A. Q—Will you please advise what can be done for neuristhenia? I am very nervous at times. [illegible] tobacco. You need rest, since you are neurasthenic. Your condition is curable, and there is no ground for anxiety. Take two teaspoonfuls of the following medicine in water after each meal: Compound elixir of the glycerophosphates (National Foramulary), 6 ounces.

Miss M. S. Q—I am only in my twenties, and my hair is beginning to turn gray. Will you please tell me what to do?

A—You may darken your hair by placing an ounce of henna leaves in a jar with a quart of boiling water overnight. Then strain and heat again to boiling point. Add two ounces of henna powder—first dissolved in water—stir and strain again. Brush this into clean hair. This is effective and easy to apply. But why try to change something which may be very beautiful?

L. E. N. Q—Would appreciate a good remedy for piles. Should an operation be done by a specialist?

A—The only cure for piles is by an operation. This should be done in a hospital, and preferably by a specialist.

M. P. B. Q—Please tell me what can be done to stop a 2-months-old baby from vomiting, and what is the best thing to give him for constipation?

A—Water or orange juice will relieve constipation. If the infant is nursed by the clock, every 2½ hours, for 10 or 15 minutes and no longer, a little water taken before hand will prevent the vomiting, which usually comes from too much feeding.

## "High Powered" Bread Developed

WASHINGTON, June 14.—A "high powered" bread, a slice of which is the nutritive equivalent to a roast beef sandwich, has been developed by government experts. It is a combination of 17 per cent wheat flour with 30 per cent soya bean flour.

## Must Be Sold by June 25th

### Story and a Half Bungalow

An architect's home, conceded to be Oakland's most beautiful semi-bungalow, located upon one of this city's finest scenic lots, built and occupied by the owner who overlooked no detail in his effort to add comfort and artistic beauty to his home. An observation room with an expanse of glass of nearly 30-feet commands a panoramic view never to be forgotten; breakfast room, 2 bedrooms, wonderful bath and shower, fine big sleeping porch, closets of a generosity such as you seldom see; Cole heating system radiator in every room; fine garage, close to car and schools. Worth $7500. Would be a great advantage to owner if he can sell before June 25. I have consequently been given a price of $6500 to make a quick sale. This is a rare opportunity. Phone or write A. McFarland, 469 Syndicate Bldg.; phone Oakland 1750.

NEW BUNGALOWS, $2950 TO $4000
Artistic bungalows, just completed; desirable neighborhoods, fine view, near S. P. transportation, street cars; high and grammar schools, etc.; all built-in features, daintily wall papered and finished in old ivory, etc.; garage; small cash payment or Liberty bonds, balance $25 to $30 per month. Inquire 5498 Foothill boulevard, cor. 55th ave.; 1 to 5 p. m.

## Oakland's Most Beautiful

### Moderately Priced House

### $6250

An architect's model; conventional only in some of its conveniences, deviating radically from the usual square, formal, suburban of contractor-built houses and yet in no manner eccentric. Original in many details, practical in every feature.

If you want an out-of-the-common home, a distinctive house, patterned after no other house in Oakland, then be sure and see this.

It occupies a high lot in the most beautiful section of the lake district, commanding a wonderful panoramic view of Oakland's finest boulevard; close to cars, Key Route and to Lakeview school; 7 rooms and sleeping porch; hardwood floors throughout; furnace, hot water heater, cemented basement, including garage; in fact, containing every comfort imaginable. A beautiful house that no one seeking a real home should overlook. Shown by appointment only and for sale on reasonable terms. Worth $7500. Phone WICKHAM HAVENS, Inc., 409 Syndicate Bldg.; phone Oakland 1750.

### HOUSES FOR SALE—Continued.

Turkeys—Nominal.

Dressed turkeys—Nominal.

Belgian hare—17@18c.

## Chicago Grain

CHICAGO, June 14.—Corn prices showed a tendency to ease down today. Opening figures, which varied from ¼c off to ⅛c up with July $1.43¾ to $1.43⅝, were followed by an advance to well above yesterday's finish and then by a quick setback.

Some talk of reselling on the part of Eastern distributors led subsequently to further declines. The close was unsettled, 1⅜@1⅜c net lower, with July $1.42¼ and August $1.44@1.44¼.

Oats duplicated the action of corn. After opening ⅜c down to a like advance, with July 69¾@69⅝c, the market scored a moderate gain and then headed down grade.

Provisions held steady with hogs.

Corn—No. 2 yellow, nominal; No. 3 yellow, $1.64@1.68; No. 4 yellow, $1.55@1.56. Rye, No. 2, $1.98@2.00. Barley, $1.00@1.35. Timothy, $5.00@8.00. Clover, nominal.

The close:

Corn—July, $1.42⅛; August, $1.44.
Oats—July, 69⅝c; August, 64¼c.
Pork—July, $41.25; Sept., $41.50.
Lard—July, $24.12; Sept., $24.37.
Ribs—July, $22.32; Sept., $22.75.

## Sugar Prices

NEW YORK, June 14.—Raw sugar steady; centrifugal, 6.605; fine granulated, 7.45.

TOO LATE TO CLASSIFY

WANTED—A watch dog. Phone your address immediately to Box 3457, Trib.

# Market Reverses First Gains
# Equipments, War Shares Vary

NEW YORK, June 14.—Equipments and war shares recorded extreme gains of two to seven points in today's broader stock market, but yielded later on realizing.

United States Steel, which led the general stock list to higher levels in yesterday's final hour, featured the early dealings today, making a further gain of one point on its unusual sale of 3500 shares. Related issues made similar advances.

Buying later extended to various secondary and obscure specialties at gains of one to two points, profit-taking meanwhile appearing among leaders, notably [illegible] Tobaccos. The striking feature of the morning was a 6¾ point advance in Royal Dutch Oil on recurrent rumors of the sale of American holdings to British interests.

The further rise of United States Steel to 104⅛ in the afternoon was accompanied by the extreme advance of two to four points in allied stocks. Baldwin Locomotive, Inspiration copper, American Zinc and Butte and Superior Mining also scored substantial gains.

A moderate setback occurred in the last hour, industrials losing part of their gains, but Reading and shippings improved. The closing was strong. Liberty 3¼s sold at 99.60 to 99.70, first 4s at 84.60 to 94.70, second 4s at 94.56 to 94.82, and 4¼s at 96.50 to 96.74.

Movement of prices at various periods of today's trading is indicated in detail in the following:

OPENING—Nearly all interest in the trading at the opening was concentrated in steel common, which was in brisk demand, moving up 1⅛ to 103, followed by a reaction to 102½. Other steel shares generally made advances, with Baldwin up ⅞ to 89⅝, and Midvale up one point to 51⅞. Reading opened ⅝ higher at 90⅜ and Union Pacific gained ⅝ to 122, [illegible] advanced half to 34¾. Westinghouse continued in good demand, advancing 1¼ to 44¼. Cigar Stores opened 1¼ higher at 97½, but reacted to 96½. American Cotton Oil advanced one point to 43¼.

FORENOON—The market made vigorous gains in nearly all the leading issues during the forenoon. There was a good demand, which carried prices up from one to five points. New York Airbrake made the greatest advance, moving up 5¾ to 129. Steel common sold up one point to 103⅛ and then reacted to 102¾. After the first hour profit taking in large volume caused general recessions of about one point.

CLOSING—The stock market closed irregular today, some stocks displaying strength, while others were under pressure and showed sharp declines near the close. Reading, after selling down to 90¼, closed at 91½, and Steel common from 104⅜, declined to 103¼. Baldwin was finally 89¾, a loss of nearly two points from the high. Marine preferred closed one point below the high, at 104⅜. Distillers was finally 60¼ and General Motors 132. Sales today, 591,600 shares. Bonds, $4,779,000.

## Money Market

# SEES LAYING OUT OF NEW YARDS BEGUN

Coming from Washington to see the actual start of construction of the new Government Island concrete shipyard, to be erected by the United States Government, Captain Harry J. Brunnier, assistant chief of the concrete ship division of the United States Shipping Board, has arrived here from Washington, D. C. He has already inspected the island site chosen by the government for the new plant, going over it with the surveyors now engaged in setting grades and preparing lines for its railroad connections. He was accompanied by W. Leslie Comyn, who will be the operative head of the new shipyard and who is head of the San Francisco Shipbuilding Company, which is to build four 7500-ton ships along with the eight to be built for the Shipping Board.

Today Captain Brunnier and officials of the San Francisco Shipbuilding Company, which built the recently completed concrete ship "Faith," went over the details of construction and other points.

The Shipping Board representative will be here for several days going over the work, and will see the actual start of the yards, following the completion of the work of the surveyors, before he leaves again for Washington.

**RESIDENCE IS LOOTED.**

Burglars who entered the home of E. L. Mosbacher, at 624 Oakland avenue, last night, looted the premises of valuable jewelry and silverware. Inspectors McSorley and Powers are on the case.

## *Mrs. Minnie Blood Dies at Sacramento*

Word of the death of Mrs. Minnie Kimball Blood, better known in this city under her maiden name of Minnie Kimball, one of Oakland's pioneer school teachers, in Sacramento last night has been received by friends. Mrs. Blood came to Oakland in the early days and, taught in the schools for more than thirty years, retiring about fifteen years ago to go to Sacramento and be married. She was well known among the older generation, many of whom received instruction at her hands.

# CAPTIVE ON "SEA WOLF" WRITES HOME

Telling of the capture of over 400 sailors, women and children, by the German searaider Wolf, of sailing all over the world in the Wolf as a prisoner of war while the Wolf sank ships in different waters and finally arriving at Kiel on February 20, Captain William Trudgett of Alameda has managed to get a letter to his wife. The letter was written from the prison camp Karlsruhe, on March 7, and was just received at the Alameda home of the mariner.

The captain evidently entertains some hope of being exchanged, referring to the fact that the United States is not imprisoning members of the merchant marine and Captain Trudgett is past 50 years of age.

Trudgett says he cannot give the history of what he has gone through but that he is well after a November sick spell and "thanks God that he is no worse off than he is." The letter reads:

"TA KARLSRUHE, March 7.

"At last I am able to write you a letter, to let you know all about me. Have sent you a cable and one postal. The German commander allowed us to write a line on December 20. I didn't know whether it got ashore or not. Am well and feel pretty good now, but in November was feeling pretty shaky. The German cruiser Wolf captured and sunk the Winslow, June 16, after taking cargo out of her and taking crew and myself on board. They have all been sent home except the Jap cook and myself, who is also a prisoner. The crew were Scandinavians and were let go. We traveled all over the world in her, sinking ships and at last arrived at Kiel on February 20, with over 400 prisoners of all nations. We were then sent to Karlsruhe as prisoners of war. We get a certain amount of provisions from the Germans and the Red Cross gives us others.

**NOT ALLOWED TO TELL.**

"What I have gone through I am not allowed to give you the history, but thank God I am well and able yet, and they tell me I may get a chance to be exchanged, as I am over 50 and America has never interned merchant seamen. But that decision will have to come through Washington.

"See Mr. Billings. Through his influence and Masons and master mariners something might be done. Captain Olsen of the Encore is also a prisoner. Captain Cameron and his wife and child were with us, but Cameron was allowed to go on account of his wife. No doubt Mayor Rolph is trying to get Olsen's release as the vessel belongs to him.

**"IT WAS FATE."**

"I am allowed to write two letters of six pages and four postals a month. You will say, 'Why did I not leave the ship and retire last trip?' It was fate. I could not, and this my last trip after thirty-eight years going to sea."

Mrs. Trudgett has also received a card from Captain Trudgett, which was written last December while Captain Trudgett was a prisoner on board the Wolf and bound for Germany. This card was salvaged from the wreck of the Spanish prize Ignotz Mendi, captured by the Wolf and wrecked off the coast of Denmark while the prize crew was endeavoring to reach a German port. This card merely said that Captain Trudgett was well and en route to Germany.

**Mrs. Burns' Letter.**

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances:

Savannah, Mo., Oct. 12, 1916.

"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four year ago and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it. For sale by Osgood Bros.' drug stores.—Advertisement.

## *GERMAN OPIUM TRUST EXPOSED BY U. S. AGENTS*

EL PASO, June 14.—A German opium trust, with headquarters in Mexico City and agents in New York City, San Francisco and Los Angeles, St. Louis and El Paso, has been uncovered by United States secret service men after many months' work, Federal officials announced today.

Jose Reyes, alias Jose Chevas is locked up here in default of $9000 bail on a charge of smuggling 900 cans of opium into this country from Mexico between 1914 and 1917.

**NON-SUPPORT CHARGED.**

George Hind, a waiter, who was taken into custody last night on telegraphic advices from Eureka, is being held pending the arrival of officers to return him. He is charged with failure to provde for a wife and minor child.

# DRAFT ICELANDER FOR HOT FIGHTING

CAMP LEWIS, June 14.—Born in Iceland and drafted from San Diego, Cal., the warmest seaport of the Pacific Coast, Sigurbjarni Magnussen is here with the 316th engineers, training for war in the hottest part of the European conflict. His mother, Ingebjorg Gulnmson, now resides at Burnt Lake, Alberta, Canada.

Magnussen when he left Iceland was a seafaring man. He is single, 21 years old and no slouch as a wrestler in the 158-pound class. He was born at Alftues, Iceland. He is a private, first class, in Company B.
